HE FORGED CHECKS

V. E. FINCH CASHES WORTHLESS PAPER FOR \$40.

Supposed to Have Left Town Saturday Night—Not the First Time He Has Been in Trouble.

Nothing has been heard of V. E. Finch, the young man who forged four different checks Saturday evening, since he stepped out of the St. George saloon about 7 o'clock that same evening.

Finch is a young man whose parents live here and is well known. While he has not been a criminal, and was not looked upon as a young man who would attempt to commit crime of such a great offense as uttering false checks, he has been in several different little scrapes which got him into trouble. Saturday evening he went round to four different places and got checks cashed. The first place he visited was the Golden Rule bar, where he bought a glass of beer for himself and a friend and tendered a check for \$7.15 as payment. The check looked genuine and was cashed without a word and Finch got the change in cash. Then he went to two other places and cashed checks, one amounting to \$7.15 and the other to \$11.15. At each place he bought a glass of beer for himself and friend and got the rest of the check in cash; his victims knowing him so well that they never once thought they were being made the victims of a hold-up.

The last place Finch visited was the St. George. Here he bought the accustomed drinks and tendered a check for \$16. It was cashed without a word and he immediately left the place. This was the last time he was seen by anyone in town. It was just as the W. & C. R. train was leaving town and it is possible that he boarded this train and left town. No suspicion was felt about the checks until Monday forenoon when Mr. Kelly took his check to the bank to get it cashed. There he was told that the paper was worthless and he immediately informed an officer and had a warrant sworn out for the arrest of Finch. He had two nights and a day the start of the officers by this time and his whereabouts now is not known.

Finch's parents are considered among Pendleton's best people and his acts are unexplainable. A few months ago he got into a serious mixup here and it was only for the interference of his parents that he was kept from jail. He was working for Julius Gardarian in the country, and stole a pair of trousers from his employer. He was arrested and the trousers found and returned to the owner when the matter was dropped and Finch allowed to go. His last offense is too grave to be smothered over, and if he is apprehended he will undoubtedly get to serve a term in the penitentiary. He is a young man not more than 19 years of age.
