HOW DO YOU expect people to know what you have to sell if you don't ADVERTISE?
The new store can never be known unless it advertises

HOME COUNTY NEWS

FREEWATER ON THE MOVE.

is a Good Town With "Something Doing" All the Time.
(Freewater Times.)

Sheriff T. D. Taylor, of Pendleton, was in the city Tuesday.

Fay Stanton is in Pendleton this week visiting relatives and friends.

M. H. Rice, the hustling insurance man of Freewater, is in Pendleton this week.

Miss Myrtle Hurst, who was severely hurt in a runaway a few days ago is now able to carry her arm without a sling.

Miss Josephine Wilson left Wednesday for Pendleton where she will spend a few days visiting her sister, Mrs. J. W. Chandler.

Harvesting is about over in this section. Lon Williams' crew and machine left Wednesday for the Palouse country and expect to be gone a month or six weeks.

Smallpox has been effectually stamped out in this city and vicinity. The last quarantine was raised this week and people are beginning to

breathe easy again. Restrictions from public gatherings have also been raised and things are dropping back in their usual routine.

J. T. Hinkle, of Pendleton, was in the city Wednesday on business connected with the Clay Gordon case. Mr. Hinkle is attorney for Gordon and hopes to get the young man out of trouble without the case coming to trial. Mr. Hinkle returned to Pendleton on Tuesday evening's train.

There is "something doing" in Freewater all the time. If you don't believe it take a walk through the city and notice the improvements being made, all of which speak well for our city's future progress. Carpenters are in constant demand, and many new business and dwelling houses will be erected in Freewater during the next two months.

Milton Eagle:—Mrs. Win S. Brown and children, of Pendleton, are visiting at the home of Mrs. W. S. Brown.

Miss Grace Hawks, of Pendleton, spent Saturday and Sunday visiting at the home of G. W. Ingle.

A Monster Harvester.

Mr. John Hoffman of Eureka Flat entertained a number of visitors at his big ranch last Sunday by giving an exhibition of how his newly purchased big traction engine and combined harvester worked. The harvester in use by Mr. Hoffman is the strangest ever seen in the Walla Walla valley. It is drawn by a 60-horsepower traction engine, which resembles a locomotive and which is very much more under the control of its driver than would be a team of horses. The harvester does not depend on traction for power. There is a separate engine attached to the machine. This is capable of exerting 30 horsepower and operates the thresher and header. When 10 sacks are threshed and sewed they are dumped in a pile in the field. The machine worked without a hitch Sunday.—Dayton Courier-Press.

Not Doomed For Life.

"I was treated for three years by good doctors," writes W. A. Greer, McConnelville, O., "for Piles and Fistula, but when all failed, Bucklen's Arnica Salve cured me in two weeks." Cures Burns, Cuts, Corns, Sores, Eruptions, Salt Rheum, Piles or no pay. 25c at Tallman & Co.'s drug store.

Oregon Daily Journal.

The Oregon Daily Journal, printed at Portland, is the paper for busy people. It gives the news in condensed form, so that anybody has time to read it. Such papers are better for busy people than the "blanket sheets" that go into detail.—The Dalles Times-Mountaineer.

Several hundred natives were killed in the recent great land slides in India.

Are You Properly UNDERWEARED Yet?

Well, let us talk about Winter Underwear in the summer time. That's on our mind now. It's too late to buy more Summer Under Garments, therefore get in early and be prepared. Buy of us as we are
