Plasterers are at work today re-
pairing the county treasurer's office at
the court house. A large patch of the
plastering had fallen from the ceiling
and this is being replaced and other
repair work done on the room.

A large and beautiful oleander tree
has been placed in the interior of R.
Martin's family grocery and bakery,
where it casts its fragrant odors over
the store. The tree is in bloom and
makes a very pretty view for those
entering the store.

T. C. Taylor, the hardware man, has
just received one of the largest ship-
ments of stoves that ever came to
Pendleton. The order includes a great
variety of heating and cook stoves and
steel ranges and some entirely new
ideas are shown. Mr. Taylor is hand-
ling Cole's original hot blast coal
stoves and airtight wood stoves,
which have proven a great advance-
ment in stove-making. It will be time
well spent, if you contemplate buying
a stove, to call and examine the new
stock at Taylor's. The large adver-
tisement in this issue contains some
interesting reading on the stove ques-
tion.

Chosen President of the U. of W.
Senior Class.

Seattle, Wash., Oct. 14.—After one
of the most bitter contests in the
history of the institution, Roland N.
Oliver, of Pendleton, Ore., has been
elected president of the senior class
of the University of Washington, this
being the highest honor in the gift
of the class. Oliver had five formid-
able opponents, but his popularity won
him the fight.

Oliver is one of the prominent mem-
bers of the school, being a leading
figure in the Sigma Nu fraternity. He
was captain of last year's indoor
baseball team, and a member of the
'03 rowing crew. Oliver entered the
institution last year from the Ohio
Wesleyan University, where his fresh-
man days were done.
