GENERAL NEWS.

D. H. Fanning, a rich New Yorker, went mad in London and has been sent to an insane asylum.

Members of the religious orders expelled from France are now pleading to be sent to the United States.

General Joe Wheeler, the ex-rebel and the Union hero of San Juan Hill, took in the coronation ceremonies of King Edward.

David R. Francis, president of the Louisiana Purchase Exposition, dined with President Roosevelt at Oyster Bay yesterday.

A. A. Houseman has purchased the million-dollar farm formerly the property of the late Austin Corbin, for the sum of \$250,000.

Smokers are alarmed over the introduction of "rope" cigars in the market. Several factories at Key West are turning out the counterfeits.

John A. Hinsey, ex-president of the board of control of the Knights of Pythias, is on trial in San Francisco before the board, charged with embezzlement.

The royalists deny that the trouble in France is chargeable to them. They claim that the country is embarrassed and is merely seeking some one to blame.

The Knights of Pythias are now taking in the sights of California generally after having taken in the good things of San Francisco to the queen's taste.

Operator David R. James fixes September 15 as the date on which the great coal strike will end. He does not give any reason for the strike ending on that date.

Europe has recovered her equilibrium over the fright she received, at the forming of the ship combine and does not now think there is cause for alarm over the deal.

It is now charged that the detectives have been shanghaiing men to take the places of striking miners in Pennsylvania. Some of the victims have made affidavits to that effect.

PACIFIC NORTHWEST NEWS.

In the republican convention at Tacoma, the friends of Governor McBride got control and are running things their own way.

J. Toles, of Pasco, Wash., aged 60 is dead, and will be buried at Walla Walla. He was one of the well known Indian fighters of the Northwest.

Asa Slayter, living 30 miles west of Eugen, lost his home by fire. The residence lay in the path of a forest fire, and was devoured by the flames.

Fred Schleiger, a 11-year-old boy, was run down by a freight car in the terminal yards in Portland yesterday and so badly injured that he afterwards died.

The water is so bad at North Yakima that the people are alarmed for they fear they may have an epidemic. Sickness is already prevailing to an alarming degree.

The Great Central Railway company has determined to electrify the Belt Line Railway which encircles Coos bay. Power will be derived from Loon Lake Falls.

H. M. Haworth, a barber in Portland, was ordered to bring his child into court in a divorce proceeding and failing to obey the order of the court was imprisoned 24 hours.

Phil. D. Watkins, the famous bogus check man whose last act was to work a Seattle bank is now pursued by that bank with a vigilance that may prove his wind-up for a time.

The crowd last night at the G. A. R. encampment at Pleasant Home was larger than has ever attended before. The old veterans are having one of the best encampments in the history of the state organization.

IT IS COOLER.

Local Showers Have Laid the Dust and Made Life More Pleasurable. Let it rain!

This is the expression heard from those so unfortunate as to have to remain in town and suffer from the heat.

Showers have been falling in different parts of the country for the past 48 hours, but no rain fell here to amount to anything until after dark Friday. In the Grande Ronde country very heavy showers have been falling as have also in many places in the valley. It did not begin here until late in the evening Friday. Then only a slight sprinkle fell, continuing until after 9 o'clock this forenoon when it again began to rain gently and has kept up a slight shower most of the time today.

The farmer is viewing the situation not quite so cheerfully as the man in town. He has his all at stake. If it should rain for several days it would mean many thousand dollars' loss to him. A slight shower will not work a hardship on him to any great extent. Threshing has, perhaps, been delayed in many places today, but a temporary delay will not amount to much. The rain will lay the dust and make work much easier. It is also much cooler.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it to be a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

The salmon pack of Puget Sound and British Columbia is nearly 1,000,000 cases short.

BASEBALL MATTERS

RAIN INTERFERED WITH THE GAME AT LA GRANDE.

Pendleton Team Left This Morning for Walla Walla, Where They Expect to Show the Farmer Boys a Thing or Two About the National Game This Afternoon, Sunday and Monday.

There was no baseball game in the Inland Empire league Friday. Pendleton did not play at Walla Walla on account of the Ringling Bros. circus, and Baker City and La Grande did not play on account of the rain. This will cause the Gold Diggers and Beet Pullers to have a double-up on Sunday in order to play all the series as scheduled.

Indians in Walla Walla.

The Pendleton team left this morning for Walla Walla, where the first game with the Farmers is being played this afternoon.

Snappy Games Expected.

While Pendleton fans do not look for much the best of this series with the Walla Wallans, they confidently expect the home team to win half of the games. The boys were defeated three out of four of the games in this city last week and the Pendleton players are determined to redeem themselves if possible. Consequently, the most snappy games that have been played since the organization of the league are looked for. A large crowd of fans will go over Sunday to witness the two games Sunday.

New Schedule.

Since the breaking into the arrangements of the games at Walla Walla this week by the circus, which caused two games to have to be played Sunday, the local management has thought seriously of changing the games scheduled so that instead of playing one of the weekly games, two will be played Sunday. By doing this larger crowds are expected and the gate receipts would be swelled.

ALASKAN CAVES.

Prof. Meaney, of Seattle, to Explore Them.

Among the passengers on the Bertha to Valdez was Prof. Edmund S. Meaney, of the state University of Washington. Prof. Meaney went to Prince William Sound to investigate the report of mummies being found in caves on the islands of the Sound, and will endeavor to secure some of these mummies. Several caves of these mummies have been found during the past few years, and a number of specimens have been secured by prospectors and others. Professor Meaney is most interested in the cave reported to have been found containing wooden canoes and each canoe containing a mummy. As was published in the News this cave was discovered several years ago by a friend of Captain Story of the Eyak cannery. The location of the cave was kept a secret and Captain Story believes that he is the only one now in the northern country who knows its whereabouts.

According to Prof. Meaney's information the mummies in this cave are petrified, but if this is so it is not generally known to the residents of the country, as the mummies found in the other caves were not petrified. If Prof. Meaney is correctly informed this cave contains a number of canoes in a state of petrification. In each of these canoes is a body of a native turned to solid stone. The bodies have either petrified by the natural laws of time or by some process used ages ago by the people who inhabited that country. The cave is nothing more or less than a cave of death used as a burial crypt. Prof. Meaney's trip is for the purpose of looking into this cave of death in a thorough manner and it is likely that something about the condition of Alaska in the days when the petrified people lived there will be de-

TO HELP YOU REMEMBER

Our Memorandum Books - or rather one of them - would serve to remind you of what ever you are likely to forget.

When you spend a dollar, Set it down.

When you lend a dollar, Set it down.

Whatever you do to use up money, Set it down.

People whose things down are winners. Our best pocket Memorandum Books are easy to carry - 5c up to handsome leather bound ones for 75c. We have the bigger books with pockets and without, indexed and plain, all sorts, sizes and prices. Butchers' Books, Grocers' Books and Time Books.
