EARNHEART,
THE REAL ESTATE MAN

MAN DISAPPEARED

FROM MILTON AND FRIENDS SUSPECT FOUL PLAY.

His Wife Believes That He Has Been Murdered and is Unconsoled—Had \$150 in His Pockets.

Milton, Sept. 27.—The citizens of Milton are very much worked up over the disappearance of Frank Sterling, who has not been seen by any one here or heard of since noon Monday. Sterling is a young man who has lived here several years and is well known. Several days ago he sold a cow to a neighbor and the animal could not be found. Monday morning he left town saying that he would go in and search for the missing cow. He left home afoot and at noon stopped with a harvesting crew a few miles southeast of Milton, where he ate dinner. That is the last heard of him.

When he left home he was known to have \$150 in his pocket and much speculation is being indulged in as to the cause of his sudden disappearance. Some have reached the conclusion that he has been murdered for his money and others think that he has left the country. The former conclusion is the general opinion, however, as he was a very quiet fellow and no cause can be assigned for his wanting to skip out. He had a wife and child, the latter a month old. His wife is distracted over his remaining away so long and she cannot be made to believe but that he has been murdered. He had no trouble with his wife, was not in financial trouble and there can be no cause for his disappearing of his own accord. His wife says they were happy and Mr. Sterling had been talking of buying property and building a home for himself and wife.

Mr. Sterling was 25 years of age, dark curly hair, about five feet ten inches high, small features and had a pleasing way about him when conversing.

If any information can be given which will lead to his discovery it will be thankfully received by his wife or brother-in-law, Will Mellor, at Milton, Oregon.

Club Notes.

The Thursday Afternoon Club held its opening meeting for the club year 1902-3, last Thursday afternoon at the home of Mrs. Henry Bean.

An interesting program on Oregon History was given. Other topics were talked over informally, such as pure foods, inspection of milk in our own city, ways and means for removing rubbish from our streets, subjects that are of practical interest to every one living in Pendleton.

Some one mentioned the proposed cemetery improvement, when one of the bright club women remarked that "Cemetery improvement was a good thing, but in her opinion a sewer system for the benefit of the people still alive should first be looked after," and it would seem that the remark was not altogether impertinent.

There seems to be a feeling that Pendleton is not sufficiently advertised, and is thus missing the benefit of the present large immigration.

The club women wonder if the large piles of refuse and trash of all sorts by the sides of our city streets do not advertise the fact that Pendleton has very little civic pride, and possibly does not attract newcomers?

Our city draymen are evidently not very well posted on city limits, as they are dumping collections from the center of town on the corner of Jackson and East Bluff streets. It would seem that there are large holes that might be filled up before the street corners are used for this purpose.

The local club women take pride in the enterprise of their townsman, Mr. C. S. Jackson, of the Oregon Daily Journal, and read the column, "Among the Club Women," with much interest, and they wish him success in his new field.

Mrs. Lillian Cole-Bethel, of Columbus, O., will teach classes in parliamentary law in Eastern Oregon during October and November. Baker City, Union and La Grande clubs will organize classes for October, and Pendleton, Athena and The Dalles for November. The Pendleton class will be during the week beginning November 3d, place and hour of meeting will be advertised in the daily papers later.

The next meeting of the Thursday Afternoon Club will be held at the home of Mrs. Charles Colesworthy.

The Parliamentary Club will have its first meeting Tuesday, October 14th. The regular meeting days are the second and fourth Tuesdays of each month from October to May inclusive. The club will have new and interesting features this year.

Child Injured.

The four-year-old son of Mr. and Mrs. Charles Maple was severely injured Friday evening near Yoakum station by falling from a moving wagon. Mr. and Mrs. Maple have been living in Pendleton and recently purchased a place at Yoakum. They were moving to their new home Friday and when nearing Yoakum in the

evening, the little boy, who was riding on a load of household goods, fell from the rig with the result that the flesh was almost all torn from the under jaw. He was brought to Pendleton and placed under the care of Dr. Smith, who found it necessary to take nine stitches in the flesh to close the wound. While the injury is not necessarily dangerous, it is serious, and will continue so for some time.

A Starving Billionaire.

One of the richest men in the world worth almost a billion dollars, is starving to death, because his stomach has become weakened through worry and anxiety in looking after his immense fortune. His digestion is destroyed and the stomach cannot therefore assimilate nourishment. What ails is wealth when your health is gone. If your stomach is in a similar condition no matter from what cause, commence taking Hostetter's Stomach Bitters at once. It is Nature's own remedy for the stomach and will restore the appetite, perfect the digestion and cure belching, flatulency, dyspepsia, constipation, biliousness and liver and kidney troubles. The genuine is for sale by all druggists and has our Private Stamp over the neck of the bottle.

United Artisans Notice.

All members of Alpha Assembly No. 9, and Harmony No. 113, United Artisans, are requested to be present at their meeting Tuesday night, Dr. J. B. Armstead, superintendent of medical Examiners, will be here from Portland and speak to the members of both lodges.

Pendleton Horse Wins.

Starkey, owned by Robert Starkweather, of this city, won the 2:15 pacing race at Portland Thursday, at the Irvington track. Owing to the rain and slippery condition of the track the time made was two seconds less than it would have otherwise been.

A Correction.

The East Oregonian said yesterday that only about seven-eighths of the 1901 taxes for Umatilla county had not been paid. It was intended to say that seven-eighths had been paid and only one-eighth remained unpaid.

Landslide at Bonnyville.

Traffic going east from Portland has been cut off today. Passenger train No. 6, due here at 5:40 this morning, has not put in an appearance yet, and it is not known when it will be here, on account of a slide near Bonnyville.

(Concluded.)

as in most of the countries where these people are coming from and they are not surprised at the price asked for good wheat land. In fact, they think prices here are very reasonable, and they are, compared to prices of good farming sections of the middle West."

Speaking of the continuation of the immigration rates Mr. O'Neil said: "Whether these rates are to be continued longer this fall rests with the people of the Northwest and depends upon the amount of advertising matter descriptive of their special sections, that they place in the hands of the railroad company for distribution. If no interest is shown the rates and the immigration plans will be abandoned. "The homeseekers' rates will be continued every spring and fall until the homeseekers cease to seek homes or until the people of the West demonstrate they no longer care to have their country built up or their population increased. This much is certain, though, that if the people of the northwest do not take sufficient interest in the upbuilding of their own localities to supply suitable literature, the immigration movement will not be a success and the rates will be withdrawn."

Last Day.
The O. R. & N. Company will sell tickets to Walla Walla and return tomorrow at \$1.90 for the round trip. After tomorrow the round trip rate will be \$2.80.
