Out of Death's Jaws.

"When death seemed very near from a severe stomach and liver trouble, that I had suffered with for years," writes P. Muse, Durham, N. C., "Dr. King's New Life Pills saved my life and gave perfect health. Best Pills on earth and only 25c at Tallman & Co.'s drug store."

ARE STILL AT LARGE

Men Who Stole the Chinaman's Animals Still Out of Sight.

The men who stole the Chinaman's horse at White's sawmill, a few miles over the line in Morrow county, last Tuesday morning, have not yet been apprehended. Neither have the animals been found. Where the men went to and what they did with the animals is a mystery, as every effort has been made to locate them, but to no avail.

Although the crime was committed in Morrow county, the sheriff of Umatilla county has been helping in running down the thieves, and is doing all in his power to locate the guilty parties.

At bedtime I take a pleasant herb drink, the next morning I feel bright and my complexion is better. My doctor says that it acts gently on the stomach, liver and kidneys and is a pleasant laxative. It is made from herb, and is prepared as easily as tea. It is called Lane's Medicine. Lane's Family Medicine moves the bowels each day. Price 25c and 50c. For sale by Tallman & Co., sole agents.

TO FORM A LEAGUE

TO PLAY INDEPENDENT BASE BALL NEXT YEAR.

Scheme Originated in Vancouver and Beside the Local Team Will Include Pendleton, Walla Walla, Dayton, Everett, Whatcom, Victoria, B. C., and Vancouver, B. C.

Will Pendleton enter an independent baseball league for next year's season? This is the question which has been put to the local management of the league and an immediate answer is desired.

The movement originated in Vancouver, Wash., and it is the intention of those back of the scheme to have eight teams in the league which will include the Pendleton team, five teams in Washington and two in British Columbia.

Pendleton had not been figuring on such a move and the first hint of the matter was received through a letter this morning from Vancouver, Wash., which asked that Manager Cohen, of the Pendleton league, meet with the managers of the other teams for this purpose. The letter follows:

"Management of the Pendleton Baseball Association, Pendleton, Or.: Dear Sirs—A meeting will be held in this city on October 31st for the purpose of forming an independent baseball league.

"I have written Dayton, Walla Walla, Everett, Whatcom, Victoria, B. C., and Vancouver, B. C., for their idea in the matter. Kindly let me know at once if you will enter your team providing such a league is formed, and if it will be possible for you to attend the meeting in person.

"Respectfully yours,
 "WALTER C. MILLER,
 "Assistant Manager Vancouver, B. C."

Just what will be done with this proposition is not known, as the matter has not yet come before the members of the association. It is probable, however, that if the league is formed Pendleton will be included, but whether a representative of the Pendleton league attends the meeting or not is not yet decided.

If formed, this will make one of the strongest independent baseball leagues in the Northwest, it has been recognized that Pendleton had the strongest baseball team among the small towns in the Northwest last year and if she enters this league she will certainly do her best next season, although the proposition of forming the league will be the meaning of having to play against the best talent to be had in the West for all of the towns spoken of above are ambitious and will go into the league to win, regardless of cost.

COMMERCIAL ROOMS IMPROVED.

Partition Changed and Ping-Pong Table Added.

Considerable changing around and improving has been going on in the Pendleton Commercial Club rooms recently.

The partition in the west end of the rooms has been removed back several feet to give more room for the billiard tables and several new features of amusement have been added. Among them is a ping-pong set. The lights have been arranged over the billiard tables in such a manner as to give much better light for players after night and all told, the rooms are in better shape than before.

NEW WEATHER MAN.

Roscoe S. Bryson Has Succeeded William Milton.

Roscoe S. Bryson is the new weather man for Pendleton and hereafter he will be blamed for the kind of weather dished out to the people of this city.

Mr. Bryson succeeds William Milton, who has been voluntary local observer for the past several years, but was compelled to give up the business on account of having to be away from home. The instruments are now located in a much better place for observations than before. They are at Mr. Bryson's home on the hill north of the river.

Accident to Submarine Boat.

The recent accident to one of our submarine boats has lessened the popularity of this class of vessels, and because of the numerous accidents which have overtaken them since their adoption will always be regarded as doubtful. The best defense of the country so far as the navy is concerned, is chiefly in our large armored vessels. The best means to defend your health can only be found in that celebrated family medicine, Hostetter's Stomach Bitters, because it has always proven reliable and will do all that we claim for it. Hundreds of people who have tried it voluntarily testify to the fact that it positively cures flatulency, headache, nervousness, indigestion, dyspepsia and malaria. Then try a bottle and see for yourself.
