### \$1,000,000 for Charity.

A fortune of \$1,000,000 was recently left to a charitable institution in one of our Eastern cities, and while much good can be accomplished by the careful expenditure of this sum of money, there is another agency which also deserves mention, because of the good it has done and the suffering it has relieved during the past 50 years, and that is Hostetter's Stomach Bitters. No other medicine can take its place as a cure for stomach, liver and kidney troubles, such as headache, belching, heartburn, indigestion, dyspepsia, constipation or biliousness. We would therefore urge you to give it a trial. The genuine must have our private stamp over the neck of the bottle. Do not accept a substitute.

### CLEVER SWINDLE.

Returns Box to Depot After Having Removed the Contents.

There are some very clever criminals and swindlers in Pendleton. This is nothing new or strange, but the following facts, as recently brought to light, will convince the doubter that they are here just the same.

Not long ago a man came to Pendleton. From where no one knows, but he alighted from a train and at once took up his abode in the town. A few days or weeks after he arrived there came a large box of freight to one of the depots billed to this fellow. It was sent C. O. D. and was left in the freight office several days with a freight bill of several dollars on it. One day the owner called for the box. He told the freight clerk that he would take it and paid over the money. The box was removed and that evening was taken back to the depot and the man who took it out said it was not his box, but he had taken it through mistake. He demanded his money back for freight and the railroad company, thinking there had been a mistake, refunded the money in return for the box. The box was then left in the freight office for a time until the freight handlers concluded there was something wrong and an investigation was started. The box was found to have been taken away, the contents removed and the box refilled with rubbish and refuse to make it weigh down so the fraud would not be detected in returning it.

No arrest was made, but the man who played the company was invited to "make good" to the company and, it is said that he did it to save any further trouble.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for each case that it fails to cure. Send for list of testimonials.

### COMING ATTRACTION.

The Great Scenic Production "Lost in New York."

"Lost in New York." Saturday evening's production at the Frazer opera house is not as new as some of the offerings recently seen by our theatergoers, this fact perhaps being responsible for the unlimited faith the public seem to have in the performance, for there is not a particle of doubt, but what the piece is playing to larger returns than any of the new bidders for public patronage, for the great East river scene with its tank of real water, a practical steam launch with a carrying capacity of ten persons, the realistic escape of "Jennie" in the row boat, Madison Square and other familiar scenes in and about the metropolis still bring capacity business to this ever welcome comedy drama. Seats on sale at Frazier's book store.

### ATTRACTIONS FOR NEXT WEEK.

"Thelma" Monday Night—Elizabeth Hale and Her Company Tuesday, Wednesday and Thursday.

Alden Benedict's production of Marie Correll's "Thelma" is one of the best attractions to visit the coast this season, and the theater going public should take advantage of the chance of seeing this great scenic production at the popular prices of 50c, 75c and \$1.

Elizabeth Hale and her company will play a three-nights' engagement at the Frazer commencing Tuesday, September 23rd, and they will play at the popular prices of 25c, 35c and 50c. They carry a fine lot of scenery for their different plays and will play some of the latest plays, this company played a week's engagement in Portland and the Oregonian classes her as one of the coming actresses of this coast.
