REPORT OF COMMISSIONER HERMANN MADE PUBLIC TODAY

He Recommends the Repeal of the Existing Laws Covering Timber Land.

GOVERNMENT HAS DISPOSED OF 6,250,000
ACRES OF LAND IN THE PAST YEAR.

Also Recommends an Increased Number of Wardens and Agents for the Protection of Timber Lands—Wants a Bill Passed Creating Several New National Parks.

Washington, Nov. 3.—The report of
the commissioner-general of the land
office, Binger Hermann, was made
public today. It shows that the gov-
ernment has disposed of six and a
quarter millions acres of land in the
past year, a million more than last
year. He recommends the repeal of
the existing laws covering the timber
on reserved public lands, and sug-
gests a general law instead, which
provides ample protection for forests

and at the same time permits set-
tlers, miners and others to secure
sufficient timber for legitimate needs.
He also recommends an increased
number of wardens and agents for
the protection of the timber lands.
He wants a bill passed empowering
the president to set apart as national
parks all tracts of land which it is de-
sirable to retain for public use, where
scenic beauty, natural wonders or
medicinal springs warrant.

RELIEF FOR IRELAND SOON.

Wyndham Prophesies Next Parlia- ment Will Deal With Land Bill.

London, Nov. 3.—Chief Secretary
for Ireland Wyndham made a speech
at Dover today, in which he dealt
with the nationalists' challenge of the
government's Irish policy. The speak-
er expressed his belief that the end
of the Irish question was coming
soon, and said that the Irish land
purchase bill, based upon sound busi-
ness proposals, would be the prin-
cipal measure proposed at the next ses-
sion of parliament. In the meantime
the government must vindicate law
and order, the defense of which Mr.
Wyndham said, was "frontier poli-
tics."

YOUNG MEN'S CLUB.

Plans for Organization Made Yester- day—Initiation Fee \$5.

A large crowd of young men and
the members of the Pendleton Com-
mercial Association attended the
meeting at the club rooms Sunday
afternoon to discuss the plans for or-
ganizing a Young Men's Club.
It was decided that the initiation
fee should be \$5 and the dues should
never exceed \$1.50. If it is found that
the rooms can be fitted up and main-
tained for less money than \$1.50, the
monthly dues shall be cut to \$1.25 or
perhaps \$1. It will cost quite a little
to equip rooms, therefore the \$5 ini-
tiation fees are made large to meet the
expense. The committee on member-
ship is now working to secure 100
members on the new plan and these
names will be presented before the
Commercial Association at its busi-
ness meeting Tuesday night for ap-
proval.

The matter of quarters is a prob-
lem at the present time. The rooms
occupied by the Commercial Associa-
tion are not adequate to give room
to the added paraphernalia which will
be installed. Those who go into the
organization as charter members will
have the privilege of the rooms as
now fitted up from the first day of
this month on.

with an equal number of strikers.

In a semi-official statement given
out afterward, President Loubet ex-
presses hope for an early settlement
of the strike, and declares that this

man who is a prominent manufactur-

LARGE NUMBER INSANE.

Doukhobors Are on the Way to Win- nipeg.

Winnipeg, Nov. 3.—A dispatch from

hobors have entered Manitoba en
route to this city. Mounted police
are following the army and picking up
the unfortunates. If the march con-
tinues two days more the death rate
will be terrible. The federal govern-
ment will not interfere with the fan-
atics, but the provincial government
is going to treat the advancing horde
as lunatics. It was cold last night,
and when the march started this
morning many fell by the wayside. A
large number are now completely in-

SHOOTING AT UNION.

Relatives of Kidnaped Girl Overtake Her and Companions.

A shooting affair occurred at
Union this morning at 1 o'clock in
which about 16 shots were fired and a
man and woman were wounded if the
meager news received here is true.
It grew out of the kidnaping of a
girl in Detroit last August, who has
been pursued by two brothers and two
companions since that date and
who one of the brothers and cousins
overtook in company with two men
and a woman last night and the
shooting followed.

The men have pursued the girl over
Canada, Seattle, Portland and Pen-
dleton. She had worked for a while
in the Eagle hotel here.

The girl and her friends learned that
the brother was in La Grande
last night and they took a freight
train out. The boys chartered an en-
gine and followed and caught them
at Union, where the shooting occur-
red.

Tom Jackson was the man that was
wounded and Tom Jones is the name
of the man given that was in com-
pany with the young Detroit girl.

She is the daughter of a banker in
Detroit and her pursuit and cap-
ture has cost more than \$5,000. As
soon as the men stand trial for the
shooting last night, they will return
to Detroit with the wayward girl.
