## CIRCUS BROKE INTO GAME ARRANGEMENTS.

La Grande Takes the First of This Week's Series From Baker—Pendleton Is Getting New Players and Expects to Win at Walla Walla in the Series Beginning Tomorrow—Other Baseball News.

Standing of the Clubs.			
	Won.	Lost.	P. C.
Pendleton	15	5	.750
Baker City	10	11	.476
Walla Walla	9	11	.450
La Grande	6	14	.333

The Pendleton-Walla Walla baseball game series at Walla Walla this week, has been postponed on account of the Ringling Bros.' circus. Instead of playing Thursday, Friday, Saturday and Sunday, as had been the schedule, these teams will cross bats Saturday for the first time in this series, play two games Sunday, one in the forenoon and one in the afternoon, and one Monday.

**Indians Have Confidence.**  
Pendleton lost three of the series in this city last week with the Walla Walla team. The games were lost, however, through slight errors at critical times, and not because the Walla Walla aggregation of sluggers "played all around" the Pendleton team, as was hinted by the Walla Walla papers. Pendleton has strengthened up somewhat in the field, and will show Walla Walla a thing or two when they play them this week and next. While it is not expected for the home team to take all of the games they confidently expect to return from the home of the farmers with their share of scalps dangling from their belts.

**A New Fielder.**  
Only one new player will be in this series. He is Fielder Barkhoff and hails from Salt Lake, where he has been playing this season. He is said to be a fielder who is hard to play around and can "go some" at the bat. He takes the place of Rhea, who has taken Ray Ryan's place as umpire, and is now in La Grande umpiring the series between the Beet Pullers and Gold Diggers.

**La Grande Won Yesterday.**  
La Grande won the first game of the series between the locals and Baker City's team Thursday by a score of 6 to 0. This is bringing the Beet Pullers to the front in the percentage column. When they first started out they lost almost every game, but since getting themselves together, and after the first two series of games they began to win their share. Last week they won three games out of the series at Baker City, and are starting off with a good showing for their share of this series.

**Fans Will Go to Walla Walla.**  
Many local fans will take advantage of the excursion to Walla Walla Sunday to see the two games there. Last Sunday Walla Walla sent 300 enthusiastic fans down with their war paint on and helped to cheer their team to victory and it is expected that Pendleton will send almost double this number to Walla Walla. Those going will go on the regular train, leaving here at 8:10, and will return in the evening on a special leaving Walla Walla at 7 o'clock. This will give the fans a chance to see two games in one day and spend the day in the farmer town.

**More New Players Coming.**  
Pendleton does not believe in letting her team get weak and is making all possible arrangements to keep at the head of the column for the pennant at the end of the season. While the names of the new players are not ready to be given out, more are being communicated with in regard to signing with the Indians. With very little strengthening the Pendleton team

can easily hold her first place, although Walla Walla, the most dreaded enemy, perhaps has some of the "headiest" and oldest players in the league.

### May Change Schedule.

While little has been said about the management of the Pendleton baseball club about changing the old schedule for playing, something may be done after the series with Walla Walla. It has been suggested by many, and seems to have some ground for consideration, that to play two Sunday games and not start the series until Friday would be better for the league. It is thought more people will attend a Sunday morning game than can get out during the week. The results of the game at Walla Walla will decide the matter.

**Father (Impressively)—**Suppose I should be taken away suddenly, what would become of you, my boy?  
**Irreverent son—**I'd stay here. The question is: What would become of you?—Tit Bits.

A scientists' directory is being compiled by men in charge of the Carnegie Institute.
