WEEKLY CROP BULLETIN.

Weather Forecast Beale Sends Out the Following Crop Bulletin for the

Week Just Ending: The weather during the week has been very favorable for harvesting, but too dry for late crops, which would be benefited by more rain. Pastures are now very short and feed is scarce; stock, as a rule, still keep in good condition, although the supply of milk in the dairy districts con-

tinues to shrink. The grain harvest is drawing to a close; in the Umatilla section about the sack, and the farmers have begun hauling wheat to the warehouses. The yields in this distrcit are disappointing, and spring wheat, which looked very promising, is in many fields falling short of expectations about five bushels to the acre. In the Grande Ronde valley the crop is an average one. In Morrow, Gilliam and Wasco counties the yields are very satisfactory and generally above the average,

In the Willamette valley returns from a few countles are as follows: Clackamas—wheat 20 bushels, oats 30 to 35; Yamhill—wheat below 25 bushels, oats 30, barley 25; Polk— For Barns and Dwellings wheat 18 bushels, oats 25, barley 35. In Southern Oregon but little threshing has yet been done, but it is believed the yields will be up to the

Hops are filling out well and the weather conditions have been excellent for the maturing of this crop. Picking will begin the first of Sen tember. Corn is in excellent condition;; it has been too dry for onions and this crop is not making as satisfactory progress is desired. Potatoes promise well, except in the coast counties, where many fields are Hides-Dry Hides, No. 1, 16 pounds blighted, and this disease seems to

Fruit is maturing satisfactorily, and early apples, peaches, and plums are plentiful in the market. Late apples promise to be a fair crop, but not a heavy one.

Columbia River Valley.

grain turning out fairly good; some cles. loss by prairie fires; fruit ripening and of good quality.

Adams, Umatilla county, C. S. Ferguson.-Week has been good for harvesting; dry, cool nights; harvest drawing to a close; yield about ten Pelts—Bear skins as to size, No. 1, bushels an acre short of an average, each, \$5@20; cubs, \$2@5; badger, but weighs out well; summer fallow for next crop in bad shape; very foul;

Plateau Region.

Elgin, Union county, J. B. Thorson. -The copious rains of the first of the week did little damage to crops, excepting to delay harvesting for a few days; harvesting is proceeding in this neighborhood fairly well. A continuance of the present favorable weather alone is needed to insure a good yield of wheat. The hay crop has been secured in normal good condition.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it to be a local disease, and prescribed local remedies, and by constantly failing to core with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co. Toledo, Ohlo, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a tesapoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Hall's Family Pills are the best.

Total Abstainers Meet.
