GENERAL NEWS.

The sale of patent medicines in England containing poisons has grown to such an alarming extent that a move is on foot to suppress the sales.

There is every confidence now manifested by the promoters of the Baldwin exploring expedition that it will be made a success this time and the pole be found.

The sheriff at Shenandoah, Pa., has sworn in farmers as deputies in order to enforce the law against bands of miners who have been raiding the country for provisions.

It is claimed that the immigrant Finns now arriving in New York may be selected upon their arrival from other foreign immigrants, by their neatness and cleanliness in appearance.

The competition of electrical companies has become so great in Germany that a plan is being agitated to form a merger of all of the companies so as to raise prices. The American plan is advocated.

The repeated incendiary fires in the English military college at Sandhurst, has caused the appointment of a new head of the concern and numerous changes will be made in the discipline of the institution.

It is reported on good authority that the large \$10,000,000 cotton mill which has been looking for a location for some time, is now to be located at Holliday, Kansas City. It is to be constructed by Eastern capitalists.

President Hill, of the Great Northern, stated at St. Paul, Minn., that the prediction as to this year's crop product cannot be made yet. While everything looks prosperous, yet there might be a setback in some way, or the yield might reach beyond the expectation of the most sanguine. No reliable estimate can be made until the season is farther advanced.

PACIFIC NORTHWEST NEWS.

Professor Thomas P. Clark, the new head of the Oregon School for Deaf Mutes, has arrived in Salem and taken formal charge of the institution.

P. P. Mitchell went to Salem, said he was representing Montgomery, Ward & Co., purchased furniture and other things on misrepresentation to a large value and then skipped out. The officers are now looking for him.

Mrs. George Fleming killed her daughter, a school teacher, aged 20, at Victoria, B. C., by splitting her head open with an axe. The mother was insane, having become so by brooding over the act of her husband in committing suicide by hanging himself.

Colonel H. E. Dosch will go to Japan to work for the Lewis and Clark exposition and will remain at the Japanese national exposition, which opens in 1903. It is his purpose to not only advertise the Lewis and Clark exposition, but to encourage exhibits from that country to come to this country in 1905.

James Campbell, a young rancher living near Weiser, Idaho, while assisting in branding a horse, was badly injured. He was near the animal's head, when it sprang up and struck him in the face with one of its forefeet, knocking him down and then fell upon him with its full weight. He was badly bruised and his life is despaired of.

Baker City is considering the question of putting in a gravity sewer system. An engineer has been at work for some time making a survey of the grounds and made his report Saturday night. There is also some thought of the Chamber of Commerce assisting a Michigan institution in putting in a machine shop and iron foundry, which is to cost from \$25,000 to \$30,000.

LOST ONE, WON ONE

TWO SUNDAY GAMES AT WALLA WALLA DIVIDED.

Walla Walla Took the First in 12 Innings and Pendleton the Second in a Red Hot Contest Which Was Only Decided With the Last Man Out.

A large number of Pendletonians went up to Walla Walla Sunday to witness the two ball games between the Indians of this city and the Sharpshooters on the "shooters" home grounds. The games were both snappy and interesting, and two exceedingly different games were witnessed by those who attended.

In the morning game Walla Walla was the victor in a 12-inning bout by the respectable score of 2 to 1. This is the second 12-inning game played by the Sharpshooters this season, they being the victors in both. "Slats" Taylor pitched an elegant game and held the visitors down to seven hits, while Titus was right there with the goods himself and gave the Pendleton boys but three hits. The teams tied on errors, three each. The game was won by Walla Walla in the 12th when Taylor covered first on a hot stop by Stovall and dropped the ball, a Sharpshooter shooting in from third and making the winning run before the ball could be passed to the plate.

The Afternoon Game.

In the afternoon game, Salsbury, the recent Pendleton twirler, officiated at the slab for the Indians for nine innings, and the game was nip and tuck all the way through, the 1000 or more who gathered to witness the contest being kept at fever heat all through the game by the many fine plays and the general excellent work done by both teams. The only outward feature of the game was the kicking indulged in by a number of the players, which tired the audience. "Spec" Hurlburt was sent to the bench for striking the umpire.

In the first half of the ninth the Indians had two men out and the score stood 7 to 6 in favor of the Sharpshooters, when Schills sent a hot one over the fence and tied, then another run was batted out and Pendleton led. Stovall was caught at home plate and retired the side.

In the last half Walla Walla had one man out when a high fly was caught near the right field fence and Treadway was caught as he tried to come home from third, thus retiring the side and winning the game for Pendleton.

Heavy batting was quite a feature, two and three-base hits being prevalent and two home runs being made, one by Schills, of Pendleton, and one by Bruyette, of Walla Walla.

Walla Walla Baseball Notes.

The Walla Walla Union gives the following notes and comments: Hurlburt, Walla Walla's crack center fielder, has decided to accept an offer from Oakland, and will leave for that city soon. He will play in both games today and perhaps will finish the series here.

Titus will leave, too, very soon. He is going to the school in the East, but may not leave until after the series at La Grande.

Negotiations are pending for "Buck" Weaver to play either at first or catcher. He has been playing in the Utah league, and is said to be about as good as they make them with the stick. In case he went to the catcher's place Mullane would go to third and Bruyette to short.

Captain Bruyette was also negotiating with Corcoran, a pitcher from Spokane, who will take Titus' place. He is said to be a very good man, and probably he will be secured. It was hinted last night that lines have been laid to get some other men to brace up some weak spots in the team.

Complaint is freely made that some of the local players do not seem to appreciate the fact that late nights and good baseball do not go hand in hand.

TO HELP YOU REMEMBER

Our Memorandum Books— or rather one of them— would serve to remind you of what ever you are likely to forget.

When you spend a dollar, Set it down.

When you lend a dollar, Set it down.

Whatever you do to use up money, Set it down.

People whoseet things down are winners. Our vest pocket Memorandum Books are easy to carry—5c up to handsome leather bound ones for 75c. We have the bigger books with pockets and without, indexed and plain, all sorts, sizes and prices.

Butchers' Books, Grocers' Books and Time Books.

FRAZIER'S

Book and Stationery Store.

hand. A disposition is manifested with some of the men to look upon Walla Walla as a sort of "jay" town where they can do about as they please. This does not suit those who are paying the salaries, and there is a disposition for a general shakeup if it continues.

THE OTHER SIDE.

The Railway's Version of the "Scalped Ticket" Story.

That there are two sides to every question is illustrated by the railway's side of the story regarding Mrs. Belle Adams being put off the train at Bingham Springs last Friday.

Mrs. Adams, it appears, according to this story, received the first protest on her ticket at Portland, and would have gotten off the train here except for the advice of some of her fellow passengers, who told her that she would be carried through all right if she stayed on the train.

She was to have gotten off at Pendleton, but did not get her baggage ready before the train pulled out of the station, so she got off at Bingham Springs and came back to Pendleton on the next train, which happened to be delayed No. 1, coming through about 9:30, and reaching Pendleton about 10:30.

The trouble over Mrs. Adams' ticket arose over the blurring of the signature, which was written with a lead pencil, and was believed by the conductor to have been altered. It was found upon further inquiry from this city that the ticket was alright, and the lady went East without further molestation. The reason the road was so strict in the handling of this ticket was that no less than 12 or 15 scalpers' tickets had been caught within a few days previous to the incident.

If the lady had cared to deposit with the conductor sufficient money to pay her fare to the end of the division, she would not have been put off the train and her money would have been returned immediately upon her ticket being proved to be correct.

Cuticura SOAP

For Sanative Uses.

Its remarkable, emollient, cleansing, and purifying properties, derived from CUTICURA, the great skin cure, warrant the use of CUTICURA SOAP, in the form of baths for annoying irritations, inflammations, and chafings, for too free or offensive perspiration, and also in the form of internal washes and solutions for ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves to women, and especially to mothers. The use of CUTICURA Ointment with CUTICURA SOAP will suggest itself in the severer cases.

Sold throughout the world. POTTER D. AND C. CO., Prop., Boston. CUTICURA SOAP, 10c to Women.

Contagious Blood Poison

Is the name sometimes given to what is generally known as the BAD BLEEDING EASE. It is not confined to men or to the lower classes. The poorest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons who have contracted it.

It begins usually with a little blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored spots and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

Ten years ago I contracted a bad case of Blood Poison. I was under treatment of a physician until I found that he could do me no good. Then I began taking S. S. S. I commenced to improve and in a very short time all symptoms of the disease disappeared. I took six bottles and today am sound and well. R. M. Wall, Morristown, Tenn.

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system. Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease to your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or poison, but is guaranteed a strictly vegetable compound.

Write for our free home treatment book and learn all about Contagious Blood Poison. If you want medical advice give us a history of your case, and our physicians will furnish all the information you wish without any charge whatever.
