SHE WAS HIS SLAVE

COMPELLED TO EARN MONEY FOR HUSBAND TO SQUANDER.

Mrs. Porter Asks for Divorce, Alleging That Her Husband Has Treated Her Most Brutally.

Lois Porter vs. Leonard Porter, is the title of a suit filed at the courthouse this forenoon for divorce.

The allegations state that Mr. and Mrs. Porter were married in Clackamas county in 1899. She tells the usual story of cruelty and failure to provide. She says three months after their marriage defendant began a course of cruel treatment and would spend most of his nights away from home attending dances, and leaving her alone to care for herself. He squandered his money in various ways, but failed to give her any of it, with which to buy clothing and some thing to eat and she says she was compelled to work out to support herself. She further alleges that in 1891 defendant compelled her to split the wood with which to do the cooking, when she was caring for their child, which was only a few months old, and she was hardly able to be out of bed, let alone doing such work. During the summer just passed plaintiff, she alleges, compelled her to cook in the harvest field and when harvest was over compelled her to go with him to the valley and pick hops while he lay around and squandered the money she earned. At one time, she further states, he knocked her down seven times in succession, his last cruel treatment of this sort being on the 29th of the present month. At that time she says she came home and after abusing her and striking her several times threatened to kill her. Defendant carried a pistol and plaintiff says he has a violent temper and she was afraid he would do her and the child bodily harm some day while in a "tantrum" unless prohibited by the court.

In addition to the divorce, plaintiff asks that she be awarded \$75 attorneys' fees and \$20 a month alimony during the pending of the suit, together with \$20 a month for the maintenance of their child during its minority. James A. Fee is the attorney for plaintiff.

A COLD-NATURED MAN.

A Crematory Heated Three Times Hotter Than Three Just Suited Him.

State Superintendent Ackerman was discussing the cold or lukewarm teacher before the county institute. He said he liked to see teachers put life into their work; he did not like to see any one go about work in a cold, listless way. Cold people were no good any way. He told about a fellow that was so cold that they finally thought him dead. As he was a cold subject it was decided to cremate him. The man who did the cremating was instructed to heat the apparatus three times as hot as usual and to keep the corpse in the furnace three times as long as the regulation time.

The instructions were followed to the smallest detail. The fire was kept going three times as long as usual and the furnace was made three times as hot. The relatives had gathered about the place and an urn was prepared in which to receive the ashes.

But when they opened the furnace the supposed dead man cried out, "Shut the door, I feel a draft!"

MACCABEE SOCIAL.

Woman's Lodge Surprised the Sterner Sex at the Last Meeting.

At the last meeting of the Maccabees a delightful evening was spent by the members during the fore part of the evening in smoking, but the genuine pleasure came later. The Lady Maccabees had planned to surprise the men and had prepared all kinds of good things to eat for the occasion. When the men had enjoyed the solitude of the hall by themselves as long as the women thought proper, they ascended upon them and taking them by surprise, had the hall for the rest of the evening. The floor was cleared and dancing was indulged in while some played cards. The lunch was classed as the best ever, while all said the surprise was certainly enjoyed. On the 11th of November the two lodges will combine in a social.

BUYING WINTER SUPPLIES.

Ranchmen of Interior Come 200 Miles To Buy at Pendleton.

Pendleton is fast becoming recognized as a town where the best merchandise can be secured for the least money. Not a day passes but from one to a half dozen four-horse wagons are not loaded here for points in the interior and it frequently happens that loads are taken from here right into or past other towns where the same goods could be procured but Pendleton merchants undersell those of the other towns and a long drive is made to save a few dollars.

Yesterday J. H. Hayes and son, of Morrow county, drove out of town with two four-horse loads of goods for their winter use.

These men are said to live beyond Heppner, in Morrow county, and to get to Pendleton they had to drive through the county seat of Morrow county. This being the case there must be a cause for it. Men of means would not hitch up a team and drive 100 miles for something they could get at the same price at home.

The above is only one instance. Teams come here from as far as 200 miles into the interior to buy their winter supplies. It is said by those traveling the roads leading south that they are lined daily with four-horse wagons coming to Pendleton for goods.

NOT A RELIEF BUT A CURE

Helena, Mont., Oct. 4, 1892.
Dr. C. A. Perrin,
Helena, Mont.
I wish to thank you for my relief. I was suffering agonies from piles and was taking morphine to relieve me, when, on the advice of a friend, I procured a bottle of your Perrin's Pile Specific and took a tablespoonful at night and another in the morning. At half past 12, noon, my wife gave me another tablespoonful, when my pain all stopped. In two days I was able to attend my regular business entirely relieved. It was simply wonderful. Truly yours,
Julius Meyhoefer, Furrier,
Helena.
