Red 204 of the proposed Eastern Oregon forest withdrawal. reserve in Grant county, about which so much has lately been said and written. He returned hurriemy from City Chamber of Commerce, advance notice of which he read in the Herald while in the wilds of Pine valley. He arrived in time to be present at the meeting, but was sorely disappoin-

ed at the proceedings thereof,
"I was surprised," said Mr. Gwinn yesterday to a Herald representative, "at the lack of interest in the pro-posed reserve displayed by your chamber. I listened attentively to the expression of opinions by members at the meeting expecting to hear something new either for or against the proposed reserve. In this I was not disappointed, because one member of the chamber i na speech antagonistic to a withdrawal of the Strawberry mountain region, an-nounced that as a result of extended observation he had become convinced or the fallacy of the theory that the cutting of timber near the headwaters of mountain streams caused a decrease in water supply. This statement, so diametrically opposed as it is to the observation of eminent povernment engineers was rather a

As I understand it, a certain area of land has been withdrawn from settlement in the Strawberry mountain region, pending the final and definite creation of a forest reserve within final and definite limits. I believe that

WHY BLUE MOUNTAIN RESERVE. Mr. Hermann, in withdrawing so much and temporarily has profited by the in other localities, and has set aside a wide area surrounding the lands to be finally created into a reserve order to forestall and prevent a rush of speculators who would otherwise ludulge in a wild scramble to file on or purchase property along the re-serve's borders. I have not the slightest doubt in the world that when the Blue mountain forest reserve is finally created by the interior department, it will not include more than one-half of the lands set aside temporarily in Commissioner Hermann's order for

"It is the aim of the department, as I understand it, not to cripple the settlement and development of the Straw berry mountain country, but to create the Panhandle Wednesday in order to a forest reserve there of a sofficient be present at the meeting of Baker area to conserve the water supply of the numerous streams in that sec-

If the people of Grant county and of Eastern Oregon will look at the matter in the right went, they will understand how important is the untter of conserving the water supply of that region before it is eternally too late in order that the vast areas of arid lands in Grant, Harney and Malheur counties, may be excutually reclaimed by irrigation.

"It is useless to cry 'Fraud' and 'Boodle!" and fight the creation of this reserve because it is bound to be created. The department, acting upon the reports of its competent engineers knows its business and understands the necessity of creating a safeguard against the denuding of the mountain ranges of their timber and the consequent destruction of sources of water supply.

"All this rot about 'range wars, 'timber land grabbers,' 'lleu land script dealers,' etc., counts for little as the department is in possession of facts, and demands facts in refutation.

In that event I am safe in asserting that the department of the interior will do nothing but what is exactly right and proper in the prem

"Your paper has had much to say recently of the benefits which would accrue to the sheepmen of Eastern Oregon from the creation of this re-serve. You have taken pains to point out that owners of sheep are issued permits by the interior department to graze their bands within the limits of the reserve. This is so. But you have taken the stand that on account of this fact the sheepmen are purely selfish in advocating the creation of the reserve. Perhaps this is so. But upon the same grounds the mining men of this section should favor the idea, because with sheep confined to a reserve, the embryonic war brewing between miners and sheepmen on acmining property, will come to an end.
"It is a big proposition, but I am

firmly convinced that the department of the interior will in the end do the right thing for all parties con-
