Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him until he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the stomach, liver, kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by Tallman & Co., druggists.

FIRE AT THE BOSTON.

Damage Was Small, But a Big Blaze Was Narrowly Averted.

A serious fire was narrowly averted at the big Boston Store this morning. Young Peters had just opened up at an early hour and was sweeping out. While working near the rear of the store fire suddenly burst forth in a pile of blankets and other goods just under the stairway which leads to the second floor.

Within a few seconds the inflammable material was all ablaze and it was with remarkable presence of mind and hard work that the fire was smothered before it reached such headway as to make it impossible to extinguish before serious damage was done. As it is, several dozen blankets were scorched and a small lot of other goods damaged, but the loss is small. The source of the fire is a mystery.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it to be a local disease, and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 76c. Hall's Family Pills are the best.

THE LEADERS LOST

WALLA WALLA AND PENDLETON TEAMS WERE SHUT OUT.

Sharpshooters Lost to Beet Pullers by a Score of 6 to 0, While Gold Diggers Did All Kinds of Things to the Indians—Score 12 to 0.

Standing of the Clubs.

	Won.	Lost.	P. C.
Pendleton	17	8	.680
Walla Walla	12	13	.480
Baker City	10	14	.417
La Grande	10	14	.417

Baker City, 12; Pendleton, 0.

La Grande, 6; Walla Walla, 0.

The Indians must have left their ginger cans behind them when they went over to Baker City Thursday for they could do nothing with the Gold Diggers, even in the crippled condition of that aggregation.

The Pendleton boys held the Bakerrites down to two runs until the fatal fifth and sixth, in both of which the Diggers broke away from all restraints and hammered out enough hits to allow five men to cross the plate in each inning, giving them a total of 12, while the best the Indians could do was to gather nearly enough goose eggs for a setting. If they could have played three more innings they would have been able to get the required dozen and might have "hatched" something.

The boys were all off their feed when they left here and that they lost their game is not surprising to those who saw the game. It is hoped by local fans that the boys will get in better condition for the balance of the games, as there should be no trouble in walking all over the Baker City team.

"Slats" Taylor, who pitched for Pendleton, gave out for the fourth time recently and had to be relieved in the sixth inning. But by the time he was relieved the damage was done. Willard in the box for Baker City, did first-class work.

Score by Innings.

	1	2	3	4	5	6	7	8	9
Pendleton	0	0	0	0	0	0	0	0	0
Baker City	0	1	1	0	5	5	0	0	12

Another Shut-Out.

There was some excuse for Walla Walla losing her game to La Grande Thursday, as the Sharpshooters were in a badly crippled condition and the Beet Pullers were right up and coming—playing baseball all the time.

The game is reported interesting from start to finish, with a number of neat plays to arouse the enthusiasm of the grand stand and bleachers.

This losing of the leaders does not change the position of the team in the pennant race, although it helps materially in swelling the percentage of the tail-enders and pulling down the figures of the leading teams.

Fred Reese Landed.

Deputy Sheriff C. P. Davis arrived home this morning from Salem with Fred Reese, arrested on the charge of larceny. Reese is the young man who stole some clothing and jewelry from another young man while at work on the reservation a few weeks ago. He left here for home and was arrested when he arrived. His preliminary hearing will probably be before Judge Fitz Gerald tomorrow.

Had Former Wife.

Rene Morrell has begun an action in the circuit court against Mary E. Morell to set aside the marriage as null and void, alleging the defendant had a former husband living at the time of the marriage and that husband No. 1 had not been divorced from his better half. It is stated plaintiff and defendant were intermarried at La Grande August 19, 1899.—Baker City Herald.

MAY SWIPE BAKER'S FAIR.

Live Little Sumpter Is Hot After the Appropriation.

Is Baker to have a street fair, or will Sumpter secure the Eastern Oregon Agricultural Association's money and exhibit?

This is the all perplexing question agitating the minds of local business men at present. Yesterday a committee, appointed by Sumpterites, entered the city and waited upon Geo. Ebell, chairman of the association. Their proposition was an offer of \$2500 if Mr. Ebell would change his plans and bring the industrial exhibit of the district to Sumpter, and the \$1500 allowed by the state, during a proposed fair at that place.

The news of the offer quickly spread about the city and consternation was scattered with it. Mr. Ebell as chairman, is sole custodian of the \$1500 appropriation for the district fair and is empowered to consolidate the district fair with the Baker City carnival. He can also change the place and date and combine the agricultural interests with the exposition in the upper camp.—Baker City Herald.

Elks' Carnival at Seattle, August 18th to 31st.

SCROFULA

I bequeath to my children Scrofula with all its attendant horrors, humiliation and suffering. This is a strange legacy to leave to posterity; a heavy burden to place upon the shoulders of the young.

This treacherous disease dwarfs the body and hinders the growth and development of the faculties, and the child born of blood poison, or scrofula-tainted parentage, is poorly equipped for life's duties.

Scrofula is a disease with numerous and varied symptoms; enlarged glands or tumors about the neck and armpits, catarrh of the head, weak eyes and dreadful skin eruptions upon different parts of the body show the presence of tubercular or scrofulous matter in the blood. This disease entrenches itself securely in the system and attacks the bones and tissues, destroys the red corpuscles of the blood, resulting in white swelling, a pallid, waxy appearance of the skin, loss of strength and a gradual wasting away of the body.

S. S. S. combines both purifying and tonic properties, and is guaranteed entirely vegetable, making it the ideal remedy for all scrofulous affections. It purifies the detailed blood, makes it rich and strong and a complete permanent cure is soon effected. S. S. S. improves the digestion and assimilation of food, restores color to the skin and vigor to the weak and emaciated body.

Write us about your case and our physicians will cheerfully advise and help you in every possible way to regain your health. Book on blood and skin diseases free. THE SWIFT SPECIFIC CO., Atlanta, Ga.
