BACK TO SALEM

WAS LEADING AN INDUSTRI-
OUS LIFE ON A RANCH.

August Kangus Arrested Saturday Afternoon and Returned to Salem Today—Had Lived in This County Five Years.

August Kangus was arrested here Saturday afternoon and was returned to the state penitentiary today. Kangus is an escaped convict, having 13 months yet to serve. He was sentenced from Clatsop county in February, 1896, for burglary and escaped in July of the same year. Last week when Sheriff T. D. Taylor and Marshal Blakley were in Salem they were looking over the rogues gallery and recognized the face of Kangus, who has been in and around Pendleton for the past five years. The officers were well acquainted with him and when they came back the sheriff looked him up. He was found working for John Hanson, on his ranch north of town, and arrested Saturday.

Kangus is a Finn and is well known here. How he could have remained here so long without having been found is a puzzle. He had disguised himself considerably by growing whiskers, but this was not enough to keep the sharp eye of Sheriff Taylor from detecting the likeness of the picture in Salem to the man known here, and this led to his undoing.

been given, but the real cause as given by himself in a letter to J. M. Ferguson, his former partner, is as follows:

"I am sorry I had to take the step I did, but I was disgusted with the way things were going at Adams. People had too much to say about what I should do, and I thought I was capable to attend to my business. I expect to leave in a few days for Arizona. You will hear from me in a few weeks and then I expect to be able to let you know what my future plans will be. Yours truly,
"J. M. CRAIG."

"A BROKEN HEART."

Presented in a Careless Way by the Troop Saturday Night—Good Scenery.

A good house witnessed the play, "A Broken Heart," at the Frazer Saturday evening. The play was not up to the highest standard. Apparently the troop presenting it did not care to put forth much effort to bring out their lines. The scenery was good, however, and the play is calculated to teach a lesson in morals, showing that the "ways of sin is death."

Your special attention is directed to the real estate offers made by me in my advertisement on the last page of this paper. Having been in the stock business for twelve years in Umatilla county I can intelligently advise those who desire to go into the business.

FIRE AND SMOKE.

Sun Can Hardly Be Seen—Many Complaining of the Smoke, Which Hurts Their Eyes.

The forest fires which are raging all over the Northwest are making it somewhat disagreeable even in Pendleton, many miles from the scene of the conflagrations. The smoke is so thick that it smartens the eyes and congests the lungs. The rays of the sun have been almost completely obscured for three days and it was only at times that the actual location of the sun could be found. When seen, it resembles a huge ball of fire and at times was a beautiful pink color. From every part of the country where there is timber, the report comes that fires are raging. In the Cascades millions of dollars worth of damage has been done to standing timber, besides the loss of life and improvements. In the Blue mountains the fire is raging in many different places as is also on the Sound and other places.

Travel has been greatly impeded along all transportation lines, the trains having to run at a reduced rate of speed on account of the possible danger of burned trestles and bridges. Men traveling along the O. R. & N. between here and Portland tell of the fire along the Columbia River. They say the sight is grand during the night and the heat has been something fearful at times.

GOOD GAME SUNDAY.

"Skinnerites" Defeated the "Fattyites" by a Score of 6 to 4.

A jolly crowd of fans witnessed a very fast and good game of baseball Sunday afternoon on the Alta street grounds between two pick-up teams. The players were the Wonders divided and the two teams made up of pickups from the town. The teams called themselves the "Skinnerites" and the "Fattyites" and the former won by a score of 6 to 4.

The game was replete with good plays and good natured beefing that would have made the Walla Walla fans think they were witnessing a real game with their pets, the Sharpshooters, at the bat.

Both teams played a clean game, both at bat and in the field and the error column in the score book does not look as if the score-keeper had to put in any overtime.

The teams were captained by "Cohen's Twins," Dallas O'Hara, for the "Skinnerites," and Fred Hartman for the "Fattyites." The captains did the pitching and were willing workers, as they were each out to win.

The crowd was well pleased with the work, but it made life somewhat burdensome for the umpire, Will Allen.

Notes From the Diamond.

Charles W. Zeigler, formerly captain of the Indians, who is now playing with Portland, received a broken finger in the game there against Seattle Saturday. Hulien drove a warm grounder to "Zieg," which he picked up in time to pass to the second base and in time to put out his man, but was then compelled to retire from the field and have his hand dressed by a surgeon.

"Dickey" Knox, the big center fielder for Pendleton during the early season, is "making good" with the Butte team in the Northwest league. He knocked a home run in Spokane Saturday and saved Butte from a shut-out.

Salisbury, formerly one of the twirlers for the Indians, is now pitching for Butte.

SMOKE AT WALLA WALLA.

Thirty Years Since so Dense a Smoke Has Been Seen There—Sun Obscured Most of Yesterday.

Walla Walla, Wash., Sept. 15.—A dense smoke, hanging about the city like a fog, envelopes Walla Walla and all the tributary valley. While the forest fires have been raging several days the smoke did not reach this section until Saturday and yesterday, but when it did reach the territory along the course of the Columbia it made a new record. Old settlers say that it has been 30 years since a smoke so dense has visited this section, and but few have recollection of any similar visitation. The air is charged with the odor of burning timber, while from the ground up as far as one can see there is nothing but smoke. The sun was obscured most of yesterday, and when it was seen for a few minutes during the afternoon it appeared as a white speck in the sky. Yesterday, being Sunday, was unusually dreary on account of the darkness and lack of usual activity. Lights had to be turned on from one to two hours earlier than usual in the evening.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price, including the spraying tube, is 75 cents. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions, but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., New York.
