### PRESIDENT AT ST. LOUIS.

The Chief Executive and Twenty  
Governors of States to Assemble at  
the World's Fair.

World's Fair, St. Louis, Sept. 9.—  
The arrangement of President Roo-  
sevelt's trip to St. Louis, on the oc-  
casion of the allotment of sites for state  
buildings, provides for his arrival in  
this city on October 1. He will visit  
the World's Fair grounds to attend  
the ceremonies in the afternoon of  
the 1st, and will remain over night in  
the city, leaving on the 2d. Thirty-  
two states and territories will be  
represented, probably 20 of them by  
their governors and World's Fair  
commissioners, the others by their  
commissioners. Several of the gov-  
ernors will be accompanied by their  
staffs. A vast assemblage of the  
people of many states is expected on  
this occasion, as the 24 railway sys-  
tems which have their terminals here  
have announced excursion rates from  
every direction. An attractive pro-  
gram of ceremonies is being formu-  
lated and the three days will be given  
up to the entertainment of visitors  
and a general jollification.

### Turpentine Men Meet.

Jacksonville, Fla., Sept. 10.—The  
Turpentine Operator's Association,  
which was organized last September,  
began its first annual meeting in this  
city today. More than one thousand  
lumbermen, naval storemen and  
others interested in the industry fil-  
led Burbridge's theater when the gath-  
ering was called to order by Presi-  
dent Covington. The opening session  
was devoted largely to formalities,  
which included addresses of welcome  
by Mayor Fletcher and others.

The convention will continue its  
sessions through tomorrow. The prin-  
cipal business is to consider and act  
upon the recommendations prepared  
by the executive committee. Among  
other things the committee recom-  
mends that the operators make the  
box cut for the next season the same  
as was cut during the past season.  
It is also recommended that the scale  
of prices and all minor details be  
left unconsidered for another year,  
thus allowing each operator to act  
independently in these matters. The  
report of President Covington shows  
that the operators saved \$5 a barrel  
as a result of the operations this year  
through the regulations adopted by  
the association.

### Western Golf Championship.

Chicago, Ill., Sept. 9.—The fourth  
annual championship tournament of  
the Western Golf Association began  
today on the links of the Chicago  
Golf Club and will continue until Sat-  
urday. The winner in the competi-  
tion will be the Western amateur  
champion golfer for the year, and his  
club shall have the custody of the  
George R. Thorne trophy until the  
next annual championship meeting.  
Today's play was devoted to a 36 hole  
medal score qualifying round. The  
participants include some of the best  
amateur players in this part of the  
country and an unusually successful  
tournament is expected.

### Alabama Police Chiefs Meet.

Tuscaloosa, Ala., Sept. 9.—Chiefs  
of Police of the leading cities of Ala-  
bama, members of the state organiza-  
tion, are holding their second annual  
meeting here. The gathering was  
called to order in Elks' hall at 10  
o'clock this morning. Chief C. W.  
Austin, of Birmingham, presiding.  
Mayor Cochrane welcomed the vis-  
itors and the remainder of the session  
was occupied with routine business.  
This afternoon the members took a  
ride on the river. Papers on topics  
dealing with crime and criminals will  
be read and discussed tomorrow.

### Oil Fuel to be Discussed.

Chicago, Ill., Sept. 9.—The travel-  
ing Engineers Association began its  
tenth annual convention at the Strat-  
ford hotel today with a good attend-  
ance of members representing the  
leading railroad systems of the United  
States and Canada. The sessions  
of the convention will continue sev-  
eral days and a wide range of sub-  
jects relating to the branch of rail-  
road engineering represented by the members  
of the association will be discussed.  
Among other things the advantages  
and disadvantages of oil fuel loco-  
motives will be exhaustively considered.

### Dogs Are Kings Today.

Newport, R. I., Sept. 9.—The auto-  
crats of the canine kingdom had  
thing pretty much their own way at  
the Casino today. The shows of the  
Rhode Island Kennel Club are al-  
ways well worth witnessing, but the  
present one is more interesting than  
any of the previous ones, the exhibits  
including the pets of all the wealthy  
Newport cottagers. Among the win-  
ners were distributed this afternoon  
the trophies offered by the Ladies'  
Kennel Association of America and  
other organizations of dog fanciers.

### Good Huckleberry Crop.

Weston, Ore., Sept. 9.—The huck-  
leberry crop has rarely been so good  
in the mountains above here as this  
season, and if pickers go well up into  
the hills, berries will be plentiful for  
a week or two yet. There are not so  
many berries to a bush as usual, but  
the size is larger, returning campers  
comparing them to large size cher-  
ries. The mountains have been full  
of huckleberry hunters since the sea-  
son opened, and supplies for thous-  
ands of jars have been obtained.

### Ex-Secretary Day's Son Weds.

Caro, Mich., Sept. 10.—William Day  
of Canton, Ohio, son of former Sec-  
retary of State William R. Day, was  
married here today to Miss Estelle  
McKay, daughter of Hon. William  
McKay. The ceremony was quietly  
performed at the home of the bride,  
the guests including only the rela-  
tives and a few intimate friends of  
the contracting parties.
