# Get the Children Ready for School

The vacation draws to a close and Monday the girls and boys will return to their books, so see that they are properly fitted with good, substantial, neat appearing shoes. Don't let the children be pained by ill-fitting shoes, for it incapacitates them for diligent study.

We have made a special study and have secured the right things for the girls and boys.

#### RESULT OF FEUD.

Two Proininent Citizens of Freewater Meet and Come to Blows.

W Arnold and Elmo Walden came to blows Wednesday evening in the Kentucky saloon. It seems that Waiden who had been drinking, offered Arnold a glass of beer which A very successful and pleasant Mr. Arnold declined. This incensed dancing party was given Thursday Walden who threw the beer in the night in Music hall. While not a very other's face. Mr. Arnoid promptly resented the insult and a hand to joyed the evening tripping the "light hand encounter ensued. Mr. Arhold fantastic." The dance was given by receiving some severe bruises about Oliver Kelsey and Jim Welch and of his time in the postoffice. He has the head and face before the two was such a success that the young could be separated.

After the row Mr. Walden left for home and a fellow by the name of dances here a few years ago, but Graham was arrested for helping was abandoned. ## THE PENDLETON POSTOFFICE

## MANY VALUABLE IMPROVE-MENTS RECENTLY MADE.

Has Been Placed in Convenient Shape and in Up-to-Date Style-The Servants Who Handle the Mall.

There is a decided difference in appearance of things at the Pendleton postoffice. The inside of the building has all been worked over and re-modeled and it is much more convenlent than before. Postmaster Livermore has spent many of his former years inside of a postoffice and he knows what goes to make things omfortable and handy for the clerks. The furnishings for the carriers are the most noticeable change in the office. A room is partitioned off at the north end of the building for the carriers and will be used as soon as the free delivery is inaugurated. New distribution cases are all placed as well as the dispatching pump and laid about a quarter of a The office has been newly CRAPS. wired and lighted for the convenience of the clerks. Four new pigeon holes paratus as soon as it arrives, have been made in the front of the office for dropping letters. One is for mail going north, one for mail going east, one for mail going west and one for local and stage connections. It will be well for those drop-ping letters in the office to see that they are put in their respective places for is above 70 years of age and his to insure their prompt attention and dispatch on their respective routes. A waste paper box has also been placed in the lobby for the reception of the waste paper which is usually thrown on the floor in front of the delivery.

#### A Cancelling Machine.

The postmaster has also made application to the federal department for a cancelling machine. While this has not been granted it was passed upon favorably and the post master expects to have it in use in the near able visit with her sister and other future.

### Still Short of Boxes.

As has been the case for the past several months the postoffice is overrun with applications for boxes. ern country. The summer months people could not be supplied Not society. Mr. Taylor is not considered dangerously injured but the breast bone is fractured and he is severely injured otherwise. Mr. Tayinjuries will be more serious than if he was a younger man.

N. Berkley, who returned this morning from a business trip to Port-land, says that he visited John L. Cox while in the Western Oregon metropolis, and found him very much improved. He says his condition within the past two or three weeks has changed for the better wonderfully. There is now hopes for his ultimate recovery.

Dr. William House returned from Portland yesterday where he had been in attendance at the State Medical Society which held its regular annual meeting in that city. The docith applications for private Boxes have been short and could not be supplied. Not tor was elected one of the councillors

#### A Powerful Search-Light

The latest invention is that of a signal light, which is claimed will penetrate the heaviest fog for a distance of half a mile. If it is a success many accidents on both land and sea can be averted. Much interest is being manifested in the discovery, the same as in any other invention that

is intended to save life. This is the reason so many people have been in terested in Hostetter's Stomach Bitters during the past 50 years.
