WEDDING BELLS.

Three Umatilla County Couples Made Happy Wednesday.

At the home of Mr. and Mrs. R. M. Alcorn, 15 miles northeast of Pendleton, occurred the marriage of their only daughter, Miss Martha E. Alcorn to Edward F. Terney, Wednesday. Judge George A. Hartman was called out to perform the ceremony. The bride is a very popular young lady and has spent several years teaching school in Umatilla county. The groom is a popular young farmer and the happy young people will make their home on his place northeast of town. Only a few friends beside the family were present to partake of the wedding feast which was spread by Mrs. Alcorn after the ceremony.

Pell-Schwandt.

At the home of the bride in Weston yesterday, occurred the marriage of Leonard G. Pell and Miss Etta Schwandt. The bridegroom is the popular young merchant of Helix and the bride was one of Weston's charming young ladies. After the wedding the happy young people left for their home at Helix, where a grand ball was given last night in honor of the occasion. Over 200 invitations were sent out for the ball and the affair was one of the largest ever held in the little town of Helix. Kirkman's orchestra went up from Pendleton Wednesday evening and furnished the music.

The wedding was performed in the presence of only a few friends of the contracting parties and the young people left this morning for their home at Weston.

Hallowe'en Social.

Invitations are being sent out by Misses Frazier, Railey, Beach, Lane, Folsom, Thompson, Roberts and Alexander for a Hallowe'en social which will be given at Music hall on Saturday night, the 31st of October. The invitation is very neat and at once attracts attention. It is composed of three sheets of paper cut into the shape of a pumpkin and tied together with a dainty piece of ribbon. The front cover is yellow, which adds to its pumpkin-like appearance. The invitation is in rhyme and reads: "Come hunt your broomstick, one and all, And fly at nine to Music hall; On Hallowe'en, neath witches' power, We'll revel 'till the midnight hour."

Elks Entertain Tonight.

Tonight Lodge No. 288, B. P. O. E., of Pendleton, will give their "Old Clothes" social and dance at Music hall. Each one to receive an invitation is earnestly requested to bring all the old clothes he has and drop them in the ante-room where they will be gathered up and distributed among the unfortunate poor.

PRaises INDIAN SCHOOLS.

National Superintendent Gives Glowing Account of Miss Gaither's Work.

Washington, D. C., Oct. 16.—Miss Estelle Reel, superintendent of Indian schools, recently returned to Washington after a summer spent in the field. Aside from actively participating in the institute held at Newport, Ore., last August, Miss Reel visited several of the Oregon Indian schools, and makes most favorable and glowing reports about each. In speaking of the institute, Miss Reel said it was one of the most successful ever held. The credit for its success was due to Superintendent Potter, of the Chemawa school, and to Assistant Superintendent Campbell, as well as Supervisor Chalcamp and President Buchanan, of Puyallup. In fact, all of those interested in the education of the Indian, in both Oregon and Washington, displayed an unusual interest and contributed their share towards making the institute a success.

"Newport is an ideal place for hold-

ing our institutes," said Miss Reel. "I do not know where the next one will meet, but it could not find better accommodations than we had this summer. I believe next year's institute will almost, if not quite, equal the National Institute, so great is the interest taken by your Pacific coast people."

Miss Reel is very proud of the development of the Indian school at Umatilla. "That school shows what a woman can do," she declared, with some pride. "I tell you, there is no man could make more of that school than has Miss Mollie V. Gaither, since she took charge. That is one of the best schools in the service, and is doing excellent work. Miss Gaither, although an Eastern woman, seems especially adapted for instructing the Indian. So popular has she proven that the citizens of Pendleton and others who take a great pride in the school are sending in petitions to the office, asking that Miss Gaither be appointed warden superintendent, and be given absolute control. Miss Gaither herself does not want to shoulder some of the duties that devolve upon a bonded superintendent, and is content to retain her present position, for the time being, at least."

Andrew Kershaw is another one of the Oregon officials who is highly praised by Miss Reel. She says it is due to his untiring efforts that the Grande Ronde school has reached its present high standing of efficiency. Siletz school, under D. D. MacArthur, was found to be equally progressive. These two schools are working in harmony and the reports from the Indian children who have passed through their prescribed courses testify as to the quality of the work they are doing. In a word, Miss Reel found the Oregon schools all that could be asked and possibly more. They compare favorably with schools of the same size in other states.

Great Britain's Strength.

From the recent trade returns of Great Britain can be learned wherein lies the great reserve power which enables that country to build a greater navy and carry on such long and expensive wars. The wealth of the average person depends greatly on the condition of his health, and for this reason it is essential that we take the best possible care of it. An occasional dose of Hostetter's Stomach Bitters will do much toward keeping you in good health, and if taken regularly will cure flatulency, belching, indigestion, dyspepsia, constipation, nervousness, liver and kidney troubles or malaria, fever and ague. If you are a sufferer from any of these diseases you should certainly give it a trial. It will not disappoint you.

Are Killing Bear.

A telephone message was received from John Endicott, who with H. C. Guernsey is at the Springs, saying they had killed a bear and Guernsey had purchased a deer skin with the head and horns. There is an old story about a man going fishing and meeting a fisherman, from whom he bought a nice string of fish and palmed them off on his friends for his own catch. This story has no reference to the bear killing, but it is suggested that it might be well for Mr. Guernsey's friends to remember it when he returns.

REFUSED INTERMENT.

Body of Briscobols Refused Admission into Indian Burying Ground.

After taking the body of Ed Briscobols, who died in this city Monday night, to the Umatilla agency, the Catholic priest in charge refused to allow it to be laid to rest in the Indians' city of the dead.

The excuses given for the refusal was that Briscobols had been married the second time, and according to the traditions of the burying ground those who had taken a fair maiden to the marriage altar more than once could not lie by the side of those who had never been guilty of this grave offense in the sight of God.

Briscobols' friends were compelled to bring the body back to Pendleton, and purchase a lot in the Olney cemetery, where it was interred at a late hour Wednesday afternoon. The funeral services were conducted by Rev. Levi Johnson, and after the services the friends of Briscobols, who had followed the remains to the last resting place, filed around the grave and each cast a handful of earth into the grave, according to the rites of the Indians.
