H. COPELAND FINED

RODE BICYCLE ON WALK WITHOUT A LICENSE.

Newsboys Much Put Out by the New Ordinance—City Officials Also Displeased With the Fee of 50 Cents a Month.

H. Copeland was fined \$2 in police court this morning for riding a bicycle on the sidewalks last night without a license or light. Apparently many people have forgotten that a new bicycle ordinance has been passed by the city council that went into effect the 15th of this month. This new ordinance provides for bicyclists riding on walks between the 15th of October and the 15th of April by paying a license of 50 cents a month, and prohibits riding on walks at any other time of the year.

Regardless of this, men and boys are seen on the walks without a license every day. Some of them know they are breaking the ordinance and are liable to a fine and ride on the walks in the outskirts of town, where the police seldom visit, and others ride on them because they are ignorant. The law excuses no one. All are liable to a fine alike and the maximum is \$25.

Although this ordinance has been in force since Wednesday and the license fee is only 50 cents a month, up to this forenoon only 17 licenses had been taken out.

Newsboys Kick.

The newsboys are about the only ones making a kick against the new ordinance. They sent in a petition to the city council asking that they be allowed on the walks during the time they were delivering their papers, without paying the license, but no action was taken on the matter at the meeting of last week. The boys were greatly in hopes of getting the petition granted at the next meeting, but as there was no meeting last Wednesday night it is hoped that it will be taken up and passed upon favorably at the next meeting.

Salaries Too Small.

The newsboys claim that they are paid such small salaries for delivering papers that they can ill afford to pay the license, but they are almost compelled to ride on the walks in order to make quick deliveries. During the winter months it will be impossible for them to wheel in the streets and if denied the walks without a license, many of them claim they will have to deliver their papers on foot, which will make it very unsatisfactory to the reading public, as it will take them several hours longer to deliver their papers on foot than it would were they permitted to ride wheels on the walks.

Ordinance Unsatisfactory.

The officers are not very well pleased with the new bicycle ordinance as it passed. The license fee of 50 cents a month, it is thought, will cause much more trouble than had the ordinance read so as to compel the rider to pay the whole six months license at one time. Some of those buying licenses for a month will have to be watched very closely by the officers to see that they do not override their time and then will have to return the license and get a new one. This will make more work for both the police and city recorder, as each month a license will have to be issued.

CORN OUTPUT ABOUT ATHENA.

Most of the Crop Will be Used on the Hog Ranches.

The corn output of the Athena neighborhood this season will approximate 30,000 bushels. It is a handsome increase over the showing made last year and the product of about 1000 acres. The yield this fall will average about 30 bushels an acre, 24 and 36 representing the extremes on most of the farms raising this variety. The most of it is grown on the reservation, where a splendid article can be produced.

Of this agreeable yield the exportation will probably not pass three car-

loads, which, as usual, will be marketed on the sound, says the Review correspondent. It speaks well for the progress of diversified farming around Athena to say that nearly all of the rest will be fed on the hog ranches tributary to this point. The shipments to the sound last season ran from three to five carloads.

Rotation of Crops.

The farmers around Athena say that wheat and corn will go as well as rotation of crops on the rich soil of the reservation and neighborhood. If this statement proves true, after a year or two corn raising and corn feeding will be greatly increased over what it is now. Henry Adams, representative-elect of Umatilla county and an official of the Athena National Bank, secured control of the Athena flouring mill plant and intends starting it before long. It is probable that he will feature the chopping business, possibly starting a chopper before the mill is put in operation. Considerable corn will be chopped for feeding purposes in this event.

Hog raising is forging ahead quite rapidly as a Umatilla county industry. Athena and Pilot Rock being the principal centers. With its advance, corn raising is bound to go ahead too, especially as it is the opinion of ranchers that wheat and corn culture will blend excellently here.

Manufacturers of brooms are the latest to enter into a merger and will organize with a capital of \$5,000,000.

Makes the Hair grow. Clears the Complexion. Softens and whitens the Hands. Preserves and beautifies the skin of Infants and Children.

Absolutely pure, delicately medicated, surprisingly effective. Cleanses, softens, and restores the skin of the face, neck, hands, and feet. For the treatment of eczema, dandruff, and other skin ailments.

Sold everywhere. British depot: Newmarket, London. Foreign: D. & C. Corp., 500 State Street, Boston, U. S. A.

The Place to Live.

Weston is among the prettiest home towns in Oregon and has the only state educational institution—the Eastern Oregon State Normal School—in this part of the state. Weston is abundantly supplied with pure water and has granted free water for household purposes for 10 years to all persons who build houses prior to April 1, 1903. You can obtain a good building site on Normal Heights, with water, sidewalks, grading and shade trees free, at a low figure. If you are seeking a pleasant home at an educational center, address the Weston Improvement Co., Weston, Or.

Notice.

All persons knowing themselves indebted to me must settle by October 10th, or their accounts and notes will be placed in the hands of an attorney with instruction to collect.
E. L. SMITH.

At bedtime I take a pleasant herb drink, the next morning I feel bright and my complexion is better. My doctor says that it acts gently on the stomach, liver and kidneys and is a pleasant laxative. It is made from herb, and is prepared as easily as tea. It is called Lane's Medicine. Lane's Family Medicine moves the bowels each day. Price 25c and 50c. For sale by Tallman & Co., sole agents.
