IT WILL BE BUILT

AN ELECTRIC ROAD FROM PENDLETON TO LEWISTON.

President Mellmann Declares That Work Will Begin in Ten Days—Has the Money Ready—Power to Come From the Tukannon.

"Not only will the electric line be built from Pendleton to Dayton, Washington, but it will be extended from the latter place to Lewiston, Idaho. We have the money ready for the enterprise, and all of the arrangements except securing a few strips for a right of way between the last two points mentioned."

This is a statement made by H. Mellmann, president of the Washington & Oregon Electric Railway, Light & Power Company, which will start construction inside of ten days on a line to start from Pendleton, Ore., and to end at Lewiston, Idaho.

"I worked hard," continued the president, "to raise the money in Portland, but I failed. I had no trouble in getting the necessary funds in the East, and we are ready to go ahead with the work. The proposed road runs for the most part over a flat country, and will cost very little for grading, about 3 cents a yard. The force will easily make a half mile a day over the best parts. We have secured all of the necessary rights of way between Pendleton and Dayton and anticipate no trouble in getting the same between Dayton and Lewiston. At first it was intended to build only the line as far as Dayton, but upon the representation of the business to be had for such a line to Lewiston, and as we have plenty of funds to carry on such an enterprise, we decided upon the extension. We naturally feel somewhat independent about the matter. The power will come from the Tukannon, near Pomeroy. We have all of our water rights secured, and will have enough power to not only light up the towns along the line of our railway, but to supply manufacturing interests as well. You will see a great improvement in the territory adjacent to our line in the next few years."

CANDIDATE CATCHES THIEF.

Idaho Nominee for Legislature Makes Himself Useful.

Hugh Fulton, one of the nominees on the democratic legislative ticket for this county, arrived quite unexpectedly on the stage Sunday morning, having in tow a horse thief named Bob Childers, says the Grangeville Free Press. It appears that Mr. Fulton was camped at Burgdorf's hot springs, near Warren, on October 8, when Burgdorf's horse was missing. After searching for 48 hours, he ascertained that the animal had been stolen and he set out in pursuit, and notwithstanding that Childers had got a 48-hours' start, Mr. Fulton succeeded in overtaking the fugitive at Baker City, Ore., and arrested him there on October 12. The arrest was made without waiting for the formality of requisition papers and Mr. Fulton started out for Grangeville with his man without assistance, having captured him by sheer bluffing. At Colfax, on Saturday, they had a wait of several hours for the train to Moscow, and as the fair was in progress the horse thief in some way communicated with his friends with the result that later in the evening Mr. Fulton found him in possession of a loaded six-shooter with which he undoubtedly would have killed Mr. Fulton on the first opportunity. But Mr. Fulton has had much experience in dealing with the criminal element during the time he was in the service of the penitentiary, and Childers found himself "up against the real thing" with no chance of getting away from it.

Mr. Fulton has also secured a written confession from his prisoner implicating a whole gang of associates who are in the horse and cattle rustling business, and who have been camped at the Burgdorf hot springs all summer. Sheriff Dixon and deputy left early Monday morning to capture the entire gang, together with such stolen property as may be found in

their possession, and of which Childers gave a description.

The man Childers has a bad record as a desperado, having killed a man in Canyon City, Ore., and done time therefore in the Oregon penitentiary. The capture of the notorious criminal by Mr. Fulton acting single handed and alone, is a big feather in the cap of our legislative nominee, and bears out the record he brought with him to this county—that he is a man of sheer grit and bulldog tenacity, and this latest enterprise will not lower him in the public estimation. He is a good man to tie to, and he was never known to desert a friend. The people of Idaho county will find no more loyal and faithful representative in the halls of legislation than Mr. Fulton.—Boise Capital News.
