GRAND CHANCELLOR

J. W. MALONEY, OF PENDLETON, HONORED BY KNIGHTS.

Elected by Acclamation to the Position of Grand Chancellor of the Oregon Grand Lodge of the Knights of Pythias—A Deserved and Popular Recognition.

James W. Maloney, of this city, was elected grand chancellor of the Knights of Pythias for the state of Oregon at their annual election of officers at Portland yesterday.

J. T. Lankle, who is a delegate from Damen lodge, made the nomination, which was received by great applause by the Knights present, showing that Mr. Maloney was the most popular man in the lodge and the man wanted for the position.

Mr. Maloney was vice-chancellor, from which position he goes to the highest office at the hands of the state organization. He succeeds J. H. Aitken, of Huntington.

No man is better and more favorably known among Knights of Pythias in Eastern Oregon than Mr. Maloney. He is not only a popular Knight, but has held high political positions at the hands of the people. He was elected county recorder two successive terms, which position he held with credit to himself, and has been assistant cashier of the First National Bank of this city for the past two years. Before making his home in Pendleton, Mr. Maloney was in the mercantile business in Athena, where he was also postmaster for a term. He is a man who gains and holds the good will and confidence of all who make his acquaintance and is very popular.

Other officers elected at the grand lodge meeting were: E. Waldman, of Portland, vice-chancellor; I. M. Curt, of Albany, grand prelate; M. F. Davis, of Union, grand master at arms; John W. Wall, of Hillsboro, grand inner guard; G. C. Mosier, of Portland, grand outer guard, and J. A. Aitken, of Huntington, grand trustee.

OLD CLOTHES SOCIAL.

The B. P. O. E. Will Entertain at Music Hall Thursday Evening.

Pendleton Lodge No. 288, B. P. O. E., will give an "Old Clothes" social in Music hall Thursday evening, at which time those fortunate enough to get an invitation have a chance of indulging in dancing and card playing.

The invitation being sent out, reads: "The Elks' lodge of Pendleton, believing that a great many people of the city could be benefited and assisted through the winter with the old clothes of their more fortunate fellow beings, take this method of procuring contributions of such articles. You are therefore asked to be our guest on this occasion, and if you have any old clothes which you have laid aside as useless, or old cast-off wearing apparel of any kind, the same will be thankfully received and distributed during the winter where it will do the most good. Tie your contributions in a bundle, without marks, and leave the same in the ante-room of the lodge hall on the evening of the social."

FINE STOCK AT SPOKANE.

C. B. Wade Purchases Fine Blooded Animals at Inter-State Fair.

If a person should visit the Spokane Inter-state fair only to see the stock display, he would get his money's worth, is the opinion of H. H. August, the well known stockman, who returned yesterday from a week's trip through the upper country and at the fair, says the Walla Walla Statesman. "The stock display at the fair beats anything I ever saw," he said this

morning, speaking of his trip. "The exhibit includes high-grade Herefords, Durhams, Jerseys and in fact, almost every grade of cattle known. The Herefords and Durhams were the most prominent, however, the Sparks Brothers of Reno, Nevada, and the Oak Hill Farm, owned by the Ladds, of Portland showing many prize winners.

"C. B. Wade, the big Umatilla county stockman, bought a red roan cow auctioned off by the Ladds, paying \$1000 for her. He also bought a thoroughbred roan bull for \$925, and a yearling heifer for \$500. A person can judge what kind of cattle were on display when they bring prices like that. Eastern cattlemen, who were at the fair said they never saw such a fine lot of cattle at any one time and they were men who make it a business to deal in fine cattle."

Injured by Mine Explosion.

Howard Drullard, a miner employed at Bill Turner's property, adjoining the Oro Fino mine, near Granite, was brought to Baker City Saturday afternoon and taken to St. Elizabeth hospital for treatment, he having met with a severe mishap through the premature explosion of a powder charge. His face is badly bruised and lacerated and the eyes painfully injured, though it is not thought the sight will be permanently lost.—Baker City Herald.

CATARRH

The treatment of Catarrh with antiseptic and astringent washes, lotions, salves, medicated tobacco and cigarettes or any external or local application, is just as senseless as would be kindling a fire on top of the pot to make it boil. True, these give temporary relief, but the cavities and passages of the head and the bronchial tubes soon fill up again with mucus.

Taking cold is the first step towards Catarrh, for it checks perspiration, and the poisonous acids and vapors which should pass off through the skin, are thrown back upon the mucous membrane or inner skin, producing inflammation and excessive flow of mucus, much of which is absorbed into the blood, and through the circulation reaches every part of the system, involving the Stomach, Kidneys and the other parts of the body. When the disease assumes the dry form, the blood becomes exceedingly foul, blinding headaches are frequent, the eyes hearing affected and a constant ringing in the ears. No remedy that does not reach the polluted blood can cure Catarrh. S. S. S. expels from the circulation all offensive matter, and when rich, the blood is again coursing through the body, the mucous membranes become healthy and the active, all the disagreeable, painful symptoms disappear, and a permanent, thorough cure is effected. S. S. S. being a strictly vegetable blood purifier does not derange the Stomach and digestion, but the appetite and general health rapidly improve under its tonic effects. Write us about your case and get the best medical advice free. Book on blood and skin diseases sent on application.
