No. 729 Main Street, Pendleton, Oregon.

SATURDAY, OCTOBER 11, 1902.

GENERAL NEWS.

American anthracite coal imported at Hamburg last winter, is being rebought for the United States.

King Christian has gazetted Anton Hegner, the American celloist, a Knight of the Dane Brog Order.

The honorary degree of doctor of civil law was conferred yesterday on Ambassador White by Oxford University.

Andrew Carnegie's gifts of \$75,000 to Belfast and \$35,000 for Limerick, Ireland, for the establishment of libraries, have been accepted.

As a result of a conference between the United Mine Workers of Missouri, and the mine operators, practically all of the 1300 striking miners of Northern Missouri resumed work Friday.

Miss Alice Fisher, a young woman employed in the government printing office at Washington, was shot and killed Thursday by William Dougherty, an employe of the same office. Dougherty then shot and killed himself.

The 31st anniversary of Chicago's big fire was observed Thursday night by banquets, given under the auspices of the Marquette and Lake-side clubs. Speakers of national prominence were present at both banquets.

At Altona, a small town near the North Dakota line, J. J. Toews, a school teacher, who had some trouble with the school trustees, meeting them on the road while going to school, drew a revolver and shot A. Rempel, J. Hiebert and P. Kehler. Toews then returned to the school-house and shot three pupils, two of them daughters of Mr. Rempel. He then turned the revolver on himself and will die. Rempel, Hiebert and two of the girls are also fatally wounded.

PACIFIC NORTHWEST NEWS.

Owners of Oregon timber land will ask the state legislature to provide protection against fires.

The will of the late ex-Governor Whiteaker was filed for probate yesterday. The value of the estate is estimated by the appraisers at \$26,375.

E. D. Camady, aged 27, a colored man, very dark, and Miss Lena Meyer, aged 26, a handsome blonde American girl, both of Chicago, were married in Vancouver, Wash., Thursday.

Samples of coal were packed up the hill from the mines of the Crescent Coal Company, four miles west of Chehalis, yesterday, and are being tested in the town for domestic purposes.

A broken rail wrecked a Northern Pacific freight train Thursday morning at the western end of the Cascade tunnel. The engine was overturned, and the engineer, William Mischo, of Tacoma, was killed.

Daniel Appleton, of the firm of D. Appleton & Co., publishers in New York, and his brother, visited Portland Friday on a trip of inspection. Business was almost the sole object of their tour, Mr. Appleton said, although their eyes were not blind to natural beauty.

Twenty years after the commission of a murder for which Thomas Hanley and Luke Kelly, the latter president of the Silver Bow Trades and Labor Assembly, and a prominent labor leader in Montana, had served seven years in the penitentiary at Butte, the real murderer is said to have confessed.

The bureau of labor at Washington, estimates that the population of Portland on January 1, 1902, was 84,000, or an increase of 3574 since the last census was taken. This leaves Portland the largest city in the Pacific Northwest, for the estimated population of Seattle is 90,000 (a growth of 9229), Tacoma, 40,000 (a growth of 2286), and Spokane 40,000 (a growth of 3152).

THE NUMBER IS 1215

NOW ENROLLED IN
PENDLETON'S SCHOOLS.

New Students Being Added Every Day and Number Will Reach 1500 by First of the Year—An Excellent Corps of Teachers.

More than 900 students are now enrolled on the books of Pendleton's public schools. The schools opened a month ago with just a few over 600 and since that time a steady increase has been made until the above number has been reached. Principal Conklin reports, progressing rapidly. All of the teachers are at their posts and giving the very best satisfaction. Never before has the city schools been in as prosperous condition as they are today and never before has the corps of teachers contained more able instructors. Their whole interests are centered upon their work.

The enrollment will continue to increase in the public school until the middle of the school year. Then some will drop out and others will come in, keeping the enrollment about the same until the last two or three months of the term. Then the enrollment will begin to drop off, owing to the number of young men who quit to go into the grain fields. Many farmer boys are attending school during the winter who have to drop out as soon as spring work opens and help on the farms. This will cut the attendance down somewhat for the last days of school.

At the Academy.

The Pendleton Academy enrollment continues to increase from day to day. The academy doors have been open the same length of time that the public schools have, but the increase has not been so marked as in the latter. The enrollment to start with was about 130 and at the end of this week the enrollment is nearly 150. A great many are yet to come in and by the first of the year the 200 mark will undoubtedly be reached. The teachers in the academy are all doing excellent work and this school is running very smoothly.

St. Joseph's Academy.

At St. Joseph's Academy there are about 175 students enrolled. This school opened several days before the public school and academy did, and the enrollment was very large on the opening day. However, since the opening, new students have been continuously coming in until the enrollment has reached the present number. As usual this school is under the very best of instructors to be had and it is progressing very satisfactorily to all concerned. It is expected that the enrollment will reach above the 200 mark within the next few weeks.

SCHOOLS ARE PROGRESSING.

Nature Study and Entomology Being Introduced in Country Schools.

County School Superintendent J. F. Nowlin spent Friday visiting the McKay and Tutuilla schools.

At McKay school, Superintendent Nowlin reports finding Miss Carmichael with an enrollment of 30 pupils and her school running very smoothly. She is guiding her pupils in nature study and entomology. She has a very fine collection of bugs and insects, including centipedes and other rare specimens of this part of the country, and her school is very much interested in the work along this line.

The Tutuilla school is being taught by George Roberts and while his enrollment is very small, he has a very good school and is progressing rapidly. Mr. Nowlin says to take the country schools as a whole they were

Those Frazier Tablets

If you want to have a tablet
That has the best demand,
Go to FRAZIER'S BOOK STORE
And say "Owl is the brand."
They only cost five cents.
And that you can well afford,
For you get twice the usual amount,
At FRAZIER'S BIG BOOK STORE.
But the Owl is not alone, now mind,
For there is a hundred other kind,
And all of such a fine degree
That you can not bear to see
Another kind on your desk.
And they are so very cheap,
That you will exclaim, "How steep
Those other people are."
Now, if you want the smoothest snap
From England to the Pacific shore,
Just give your legs a little tap.
And say FRAZIER'S BIG BOOK STORE.
Then you will receive a tablet so big,
For a little price so small,
That you will have to set in and dig,
To get it used up at all.

EDGAR SMITH.

never in a more flourishing condition than at the present time.

The New English Stamps.

Now that the King of England has been crowned, that government is preparing to issue a new series of postage stamps showing him wearing his crown in place of the wreath represented on the present ones. It is generally admitted that now is the proper time to make the change as it was considered inappropriate to represent him wearing his crown before the coronation had actually taken place. The proper time to commence taking Hostetter's Stomach Bitters is at the first symptom of a disordered stomach, such as sick headache, belching, heartburn, indigestion, dyspepsia or constipation. By strengthening the stomach and perfecting digestion these ailments are completely cured, and your health in general is made better. Be sure to try a bottle.

Lecture Course.

There is a plan in contemplation to have a series of lectures at the Congregational church next month on the university extension plan. Arrangements are almost perfected to have them delivered on Friday evenings by professors of Whitman College. They will be educational in their nature and will appeal to all intelligent people. The purpose, it is claimed, is to inaugurate here what has proved so successful and profitable in many Eastern cities, to carry to the people some of the privileges of college life.
