MR. STILLMAN RETURNS.

Was Again Honored by the Woodmen of the World—Order in Good Condition.

Hon. A. D. Stillman has returned from the meeting of the Head Camp Managers of the Woodmen of the World, at Cripple Creek, Colorado.

Mr. Stillman was elected first as a member of the board of head managers of this order four years ago and his term expired this month. He was re-elected, the board giving him

the highest vote received by any candidate for any contested office among the Woodmen. He was also chosen unanimously as chairman of the board, which honor he held before.

Order Flourishing.

Mr. Stillman said: "Everything connected with the Woodmen of the World is in a flourishing condition. The equalization or reserve fund is reaching very satisfactory proportions. With \$65,000 invested by the board of managers in July, this fund stands right at a half million dollars and we predict will pass the million mark within two years more."

"Every claim on the benefit fund has been paid in full and a balance of about \$75,000 comes over from July. Fears that assessments for this fund were not high enough have proved without foundation. However, steps are taken to further augment it."

Mr. Stillman enthusiastically declares that there is no insurance society in better financial condition today than the Woodmen of the World. The jurisdiction now has about 83,000 members.

Big Sheep Shipment.

One of the largest single shipments of sheep ever made from Baker City will be made on the 25th of this month by D. I. Welch, who will then send to California 40 carloads of fine mutton. The railroad company has ordered the cars and they will be here on time. It is expected that the run will take about five days.—Baker City Democrat.

Thought It a Grab Bag.

A gentleman took his little boy to church with him last Sunday for the first time. Instructing the lad about his behavior, he wound up by telling the boy to keep an eye on him and do just as he did. When the contribution box was passed papa dropped in a coin. Tommy saw his father's hand go into the box and remembering the advice, put his hand in also. When the box passed by the lad whispered out loud enough to be heard all around: "Say, papa, I got a quarter; how much did you get?"—The Dalles Chronicle.

THE LEADERS

CAME 115 MILES TO SEE SHOW.

Lost a Horse in the Fire and Had to Secure Another to Return Home.

After driving what he claimed to have been 115 miles to attend the Wild West show, John Geinger, of the John Day country, was compelled to secure another horse to draw him and his family home.

They drove a team to an old wagon and stopped at Hotel Eastern, where the team was tied in the barn. During the fire which burned the hotel, the horses were all cut loose but one of Mr. Geinger's refused to leave the manger and perished in the flames. The other animal was driven from the burning building with difficulty, as it did not want to leave its mate. The one that perished was untied, and apparently wanted to leave with the other horse, but finally refused to go. The animal stood up at the manger just as though he was at a post of duty and, though the flames singed his hair, he refused to budge and fought at the fire with his feet as it approached him.
