## READY FOR WINTER

RAIN NOW FALLING IS GLADLY WELCOMED.

Successful Year Drawing to a Close—Prospects for Stockmen and Farmers Very Good.

The finest rain of the season has fallen in Umatilla county within the past 24 hours. News from every portion of the county, and, in fact, throughout Eastern Oregon, bears testimony to the welcome rainfall that is blessing the ranges, pastures and fall crops.

A larger acreage of fall grain has been sown in this and adjacent counties this year than for five years before. Plowing is in progress in the fields just harvested.

In Marion county the rain has interfered slightly in the harvest of the sugar beet crop, but the foothills and pasture lands are certainly getting a needed drenching.

Country roads are in need of substantial repairs. The wet weather of the late fall makes it necessary to build new roads each year, in many localities.

Stockmen are jubilant over the fine prospects for fall range. Stock are coming out of the high mountains to the low foothills, which now wear a fresh June mantle. Farmers will take advantage of the rain to wind up the fall plowing.

This has been an ideal harvest and very little loss of grain by wet weather has been reported. Everyone is ready for this wet season. Most of the heavy hauling is done in the farming districts. Grain is mostly in the warehouses and wood hauling is principally over Umatilla county was never in better condition than now to begin a winter. Feed is plentiful, so far as reported. Stock is in fair condition and the range promises to last long into the freezing weather.

Good prices for grain and livestock have placed many an inland Empire farmer on his feet this fall. A more general air of prosperity and contentment is apparent everywhere, and the vast designs for future improvement are backed by undoubted faith in the financial foundations of Eastern Oregon enterprises.

### The Place to Live.

Weston is among the prettiest home towns in Oregon and has the only state educational institution—the Eastern Oregon State Normal School—in this part of the state. Weston is abundantly supplied with pure water and has granted free water for household purposes for 10 years to all persons who build houses prior to April 1, 1903. You can obtain a good building site on Normal Heights, with water, sidewalks, grading and shade trees free, at a low figure. If you are seeking a pleasant home at an educational center, address the Weston Improvement Co., Weston, Or.

### ACADEMY FOOTBALL TEAM.

Have Arranged Three Games and Are Practicing Daily.

The Pendleton academy football team is now getting itself in readiness to play several games which have been arranged for. The first game will be played in Weston a week from today with the Eastern Oregon State Normal team. On Thanksgiving day a game has been arranged with the La Grande team and two weeks later the Goldendale and academy teams will compete for honors with the pigskin.

The academy team has been doing much practicing and is getting in good shape for the games. While the boys are all light—perhaps the lightest football team among any of the educational institutions in the state—they know the game and will go against all comers with the confidence of winning.

### Game Today.

The Pendleton High School and Eastern Oregon State Normal football teams are competing for honors on the Alta street gridiron this afternoon. The normal team arrived on a special train and were accompanied by quite a number of enthusiastic rooters.

Although the rain kept a great many away from the game, a good crowd is present, as it is the first game of the season in Pendleton.

### County Court Adjourned.

After being in session since Wednesday morning the Umatilla county court has adjourned. There was nothing before the court of importance. Most of the time was taken up in auditing and allowing bills against the county. These were not so heavy as usual and the term was cut short.

## WESTON OPENTOWN

COUNCIL HAVE REPEALED CLOSING ORDINANCE.

James Bell, Brick Mason, Jumped Board Bill—Sugar Cane Grows to Perfection on Weston Soil—Personal News.

Weston, Nov. 8.—After a few weeks as a closed town the city council has repealed the closing ordinance and Weston is again wide open. Mayor Best, it seems, has experienced a change of heart. He is said to be responsible for the closing of the town on Sunday, but after a trial he concluded that an open town would suit him and all concerned. Now anything wanted can be bought on Sunday as well as any other day.

"Dad" Hall, the fireside philosopher, is with us again, having returned from Spray, Wheeler county. He feels at home once more, far removed from the scene of conflict between warring sheep and cattlemen.

F. H. Beathe went to Pendleton yesterday to consult with the county board, and says that he found two of its honorable members in the police court. He did not learn with what crime or misdemeanor they were charged.

Three stalks of sugar cane about nine feet high have been left at the Leader office by J. M. Hicks, and show the productive power of Weston soil. The cane was planted as a experiment from seed furnished by G. W. Proebstel.

James Bell, and ostensible brick mason from Pendleton, "jumped his board bill" at the Weston Hotel the other day. He was followed as far as Athena and gave an order on George Williams, which the contractor refused to honor, saying that he owed Bell nothing; that his work in building a foundation was of the rankest character and had to be done over again. Bogus mechanics are not needed at Weston—nor anywhere else for that matter.
