### SHE WANTS A DIVORCE.

**Complains That for Past 10 Years Husband Has Been Habitual Drunkard.**

After living with her husband for 15 years, Mrs. Christine Wilhelma Kemper has asked the court for an absolute divorce from her husband, Fred Kemper. The cause alleged for complaint is that for the past 10 years defendant has been a habitual drunkard, squandering all his means for drink and has failed to provide. She also alleges that for the past few years he has threatened bodily harm to plaintiff and their children, and she fears he will carry out these threats unless restrained by the court. She prays that the court give her the care and custody of their three children and award her a title to city property valued at \$1300. James A. Fee is plaintiff's attorney.

### Harpole vs. Harpole.

Kizzie Harpole vs. Charles H. Harpole is the title of a divorce suit filed at the courthouse last evening in which the plaintiff alleges desertion and failure to provide. She alleges that they were married in Lane county 12 years ago and have four children as a result of said marriage. Plaintiff deserted defendant in 1900. J. T. Hinkle is the attorney for plaintiff.

### ELBOW DISLOCATED.

**John Dickson Injured in a Practice Game of Football.**

John Dickson, son of Mr. and Mrs. J. R. Dickson, is suffering from the dislocation of his right elbow. The young man was playing a practice game of football with the Pendleton high school team on the hill near the school house this morning and the ball was kicked over a fence. Young Dickson went to vault the fence to get the pigskin and in doing so caught his foot on the top of the fence, throwing him to the ground. He fell with full force on his left arm and the elbow joint was thrown out of place. He was taken to Dr. Smith, who set the dislocated member and the young man is resting as easy as possible under the circumstances.

### Ownership of Streets.

A controversy has arisen between two of our citizens as to the ownership of the streets in front of lots abutting on the street. So long as the town remains incorporated, the city controls the streets in the interest of the general public, but should the town cease to remain a municipal corporation, and the plat filed in the recorder's office be no longer considered in force, then each property owner abutting the street would acquire title to land reaching to the center of the street.

### Royal Italian Band.

A large audience greeted the Royal Italian Band at Frazer's last evening. It was a rare treat for lovers of music, as such a large combination of accomplished musicians rarely comes this way, the expense of such a large troupe making it unprofitable to play small towns. Pendleton, however, is one of the best show towns in the state, and the strong aggregation of musicians had no cause for complaint at their reception here last evening.

### Asleep Amid Flames.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all throat, chest and lung troubles. Keep it near and avoid suffering, death and doctor's bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice tasting. It's guaranteed to satisfy by Tallman & Co. Price 50c and \$1. Trial bottles free.

### Japanese Anniversary.

The Japanese residents of this city held high "jinks" at the headquarters on Cottonwood street last night. Yesterday was the 51st anniversary of the birth of the present Japanese emperor and his subjects the world over join in this occasion as a national holiday. The "Kym-ga-yo," or national hymn of Japan was sung and chrysanthemums, as the national flower of Japan, were the principal decoration. The occasion was fittingly observed by all the Japanese laborers now working in Pendleton.

### Ogg-Abrahamson.

John A. Ogg, one of Pendleton's prominent business men, was married today in the parlors of the Golden Rule hotel to Miss Lena Abrahamson, Judge Thomas Fitz Gerald officiating.

### Horses Taken Up.

Two horses, one a blood bay (no brand) and other white, branded "N. J." on left shoulder. Owner can have same by calling on Mrs. Bettie Smith, two miles north of Sax Station, and paying for pasture and this notice.

### Business Meeting.

The Pendleton Commercial Association will hold a business meeting this evening at 8 o'clock.

The regular meeting of the Parish Aid Society will be held Wednesday afternoon at 4 o'clock at the parish house.

### The Hospital Fair.

The fair to be held for the benefit of the new hospital, will open on Tuesday, November 11, at the Armory hall.

Dinner and supper will be served each day. Every preparation has been made to make the fair a success and enjoyable to those who attend. Many artistic and valuable articles will be variously disposed of, but what will be of special interest will be the five contests.

The lodges' contest for a free room and one year's nursing in the new hospital. The merchants' contest, for a gold-headed cane. The young ladies' contest for a diamond ring. The misses' contest for a gold necklace. The little girls' contest for a beautiful doll.

The exact time when these contests will end, and which of them will be closed contests and which open-board contests will be decided in a few days and all particulars concerning the fair and the contests will be announced in the paper.

A few pieces of fancywork to be disposed of at the fair are on exhibition at The Peoples Warehouse, and Alexander's Store.

### Makes \$5 From 12 Cents.

About two years ago the North Pole, owning 3400 feet of the ledge, offered their property for sale for \$600,000, or 12 cents per share on same capital as the South Pole. In two years they have taken out \$100,000 per month and put ore reserves in sight worth twelve million dollars. The stock is now worth over \$5 per share. An investment of \$120 for 100 shares two years ago would be worth today \$5000, besides paying a monthly dividend. The South Pole owns 4941 feet on same ledge. Has more ore in sight than North Pole had two years ago and is offering their stock at 15 cents per share.

It will not take over two years more work to put South Pole where North Pole is today. See advertisement of T. Gahagan in this issue.

### A Big Attraction.

Sol Smith Russell's famous play in which that popular actor starred so many years, will be seen here at an early date. The cast will include the well-known comedian, Mr. Horace Lewis, which bespeaks a splendid performance. Mr. Lewis has been the leading comedian at the Castle Theater, Boston, for the past five years.

### Seriously Injured.

Roy Moorehead was badly injured at the electric light plant today. He and some other boys were playing with a car used for hauling wood up a track to the light plant, and while drawing it up a steep incline the car got out of their control and started back down the track. The crank of the windlass hit the young man on the top of the head, laying the flesh open to the skull. The attending physician said although the injury was serious, it was not necessarily dangerous.

The ladies of the G. A. R. will meet at the usual time and place, Thursday, November 6. A full attendance is requested, by order of the president, Mrs. Lesley Parker, secretary Circle No. 10, Ladies of the G. A. R.

The Rock Island is now running into St. Paul, having purchased and extended the Burlington, Cedars & Northern railway from Fairbault.

The new Cuban government had a net cash surplus on hand November 1, after paying all the running expenses, of \$1,561,042.

### ON THE GRIDIRON.

**Weston and Pendleton High School Teams to Play Here Saturday.**

The first football game of the season will be played in Pendleton Saturday afternoon. The opposing teams will be the Pendleton high school team and the State Normal team from Weston. The game will be played on the local baseball grounds, on West Alta street, and it is expected that it will be an interesting contest.

The Pendleton high school boys have been doing good work practicing and are in pretty good shape to play. It is also said that the Weston team is strong and will put up a good game although it was defeated at Weston last Saturday by a score of 17 to 0 by the Walla Walla high school team.

Don't forget the Artisan dance, La Dow hall, Tuesday, November 4th.
