## THEY BROKE EVEN

PULLER'S TOOK SATURDAY'S;  
INDIANS TOOK SUNDAY'S.

The First Game Was Slow, But the Last One Was a Good Exhibition—Walla Walla Lost Two to the Gold Diggers—Other Baseball Notes.

### Standing of the Clubs.

	Won.	Lost.	P. C.
Pendleton	23	9	.719
Walla Walla	15	17	.469
La Grande	13	18	.419
Baker City	12	19	.383

### Saturday's Games.

Pendleton, 6; La Grande, 11.  
Walla Walla, 4; Baker City, 9.

### Sunday's Games.

Pendleton, 3; La Grande, 2.  
Walla Walla, 15; Baker City, 23.

Above was the way the baseball games stood Saturday and Sunday in the Inland Empire League.

Pendleton lost Saturday's game to the Beet Pullers, but won the Sunday's game which made the two teams break with three games to the credit of the Indians and one to the credit of the Beet Pullers in the last series. This is 11 games the Indians have taken from the Pullers to one lost.

The Saturday's game was won by the visitors not through their brilliant playing, although they played good ball, but the cause is attributed to several different causes. White, the new pitcher, was in the box and was touched up for 12 hits. The field work was also not up to the usual in critical times and several errors caused the Pullers to score when they should not have done so. It was one of the times when the team went up into the air and were not able to pull themselves together for the fray. Although several brilliant plays were made by the locals.

### Sunday's Game.

Pendleton Sunday's game by a close margin. The score stood three and two at the end of the game and at no time during the progress of the game could it be safely said that the honors were a sure thing for either side.

Pendleton made her runs in the third and fifth innings. In the third two men crossed the home plate and in the fifth one man arrived safely home. La Grande made her runs—one in the fourth and one in the ninth. The Indians pulled themselves out of several close places during the progress of the game, but at no time did it look quite so shaky for them as it did in the first half of the ninth. La Grande had a man on second and third bases and only one man out. One of the La Grande boys went to bat and brought in a tally and the man on second was advanced to third. It looked for a few minutes as if another run was going to be made which would have tied the score but fortunately by some excellent playing the side was retired and the game ended without Pendleton having to play its half of the ninth. Salisbury engineered the front end of the battery and "Tamarack" Adams did the proper thing at the proper time behind the bat. Salisbury not only pitched a good game, but he was in the game all the time and played all over the diamond when needed. In fact, both sides played a good game. Only two errors were made by the locals and four by the visitors.

### This Week in La Grande.

The last games in the league series to be played between Pendleton and La Grande will be played in the Beet Puller's own town this week. Sunday saw the Pullers on the local diamond for the last time. The La Grande boys have been unfortunate this season against the Indians. Out of the 12 games played already Pendleton won all but one. La Grande played good ball part of the time and was

### Correct Stationery

It is worth something to buy your Stationery where the styles are correct.

We buy direct from the maker. No middleman to work off his dead stock on us as "the latest thing."

We keep abreast of the times. We know what's right. Our prices are right and our styles.

Prices all the way from 10 cents to \$1 a box.

Paper and envelopes in bulk, and fancy tablets with envelopes to match. We have a few boxes left which we are closing out at cost.

### FRAZIER'S

Book and Stationery Store.

only outplayed in several of the games by a small margin.

### Was Trouble in Walla Walla.

There was trouble in Walla Walla Sunday afternoon when the Sharpshooters and Gold Diggers came together for the last game of the series just closed. Walla Walla was defeated, but neither team played very close ball as is indicated by the score. In the fourth inning a jangle was started and almost ended in a fight as breaking up of the game. Baker City made 7 runs in the fourth inning and Walla Walla only had three. For several minutes the game was at a stand still and the grandstand began to get disgusted at the spectacle. So much weight was brought to bear that the game was called and finished. From that time it was a slugging match and while Baker City was piling up 23 runs Walla Walla sent 15 men across the home plate. This makes the series just closed a stand-off between the Walla Walla and Baker City teams. Walla Walla won the two first and Baker the two last games. These teams will play their last games in the Gold Diggers' town this week.

### Baseball Shortstops.

The Walla Walla Union says that one of the fastest pitchers in the northwest has been signed by the Walla Walla baseball team and will be there this week to begin work with the team. He is Mr. Drinkwater from the big Tacoma team, and if one can draw any conclusions from his name there will be no occasion for the Walla Walla papers to worry about his drinking as water will hurt no one when taken in reasonable moderation. The Spokesman-Review says: With Pendleton over 200 points ahead of Walla Walla, her closest rival it looks as if the Indians were about as certain of the pennant as a team could be before the season is ended. Probably for the size of the town, Pendleton has had a stronger team than any in the northwest. The season's total, out of the 70 games played, both amateur and league games will give the locals an average of almost .800.

The losses in the recent Rossland B. C. fire are estimated at \$25,000.

## SPICES ARE DRUGS

Such as Cloves, Cinnamon, Pepper, Mustard Seed, Mace, Celery Seed and Nutmeg.

They are all used in compounding medicines and must be pure. You may have use for some of these. They are not more expensive than the adulterated kind. When you need more, try some of the pure kind as sold by

## Mercury and Potash

ONLY SERVE AS A MASK FOR CONTAGIOUS BLOOD POISON

They hide its repulsive form, and this serpent disease, stupefied by these drugs, lies dormant until the effects have worn off or treatment is discontinued, when it breaks down the mask and becomes as full of life and venom as ever. Mercury and Potash may dry up the sores and eruptions, but at the same time they drive the poison back into the blood and system, where it feeds upon the tender tissues, membranes and nerves, finally breaking up in most disgusting sores and even destroying the flesh and bones.

Mercury and Potash cannot accomplish a radical and permanent cure. They have a palliative but not curative effect upon this treacherous snake-like disease. These drugs produce mercurial Rheumatism, destroy the teeth and corrode the membranes of the stomach and bowels, causing inflammation and dyspepsia, nervousness and general derangement of the system. S. S. S. is a Specific for Contagious Blood Poison, and the only antidote for the peculiar virus that spreads so quickly throughout the system, corrupting the blood and infecting every organ and fibre of the body.

S. S. S. destroys the serpent, and eliminates every atom of poison from the blood, it makes a thorough and radical cure of the disease, and at the same time builds up the general health. S. S. S. contains no minerals of any kind, but is a purely vegetable remedy and we offer \$1.00 for proof to the contrary.

Write us about your case and our physicians will cheerfully advise without charge. Our home treatment book will be sent free to all who desire it.

THE SWIFT SPECIFIC COMPANY, Atlanta, Ga.

## IT'S WRONG

For parents to neglect their children's musical education, because it places them at a disadvantage all their lives. The piano has become so popular the country over that they are found in nearly all well regulated homes, and parents who do not look after their children's musical education are doing them a great injustice.

Our easy payment plan makes it possible for every family to have a high grade piano. Come in and investigate.

### GENERAL NEWS.

Nicaragua is trying to get the other South American republics to join her in a confederation to wage war against Colombia. There are also rumors of a revolution in Brazil.

Richardson's stage running between Casadero and north coast towns was overturned near Casadero Saturday, killing one man and injuring eight others. The horses became frightened and unruly and ran away.

A score of people were hurt, three fatally injured and two persons killed outright in a train wreck at Meridian, Minn., August 30. A tornado struck the west-bound Chicago & Northwestern railway train, hurling the train down an 18-foot embankment.

A Yellowstone National Park coach filled with 13 sightseers, was overturned on the road from Mammoth Hot Springs to Gardiner, and rolled into a canyon. Several of the tourists were injured and one horse killed. The driver lost control of his horses.

The fast east-bound mail train of the Northwestern was wrecked at Fairchild, Wis., Saturday night, as a result of the train running into a wash-out. The engineer and fireman were instantly killed and two other trainmen injured. All the passengers escaped unhurt.

Fred Bishir, one of the best known ranchers of Park county, Montana, was killed Saturday by Dave Brochu. The men had trouble over some little matter and after a few words Brochu drew his six-shooter and instantly killed Bishir, shooting him through the heart.

### PACIFIC NORTHWEST NEWS.

The harvesting season is about over in the Walla Walla, Oregon, district.

Oil will be used as fuel in mining operations at one of the mines near Ashland.

A big gold strike is reported from Lane county where free-milling ore has been discovered of a rich quality.

Two threshers were blown up near Pullman Saturday, supposed to have been caused by smut in the wheat.

A new paper was launched in Boise Idaho, today. It is a labor paper and was launched on Labor day as a starter.

An attempt will be made by the mining men in Idaho to elect a ticket in that state favorable to the mining interest.

Fruit dealers are already buying winter apples in Idaho, securing the crops before the fruit is far beyond the blossom stage.

Upland birds are reported to be scarce in the Willamette valley. Hunters claim that they have never been so scarce before.

Shingle men are worrying at Seattle over a threatened shortage in cars. Grain shipments are utilizing all of the cars of the railroads.

The mayor of Colfax has been engaged in buying Whitman county wheat. He has purchased more than 16,000 bushels paying therefor an average of 48 cents.

A little child at Hillyard, Wash., secured a bottle of iodine and drank a quantity of the contents before detected, but by the prompt administration of antidotes its life was saved.

John Redmond, of McMinnville, has received direct from England two Cotswold rams. These rams are large, weighing about 300 pounds and are handsome specimens of that breed of sheep.

Thomas Gibson, of Salem, charged his wife who has instituted proceedings against him for divorce, with threatening to poison him, also with fighting him with rocks and threatening to kill him.
