

You always get **GOOD GOODS** at Alexander's.

Cheap Goods

We have them. Not poor goods cheap, but "good goods" at moderate prices. This fall we have a larger, better selected, lower priced stock of dry goods than ever before.

Wool Vests—In a large variety of bright colors. Pure wool trimmed with flat brass buttons. A new fad, these, but very practical. Priced at \$2.48, \$2.25, 98c.

Wool for Women and Children—This is the season that you should be looking towards us for warm foot covering. We have an abundance to choose from, some all wool, some part wool, some ribbed, some plain. All are soft, firm but elastic. Per pair, 48c, 35c, 25c, 19c.

Chapeau Bags—An elegant, big, grey leather bag with oxidized silver mountings, heavily covered and fringed with bright cut steel beads. The usual \$5, \$3 and \$1.75 kind, this week for \$2.48, \$1.98 and \$1.00.

Bib Cold Storage Plant—Enterprising Mormons—Where the Music Came From.

La Grande, Or., Sept. 29.—The Blue Mountain Fruit Company, of La Grande, has just completed one of the most complete and extensive cold storage plants in the Northwest. The structure is of brick, 50x110, with basement and cellar cemented, and arranged for the storage of fruit in the most intensely cold weather. The cellar is 50x100 with 11-foot ceiling.

The walls of the building have a thickness of brick, a 2-inch air space, 10 inches of sawdust and a layer of prepared cork, and then a lining of lumber. The capacity of the cellar and storage rooms is 200,000 boxes of fruit. The company is prepared to buy or store fruit and has one of the most useful institutions in Eastern Oregon, in view of the vastly increased fruit crop of the section. Raising fruit is the smallest part of business. Preparing it for the market in good shape and finding a good market, are more important. This institution fills a long-felt want. The company expects to handle the winter apple crop this year.

Street Fair Music.

Joseph, Wallowa county, a little town of 300 inhabitants, 70 miles in the interior, furnished the music for the La Grande street fair and carnival, with a concert band of 20 pieces, at a salary of \$600 for the six days. It was one of the leading attractions, and brought out many well-merited compliments.

Industrious Mormons.

Within the past three years 200 Mormons have settled in the Grande Ronde Valley. They have purchased some of the choicest farms on the Sand Ridge, and divided them up into 20, 40 and 80-acre tracts, and are raising sugar beets principally. In the city of La Grande they have a commodious church building with a seating capacity for about 500 people.

They own the beet sugar factory, have recently purchased the plant of the Grande Ronde Lumber Company at Perry, by far the most complete saw mill in Eastern Oregon, the Steel Spur Saw Mill, the Hilgard planer and all the available timber near these mills.

They have a grocery store, paint store, jeweler, loan agent, real estate men, lawyers and other business men in La Grande, besides a thriving community at Alice and Union. They are industrious, frugal folks and cultivate their farms to the highest degree.

AFTER THIRTY YEARS.

Oldest Church Building in Walla Walla Being Torn Down.

Walla Walla, Sept. 29.—After serving a large congregation for 30 years as a place of worship, the Episcopal church is being dismantled today, and the last service has been held in the old building. Yesterday saw the last congregation gather for worship, and the fixtures will be removed to the new St. Paul's church on Catherine street, a magnificent edifice costing over \$10,000. It will be opened October 12 with appropriate ceremonies.

The deserted church is the oldest religious building in the city, having been erected over 30 years ago. The congregation is among the oldest, if not the oldest, in the city. When the structure was completed it was the finest building in this part of the state and the record is to be repeated by the congregation, when the new edifice is accepted and opened. The new building is of stone and brick, and will be, when furnished, the most elaborate church in Eastern Washington or Oregon. The old building has been purchased with the lot upon which it stands, and the property will be used in the near future for business purposes.

Fortune Favors a Texan.

"Having distressing pains in head, back and stomach, and being without appetite, I began using Dr. King's New Life Pills," writes W. P. Whitehead, of Kennedale, Tex., "and soon felt like a new man." Infallible in stomach and liver troubles. Only 25c at Tallman & Co.'s drug store.

CLOSES TOMORROW.

Walla Walla Makes a Success of Her Annual Fall Festival.

Walla Walla, Sept. 29.—Tomorrow evening the sixth annual fruit fair will come to a close in this city. The exhibits will at once be removed and the pavilion torn down. In every way the fair has been a success.

Awards have been made of hundreds of premiums, and the business of the association will be closed up with a neat sum to be carried over to next year. At the opening of the season the treasurer held \$1100, which was left over from the show last year.

The attendance has not been as large as it might have been, for which there are several reasons. Last year a number of excursions brought hundreds of people to the city, and the attendance from the country around about was very good. This year the excursions failed to bring the crowds and locally other attractions deterred many from attending several days, as was the general custom last year. A free show given by advertising doctors has been giving performances each afternoon and night, and

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for each case that it fails to cure. Send for list of testimonials.
