ed by the Indians and if they do not go entirely to pieces the pennant is safe in their grasp. Today and Sunday will end the series with La Grande, and eight games are yet to be played with the Walla Walla aggregation, and eight with Baker City. The next series will be played in this city with the Baker City team.

**Tomorrow's Home Game.**

Tomorrow afternoon there will be a fierce and furious game of baseball on the local diamond. Roy Alexander's Wonders and an All-Pendleton team are to cross bats for honors, and this will no doubt be a good amateur game, well worth the time spent in witnessing. While the Wonders are made up of young fellows and the All-Pendleton's of old ball players, it is expected that the little team will hold the enemy down. The Wonders have played games this season and it is the only team in the Northwest with a percentage of 1000. It has not lost a game.

After having lost the first of the series to the Beet Pullers in La Grande Thursday, the Pendleton Indians redeemed themselves by doing the Pullers up to the tune of 7 to 6 Friday. This shows that the game was close and it was fast and furious up to the end of the fifth inning, when interest somewhat lagged and the teams did considerable rag chewing from that on.

Up to the end of the third the teams went down in short order and the game stood 0 to 0, but in the fourth Pendleton pulled herself together and by the aid of a few errors by La Grande at critical times, ran in five tallies. In the fifth and sixth nothing was made by the Indians, but in the seventh they made two more, making the score 7. La Grande made her first run in the fifth when two men crossed home plate and in the sixth and eighth the same number were made in each.

Considerable dissatisfaction was caused by the decisions of Umpire Russell, and La Grande claims to have lost the game because of his unfair decisions.
