

Highest honors at the Pan American Exposition.

QUEEN QUALITY

Received the Gold Medal.

Scientific modeling, graceful and stylish lines, beautiful leathers and thorough workmanship.

Do you know that handsomer and better fitting shoes may now be had at \$3 than was possible at any price a decade since?

Paying more is extravagance. Let us prove the fact by fitting you with a pair of these "Gold Medal" shoes.

Man wants but little here below.
This statement causes mirth;
It may have been so long ago,
But now he wants the earth.

I have some very desirable pieces of Earth for sale, located in and about Pendleton.

Choice city property, ranches and farms at bargains.

EARNHEART,
THE REAL ESTATE MAN

ON THE GRIDIRON

ACADEMY AND HIGH SCHOOL ORGANIZING TEAMS.

Will Begin Practice This Evening—Players Have Not Been Assigned, But Both Teams Will Be Strong—About Whitman College Players.

The baseball and the football seasons came nearly overlapping each other this season. The din of battle from the diamond has hardly ceased, and already the football enthusiasts are beginning to think of brushing up for the gridiron campaign.

The Pendleton high school will be represented with a strong team again this season. They have already begun to organize and tonight the first practice will be indulged in to try out the men for their positions. It will be several weeks, however, before they begin playing in earnest. The teams have to be gotten together and thoroughly organized, officers elected and each player trained for his position. Last year the high school had a very strong team and this season they expect to be still stronger.

The academy is also figuring on a football team. The boys have not thoroughly organized, but this will be done in a few days and actual gridiron work will begin.

When these two teams are organized it is expected to get games with Whitman College and other schools and colleges in the country which can be easily reached from Pendleton.

About the prospects of gridiron sports the Walla Walla Union has the following to say:

Chittenden Leads.
Captain Ed Chittenden, of the Whitman College football team for the present year, has returned to school and now has charge of the team while actually engaged in play. Chittenden will play halfback, his former position. There has been a general feeling that the Whitman team would not be as strong this year as last, but Mr. Chittenden does not feel this way about it. While the loss of Zercher Johnston, Haverbach and Walters will be greatly felt, Mr. Chittenden thinks he can handle a winning aggregation this fall. He said: "None of the men have been assigned positions as yet, but there is little doubt the team will be very fast, although probably not quite as heavy as last season. Both Fred and Wiley Lasater have returned and are getting themselves again accustomed to the hard knocks and there are plenty of other men to choose from. Later in the year I may try to play at tackle. One thing is certain, and that is that only the best men can make the team at all, and those who do secure places will have to work to win them and work equally hard to maintain them after they are won. There will be practice games all of next week to test and keep up the mettle of the men."

WILL HAVE LIGHTS TONIGHT.

What Caused Them to Go Out is Puzzling Electricians.

What was the trouble with the electric lights in Pendleton Monday and Tuesday nights? This is a question which has not been solved, but the lights will all be on tonight the same as formerly. The difficulty has been remedied by the linemen, but what it was is the thing that is troubling them.

The town was in semi-darkness Monday night, where the incandescent lights were used, and Tuesday night all of town below Main street was in darkness, but the cause is a mystery. About 7:30 Monday evening the lights suddenly became dim, and a part of the time shed but little light and burned brightly for a few minutes at a time. It was thought by the electricians that this was caused by the searing together of two wires somewhere, but this theory has been exploded, and instead of the linemen finding the real cause they have worked all over the lines and while at work have remedied the defect without finding the cause.

AT THE COURTHOUSE.

Will Probated, Administrator Appointed and Final Report Filed.
Dora Ellis, of Ukiah, who was in town yesterday, filed a petition in the probate court of Umatilla county asking that the last will and testament of James Baldwin, deceased, be admitted and she be appointed executrix of the same, according to the terms of the will. The petition alleges that the property of deceased does not exceed \$1500 and this is to be divided between nine children. The petition was granted by County Judge Hartman.

C. B. Wade, Administrator.
The petition of Charles J. Smith asking that C. B. Wade be appointed administrator of the estate of Chas. A. Craig, deceased, was granted by Judge Hartman. The petition sets forth that the real property of deceased is worth about \$2000 and the personal property is valued at \$6000. Deceased has no relatives in Umatilla county, but has one sister in Maine.

Final Report.
The final report on the will and es-

tlement of the estate of William D. Helmick, was filed by J. E. Helmick, administrator. After all claims were paid a balance of \$874.11 is left. The administrator asks to be released from his charge.

IN DISTRICT COURT.

Case of Richardson vs. McCorkell et al. Continued—Divorce Granted.

The case of D. B. Richardson vs. McCorkell and McCachern, which has been occupying the attention of Judge Ellis for the past two days, was continued last evening on account of the sickness of Jerry Stone, of Helix, who is a witness in the case. The case will be taken up and finished as soon as Mr. Stone is able to appear in court.

Pickering vs. Pickering.
Mrs. Carrie Pickering was granted a divorce from George Pickering on the grounds of desertion.

Five Looked Too Big.

J. C. Cole spent last night in the city jail and this morning was taken before City Recorder McCourt and fined \$5. Cole pleaded guilty to the charge of being drunk, but said if he was disorderly he did not know it. When the fine was announced Cole begged the judge to make it \$3 instead of \$5, but Judge McCourt icily replied that he was lucky not to be fined \$10. The fine was paid.

Later—Cole was again placed in jail before noon today. He had \$2.65 left when his fine was paid this morning and apparently he walked direct from police court to a saloon, where he again filled up on "booze." When pretty well loaded he began making a nuisance of himself and was taken in by the officers. He had spent the \$2.65 left and was dead broke when taken in the second time and will probably be given a chance to sober up and reflect before he is released again.

Robinson Gets Ten Days.

M. C. Robinson, arrested a month ago charged with setting a room on fire in the Penland lodging house and during the excitement attempting to rob, was sentenced today by Judge Ellis to serve 10 days in the county jail. Robinson was given a preliminary hearing when arrested, and was bound over. He denied the charge of attempting to rob or having any such intentions. He was bound over and placed in jail in default of bonds. Since that time he remained in the county jail awaiting the October term of court, but today he concluded he would plead guilty and be sentenced. After spending a month in jail the judge gave him 10 days, thinking that he had received sufficient punishment for his crime.

\$10,000 Farm Sold.

The Causal Real Estate Company sold 400 acres on Catherine Creek, of the G. M. McConnell land, to T. H. Swelke, of Cedar Rapids, Neb., who will take possession March 1. The consideration was \$10,520. Mr. Swelke is a sturdy Eastern German farmer, who will greatly improve this tract.—Observer.

Lien for \$165.08.

A mechanic's lien was filed at the courthouse this afternoon by the Gray's Harbor Commercial Company, against Elvin Craig, on the barn owned by him, known as the Depot Livery Stables. The lien is for \$165.08 alleged due for lumber used in the repairing of the barn.

FREIGHT WRECKED

NINE LOADED WHEAT CARS IN THE DITCH.

No One Injured, But Engineer Had a Close Call—Several Freight Cars Were Badly Smashed—No W. & C. R. Train Yesterday.

Owing to the wreck of a freight train at Stanton yesterday, loaded with wheat, which completely blocked the track, no trains came in over the W. & C. R. line yesterday.

The cause of the wreck is thought to have been the spreading of the rails. The train was an extra freight loaded with grain bound for the Sound, and when running at regulation speed near Stanton the engine gave a lurch sidewise and came very near turning on its side. Nine loaded wheat cars followed the engine off the track and piled in all kinds of shape, breaking them up considerably.

A wrecking crew was immediately dispatched to the scene of the wreck, but the road was so completely blocked with the heavily loaded cars that no trains were able to pass yesterday and the W. & C. R. passengers from Pasco only arrived here this afternoon.

Equalization Board Meets.

The county equalization board will meet at the courthouse next Monday for the purpose of reviewing the 1902 assessment. The board consists of County Judge Hartman, County Assessor Buzan and County Clerk Chamberlain, and those having a kick, real or imaginary, will be expected to be on hand and register it in due form at this meeting. The board will be in session all week.

"They tell me Mamie is awfully clever at problems." "She ought to be, she takes in all the problem plays."—Cleveland Plain Dealer.
