GRIND OF THE COURTS.

Indians Seek Divorces—Also Land Involved.

Three divorce suits were filed on the equity docket at the court house yesterday afternoon and this forenoon. Two of them were Indian women wanting legal separation from their husbands whom they alleged mistreated them. The other was a white man suing for legal separation from his wife on the grounds of desertion. One other Indian suit was filed. It was to gain possession of land on the reserve.

Crumly vs. Crumly.

Albion T. Crumly asks the court to grant him a divorce from his wife, Lydia R. Crumly, whom he married in Missouri in 1897.

Plaintiff alleges that defendant deserted him without cause or provocation, in May, 1901. They have no children. Peter West is plaintiff's attorney.

Wyke-Wyke vs. Wyke-Wyke.

Ka-hats-at-wa, an Indian woman otherwise known as Mrs. Sam Wyke-Wyke, vs. Sam Wyke-Wyke, is the title of a suit for divorce. They were married on the Umatilla reservation and were allotted lands. They have two deceased children to whom were also allotted lands. The plaintiff asks a divorce from her husband and the control of one-half of his land and the full control of all the lands belonging to herself and children. She also wants \$250 deposited with the county clerk to defray the expenses of this suit. James A. Fee is attorney for the plaintiff.

Spokane vs. Spokane.

Wye-as-us, an Indian woman otherwise known as Mrs. Spokane Jim, vs. Spokane Jim, is the title of the second Indian suit filed at the court house in which the plaintiff wants divorce from her lawful spouse. They were married ten years ago on the reservation and have two children. Each were allotted lands on the Umatilla reserve. Now the wife asks a divorce from Spokane Jim on the grounds of cruelty alleging that he has repeatedly thrown her out of the house and threatened to kill her. He has drawn guns, knives and clubs on her and kept her always in fear of losing her life at his hands. She wants control of one-half of the rents of her husband's lands during her life, and full control of her children's lands. James A. Fee is plaintiff's attorney.

White vs. White.

Jim White has brought suit against Alice White and Too-le-ka, now Lena Woods, to gain possession of 160 acres of lands on the reserve. Plaintiff complains that in April, 1898 Isiah White, a Umatilla Indian, died intestate. He died with no lineal descendants except the plaintiff who is a son. White is the widow of deceased. Jas. A. Fee is plaintiff's attorney.

BOUGHT OLD ACADEMY

Public School Board Found This Economical Plan For More Room. The old academy buildings and grounds have been sold. The public school board was the purchaser. When the academy board announced that it would erect a new building for the academy patrons it was announced that the old building and grounds would be sold. For the past year it has been apparent that the Pendleton public school building would have to be enlarged. The increasing population demanded more room and the school board had been figuring on buying a block north of the river and erecting a ward school,

for the accommodation of the patrons of that side of the river. Several different places were figured on, but no purchase was made. Now the announcement of the purchase of the academy building will give the town all the room needed for several years and the idea of building will be dropped for the present.

This building will accommodate 130 students without difficulty and the overcrowded school rooms of the city addition of the extra room to the will be heralded with joy, not only by the faculty, but by the patrons. The price paid for the building and grounds was \$4050.

Will Be Turned Over First of Year.

The building will not be turned over to the public school board, however, until the first of the year. The new academy buildings will not be ready for occupancy before that time. It is expected that the building will be completed by the 20th of December and will be ready for dedication the first of January. Contractor Arvid Johnson, has arrived from Chicago and is getting his material together to commence work. The brick has been secured from the yard at Weston. Work will be pushed at a rapid rate when it once begins.

ABLE SPEAKERS SECURED.

Program of East Oregon Woolgrowers Association About Completed.

Chairman Belts, of the Eastern Oregon Woolgrowers Association was in the city today and announced progress in the arrangements for the September meeting of the association. He has already secured a number of able speakers and expects several others, with whom he is now in correspondence.

Congressman-elect Williamson will deliver an address, as well as Mr. C. J. Mills, of the O. R. & N., besides several other prominent speakers. The Hon. Binger Hermann has been invited to address the association on the subject of the forest reserve, and several prominent speakers from Idaho are expected. It is expected to continue the meeting for at least two days and to occupy this time with pointed addresses from the best posted men on the subjects assigned them.

The following program has been arranged:

Opening address by President Belts, of the association, covering general topics.

Address by the Hon. J. N. Williamson: "The Coyote Scalp Bounty Law."

C. J. Willis, livestock agent of the O. R. & N. railroad, "Sheep Industry: Its Past, Present and Future."

One of the Rugg Bros.: "Feeding." James F. Wamsley, local agent of the O. R. & N. Co.: "A Centralized Shipping Point."

TO SEE STEAM COMBINE

WALLA WALLA PEOPLE WILL TAKE TRIP TO FIELDS.

Excursion Train Will Be Run Alongside of Wheat Field, Where New Style of Machine Will Operate.

Walla Walla, Aug. 23.—Tomorrow a number of Walla Walla people will go to the Eureka flat country to witness the operation of the Hoffman steam combine header and thresher, which has been operated with phenomenal success for several days. A train will leave the city at 7:30 over the Washington & Columbia River road, making the trip to the wheat fields and returning in the afternoon. A field of grain along the track will be cut tomorrow, that all visitors may readily see the machine work without expense or a long walk.

Combined machines are not rare, but heretofore they have been operated by horse power. This year John Hoffman secured a 50-horse power engine and attached it to the machine instead of 32 horses, and it is said the change has been one of considerable economy. That people who desire to see the machine work can do so, the railroad will give all a chance to go tomorrow.

Married vs. Single Men.

Tomorrow the married men and bachelors will play a game of ball on the local diamond, the receipts to go to the league. The game will take place in the afternoon and it is expected that a large crowd will witness it.
