A LIVELY CONTROVERSY.

Monday's Ball Game at Walla Walla Ends in a Row.

There is a chance for a controversy between the Baker City and Walla Walla baseball teams. The exhibition game played in Walla Walla Monday forenoon broke up in a row—no not exactly a row, but the Baker City team quit the game in the ninth inning because of a disagreement over a decision made by the umpire, Brown.

Walla Walla declares that the Baker City team played the "baby act" while the Baker City team declare that they were only upholding their rights.

Cause of the Trouble.

The trouble arose in the ninth. The score then stood 9 to 9 and Treadway came to bat. He reached first bag and complained of having a lame leg. He called for a runner in his place and left the bag. The Gold Diggers consented for him to have the other man run for him, but after Treadway left the bag and before his substitute reached the bag, Capt. Mahaffey touched the runner with the ball and he was called out by Field Umpire Thomas. Brown, who was umpiring at plate, called the man safe and Baker City refused to play unless they would remove the man from first after he was called out.

The Diggers left the field and after five minutes had elapsed the umpire called the game ended and gave the game to the Walla Walla team with a score of 9 to 0, on account of forfeiture.

The Games This Week.

The four league teams will cross bats again this week for four games as follows: Beginning Thursday, Pendleton and La Grande, at La Grande; Walla Walla and Baker City, at Baker.

Another Game Sunday.

A game of base ball is being arranged to take place on the Alta street grounds next Sunday, between the Joggerwopple Cyclones and Roy Alexander's victorious Wonders. The teams are made up of the young amateurs about town and the Joggerwopple Cyclones claim that they like their name, are unsovable. The line-up of the teams will be given later.

FOR SELLING LIQUOR TO INDIANS.

The Case of William Smith Will be Before the U. S. Commissioner Tomorrow.

William Smith, a transient who arrived in town a few days ago and has been killing off the poor Red men of the Umatilla reserve, will have to face United States Commissioner Halley tomorrow on the charge of selling liquor to the government wards.

Smith came to town and it is said conceived the idea of making money without putting forth much effort. He would walk up to a Umatilla brave as the story goes, and ask him if he wanted a drink. If answered favorably he would tell the Indian that he would get him a bottle for so much money. The Indian usually gave up the cash and Smith would purchase a small bottle of whiskey and return it to his victim, but always being careful to charge such amount as would leave him with a nice little profit. This was kept up several days until one of the braves concluded that Smith had "worked" him a little too hard and informed the police. Policeman Fee arrested Smith and United States Deputy Marshal Al Roberts and United States Prosecuting Attorney T. G. Halley are expected here tomorrow morning to take charge of Smith, and if evidence is produced to hold him he will be bound over and sent to Portland for safe keeping.

COUNCIL MEETING TONIGHT.

Old Recorder Will Resign and New One be Elected.

It is expected that Pendleton will have a new city recorder after tonight. The council will meet tonight for the first time in several weeks, although they are supposed to meet every Wednesday night, and will transact the business coming before them. It was announced several weeks ago that the present city recorder, John McCourt, would resign, his resignation to take effect the 1st of September. No council meeting has been held since he announced his intention of resigning and therefore he has been holding until a meeting and an election of his successor.

While it has not been given out officially who would be the new recorder it is hinted that John Collier would be the man. Several other important matters are expected to come before the dads at this meeting.

The Flight of Time.

An English papers records the recent marriage near Cornwall of Miss Jane Week to Mr. Thomas Day, and adds:

A day is gained,
A week is lost—
But time cannot complain;
For soon there will
Be days enough
To make a week again.—Exchange.

Exposure to a sudden climatic change produces cold in the head and catarrh is apt to follow. Provided with Ely's Cream Balm you are armed against Nasal Catarrh. Price 50 cents at druggists, or Ely Brothers 56 Warren street, New York, will mail it. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation, cleanses and cures. Cream Balm quickly cures the cold.

John Cox No Better.

John Cox, injured in a runaway near Alba several weeks ago, is still alive, but is little better than when he was taken from here to the hospital at Portland. It will be remembered that Mr. Cox was thrown from a rig and received a fracture of the spine. He was brought to Pendleton and the fractured part removed, but the physicians attending him did not give any hopes of his recovery saying that it was possible that he might recover. He was later removed to Portland to a hospital and later taken to the home of his brother, R. T. Cox. He is said to be paralyzed in the lower part of his body and limbs.

Shoe Store Deal.

Lee Teutsch today purchased of W. Fitzgerald the shoe business which has been conducted under the name of the Pendleton Shoe Company, and has taken possession. The stock was recently moved into the Teutsch double store and occupies the north half of the clothing room where it is nicely arranged for the inspection of the public.

By the conditions of the sale Mr. Fitzgerald will collect all the outstanding accounts of the Pendleton Shoe Company and will pay all bills against the company.

Eternity.

A minister in a neighboring town in laying his views before a congregation at a revival meeting recently thus described eternity: "You shall suffer for all eternity! Do you know what that means? I'll tell you. If a little sparrow were to dip his bill in the Atlantic ocean and take one drop of water a day and hop across the country and put that drop into the Pacific ocean and then hop back to the Atlantic, one hop a day, after another, and if he kept it up till the Atlantic were as dry as a bone, it would not be sun up in hell." It is not necessary to add that many sinners came up that night and that the meeting continued for some time.
