NOWLIN REPLIES

SUPERINTENDENT CLOSES DISCUSSION FOR TEACHERS.

The Teachers' Institute of Umatilla County Up to the Standard in the State.

Pendleton, Ore., Nov. 4, 1902.—To the Editor:—I notice that the morning paper resumes its attack on the late teachers' institute; and our able corps of instructors, the teachers of the county and myself are the targets at which the editor vents his spleen. I cannot afford to further discuss the fiction which runs through his editorial, suffice it to say that the state superintendent, who was present, said that our institute in Umatilla county, was as good as any held in the state of Oregon.

The editor of the Tribune would have better institutes, how? In the early days of my official career I too, thought that I would improve the institute and I thought that the proper way to do it was to put a GREAT MAN on the program, so after carefully looking over the entire field of the Northwest country, at his suggestion, I selected the present editor of the Tribune for an address before the convention. The great day came, the great man also. I was in great spirits. Hope springs eternal in the human breast, this was to be the "hit" of the institute, my reputation as an institute conductor was to be established. One hundred and fifty bright faces showing with the light of intelligence looked into the eyes of the "would-be lecturer." Alas! the truth is sad to tell; a school boy essay read in a low, dull monotone disappointment depicted on every face, with the one single exception of the speaker's. When it was over seven phonographs could not have recorded all the comments, and since that time whenever I advertise that a great man will lecture for the institute there are always some teachers who are "spirited" enough to go to a minstrel show if there happens to be one in town. Since then I am content to have men of ordinary talents like Dr. Steven Wise and State Superintendent Ackerman lecture for my institutes, and while the great editor may feel hurt that he is not invited to take some part in these meetings, I desire to assure him that he will succeed better if he will attend to his newspaper and let me conduct the institute.

Respectfully,
 J. F. NOWLIN.

"A Wise Member."

It is so seldom that we are given the opportunity to see a really good farce comedy that has absolutely no objectionable features, that we cannot afford to miss the opportunity when it is offered. The performance of C. B. Marvin's excruciatingly funny comedy, "A Wise Member," at the Frazer tonight will undoubtedly be a great comedy treat.

Mr. Marvin's company has been engaged with an eye to especial fitness, both individually and collectively. Come, laugh and be merry. Prices lower floor, 75c. gallery, 50c. box seats, \$1.00.

Going to Germany.

John Timmerman, one of Umatilla county's prominent farmers, will leave Pendleton Wednesday for Hamburg, Germany, to visit the home of his youth. This will be the third trip Mr. Timmerman has made to the old country since coming to Oregon, 20 years ago. He will go to New York by rail and from there will sail on the Deutschland, one of the fastest boats now on the waters. Mr. Timmerman will be away from Pendleton several months.

Luck in Thirteen.

By sending 13 miles, Wm. Spirey of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible fever sore on his leg. Nothing else could. Positively cures bruises, felons, ulcers, eruptions, boils, burns, corns and piles. Only 25c. Guaranteed by Tallman & Co., druggists.

Should Be More Specific.

President Roosevelt's strictures on bolting Washington State Republicans would be more serviceable for practical use if he had made it clear whether he had specifically in mind the Wisconsin republicans in King or the Turner republicans at Spokane.—Oregonian.

County Court Tomorrow.

County court convenes at the courthouse Wednesday morning. There is little business of importance to come before the court except the regular routine work of the regular terms.

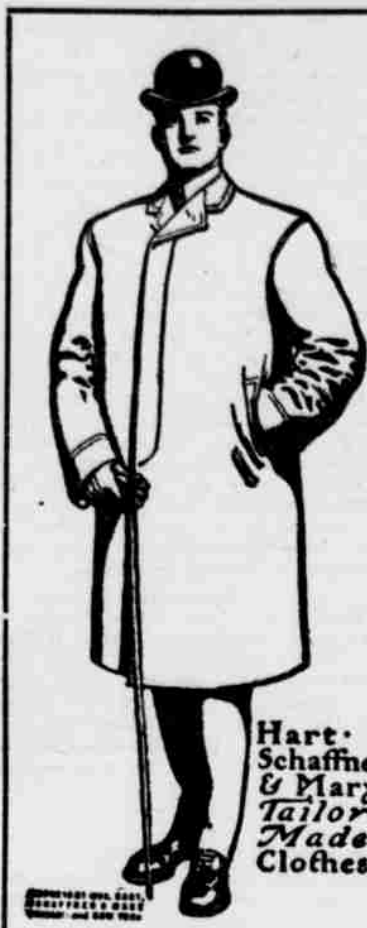

The Epworth League business meeting and social will be held on Wednesday evening at Mrs. Eppel's residence, instead of Friday evening, as announced Sunday morning. The change was necessary to avoid conflict with other entertainments. R. E. Tarbet, president.

See Withee for sewing machines; the latest and best on earth; chain and lock stitch combined. Prices 14 degrees below zero. Call and see me. It will pay you.

People who are interested in nice linens for Thanksgiving should see the display in the window at the big Boston Store.

Clothes Cleaning Establishment Entered by Burglars.

J. E. Holland's clothes cleaning establishment, on the corner of Webb and Garden streets, was broken into last night and robbed of several garments.

Mr. Holland has been in Pendleton some time, but only recently opened up a clothes cleaning establishment in the little building formerly used as a hose house, at the corner of Webb and Garden streets. He has worked up quite a good trade and had several suits and single garments in his building which were either cleaned or were to be worked over. When he left his place of business Monday evening the clothes were left hanging on a rack. When he returned this morning the shop was cleaned of every vestige of clothing except a few pieces which were in the press, also a woman's cloak and skirt which were left hanging upon the wall, the robbers evidently having no use for these garments.

The building was entered through a rear door from which the lock was broken. There is absolutely no clew to the robbers although two men were seen loafing about the building about 12 o'clock Monday night. The officers are working diligently in the effort to locate the petty thieves.

In the football game between the Michigan and Wisconsin teams at Chicago, on November 1, Michigan won, 6 to 0.

NOT A RELIEF BUT A CURE

Helena, Mont., Oct. 4, 1902.
 Dr. C. A. Ferrin,
 Helena, Mont.

I wish to thank you for my relief. I was suffering agonies from piles and was taking morphine to relieve me, when, on the advice of a friend, I procured a bottle of your Perrin Pile Specific and took a tablespoonful at night and another in the morning. At half past 12, noon, my wife gave me another tablespoonful, when my pain all stopped. In two days I was able to attend my regular business entirely relieved. It was simply wonderful. Truly yours,
 Julius Meyhoefer, Furrier,
 Helena.
