

W B

Erect Form

The long hip form is the original long hip corset. It has set the mode in corset styles. The long hip gives that deep graceful dip, rounds off the hips into graceful curves, takes all strain from the abdomen and chest and places it upon the hips and back muscles. Absolutely hygienic. The only corset for the new style skirts.

Form 989 \$1.00. Erect Form 990 \$1.00
Form 973 \$1.25. Erect Form 992 \$1.50

There are numerous other models of the W B Corsets of which you will also find at our store. A complete assortment of styles and sizes.

A CATHOLIC FAIR

WILL RAISE FUNDS FOR
THE NEW HOSPITAL.

Much Interest Being Taken by Local
Orders For the Prize of a Year's
Free Treatment.

The Sisters of St. Frances will open their fair or bazaar this evening in the Armory hall with an elaborate supper. This fair is to raise funds for the completion of the new hospital which is being built near the old hospital building in the east end of town.

The Pendleton band has volunteered to furnish music for the entertainment of those who visit the hall this evening and it will be on hand at 7:30 p. m.

The fair is attracting considerable attention because several valuable prizes are to be given away by the sisters. The one which will create the most rivalry is the prize of a year's free room and nursing in the new hospital to the most popular lodge in the town. Several of the strongest orders in the town have put their shoulders to the wheel and each is determined to win this prize.

The Armory hall is very elaborately decorated. Five booths are built where all kinds of bric-a-brac and little articles of finery can be obtained. There is also a candy booth where the little folks can get all the candy they want. Each day lunch will be served at 12 o'clock and dinner at six. There will be different kinds of music for the entertainment of the visitors and elocutionary selections will be rendered. The fair will continue until Saturday night when the winners of the prizes will be announced.

LANDMARKS OF ALASKA.

Investigation Being Made of Old Russian Monuments.

Washington, Nov. 11.—Lieutenant George T. Emmons, United States navy, retired, has made to the secretary of state his report upon the results of his investigation of the Alaskan boundary of certain stories which have found frequent repetition in late years to the effect that monuments have been discovered marking the real boundary line between Alaska and the British northwest territory at a point many leagues farther from the sea than the British have been willing to admit.

Lieutenant Emmons was selected for the work of inquiry because he was thoroughly familiar with the country in which the supposed boundary stones exist. He spent much of the past summer in the region and now has reached a conclusion. The state department at this time will not make the report public.

Lieutenant Emmons declares that he has not breathed a word of the nature of his conclusions to any one except the officials here in Washington. Still, it is regarded as a fair conjecture that he has not found the stones reported to exist to the mounded monuments, else the state department would regard as incumbent upon it to take steps to bring that fact to the attention of the British government with a view to securing ratification of the temporary boundary. Instead of doing this, the report has been referred to ex-Secretary John W. Foster, and Senator Fairbanks for their information. They are members of the high joint commission, which was charged with the settlement of the Alaskan boundary question among many other important matters.

The Wheat Counties.

The leading wheat counties of Oregon are Umatilla with a yield of 2,800,000 bushels; Sherman, 2,000,000 bushels; Morrow, 1,250,000 bushels, and Union with a yield of 1,000,000 bushels. Of the 15 principal wheat producing counties of the state, Morrow stands third.—Heppner Times.

Weston Reminiscences.

H. A. Green, of Weston, is in town today. Speaking of pioneer days in Umatilla county he said: "Since coming here in 1862, I have been continuously in Union and Umatilla counties. It seems almost incredible to believe that this is the same county we knew in that early period. When I first went to Weston, there were but two buildings there. Ransom Lieuallen had a blacksmith shop and Thomas Lieuallen owned a store. The first settlers on Pine creek above town were Taylor Green, Jake Scott, Thos. Kilgore and William Russell. William Lieuallen was the first justice of the peace, and during his term of office had but two decisions reversed. Thos. Lieuallen was the first postmaster and Scott Clark killed the first man, having shot William Stark after a long standing feud."
