INFORMATION TO SETTLERS.

How Public Lands May be Acquired Through the Various Channels.
 There are over 40,000,000 acres of the best government lands in America located in the extremely fertile regions of Minnesota, North Dakota, Montana, Northern Idaho, Washington and Oregon, and open for occupancy by actual settlers. Citizens of the United States, or persons who have declared their intention to become such, can obtain lands as follows:

Homesteads.

Any person who is the head of a family, or who has arrived at the age of 21 years, and is a citizen of the United States or has filed his declaration of intention to become such, and who is not the proprietor of more than 160 acres of land in any state or territory, is entitled to enter one quarter section (160 acres), or less quantity of unappropriated land, under the homestead laws. The applicant must make affidavit, that he is entitled to the privileges of the homestead act, and that the entry is made for his exclusive use and benefit, and for actual settlement and cultivation, and must pay the legal fee and that part of the commissioners required as follows: Fee for 160 acres, \$10; commission, \$4 to \$12; fee for 80 acres, \$5; commission, \$2 to \$6. Within six months from the date of entry, the settler must take up his residence thereupon and cultivate the same for five years continuously. At the expiration of this period, or within two years thereafter, proof of residence and cultivation must be established by four witnesses. The proof of settlement with the certificate of the Register of the land office is forwarded to the General Land office at Washington, from which patent is issued. Final proof can not be made until the expiration of five years from date of entry, and must be made within seven years. The government recognizes no sale of a homestead claim. After expiration of 14 months from date of entry the law allows the homesteader to secure title to the tract, if so desired by paying for it in cash and making proof of settlement, residence and cultivation for that period. The law allows only one homestead privilege to any one person.

Soldiers' Homesteads.

A soldier, having served in the army or navy during the war of the rebellion for over 90 days, can obtain 160 acres of any of the public lands by filing (himself or by an attorney) a declaratory statement, and, within six months thereafter, filing his affidavit and application, commencing settlement and cultivation, and continuing the same five years, less the time he served in the army or navy—but, such time in no case to exceed four years. His widow can take advantage of the above. In case of his death in the army, or discharge therefrom on account of wounds or disability incurred in the line of duty, the term of enlistment is deducted. In case of death of the soldier, his widow, if unmarried, or in case of her death or marriage, then his minor orphan children, by guardian duly appointed and officially accredited at the Department of the Interior, shall be entitled to all the benefits given to soldiers under the homestead laws.

An unmarried woman, of age, can take the benefit of the homestead law. If she marries before she has acquired title, and continues her residence on her claim, she can proceed to prove up at the proper time, the same as if she had remained single, but husband and wife cannot secure separate tracts by maintaining separate residence at the same time. All the sons and daughters of a family, who are of age, are entitled to take up lands under the United States land laws.

The Desert Land Act.

In some portions of the far West there are considerable areas of arid land which with irrigation become very productive. In many of such localities water is a abundant and convenient, and irrigating ditches are inexpensive. It pays to irrigate, as it insures a certain crop every year and an increased yield. The following act of congress designates how one-half section (320 acres) of such can be obtained:

Under Desert Management.

Citizens of the United States, or persons who have declared their intention to become such, and who are also resident citizens of the state or territory in which the land sought is situated, may file a declaration, under oath, with the Register and Receiver of the land district in which any desert land is situated, that he intends to reclaim a tract of desert land, not exceeding 320 acres, by conducting water upon the same, within four years. At the time of filing this declaration, a fee of 25 cents for each acre of land proposed to be so reclaimed must be paid. At the time of making the declaration, the land taken up under this act must be particularly described as surveyed, or, if unsurveyed, must be described as nearly as possible. The party shall also file a map of said land, which shall exhibit a plan showing the mode of contemplated irrigation and which plan shall be sufficient to thoroughly irrigate and reclaim said land, and prepare it to raise ordinary agricultural crops, and also show the source of the water to be used for irrigation land reclamation. At any time within

four years, upon making satisfactory proof to the Receiver of the reclamation of said land, and the expenditure thereon for improvements of \$1 an acre each year for three years and proof of the cultivation of one-eighth of the land, and upon the payment of the additional sum of \$1 per acre, a patent shall be issued. A claimant must also file with the Register during each of said three years proof by the affidavits of two or more credible witnesses can make the required proof of reclamation, cultivation, and expenditure to the aggregate extent of \$3 per acre. All lands, exclusive of timber and mineral lands, which will not, without irrigation, produce some agricultural crops, are deemed desert lands. Residence on the land is not required.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Texas, "biliousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at Tallman & Co.'s drug store.

Notice to Electric Light Consumers.

We have placed upon the line a night inspector who will in future check up lights left burning all night. Those persons found burning lights all night, who have an eight, or 10-hour contract with the company will be charged with the current consumed after those hours without further notice.

THIS IS OLD DR. KESSLER

One of the World's Greatest Specialists, Who Has Kept Hundreds From an Early Grave or the Insane Asylum.

Now, look here, young man, don't be so careless. Don't put off any longer; have your case attended to today, for your looks tell on you. You may conclude to get married some day, and to live happy you must be a man rugged and strong physically and mentally. So many divorce cases we hear of, if an investigation was made, would disclose the fact that physical and nervous weakness of the husband causes the wife to finally hate him. Women love a manly man, just as much as men love beautifully developed, healthy, red-cheeked women. Blisters and pimples show something wrong. All kinds of diseases are cured by this old doctor. It is not necessary to go to see him; in a few cases where surgery is required or cancers, old ulcers and such, it is better to see him, but all weakness and private conditions can be cured at home. He has a perfect system for home treatment; he always answers your letters in a plain envelope and keeps every case a profound secret. Pay no attention to the little books you find on streets, but trust yourself to an old doctor who has been curing cases like yours for over a quarter of a century in this city. Always inclose 10 2-cent stamps when writing for consultation, and send small bottle of your urine if possible. Address,

J. HENRI KESSLER, M. D.
 Manager of the St. Louis Medical and Surgical Dispensary
 Office Hours, 9 A. M. to 9 P. M. Corner 2nd and Yamhill Sts., Portland, Ore.
