Court St. Opposite Golden Rule Hotel

Cash Grocery

We invite you to come and see us when you need groceries or baking. We have purchased the Reiman Grocery and Bakery at 636 Main street where we will conduct a strictly cash grocery. Our plan will be to give you more for your money than you can get elsewhere because we will give the cash patrons the benefit of our saving on bad debts.

Miller Grocery Co.
CASH GROCERY AND BAKERY

Come To Us

For your lumber and building material of all descriptions and you will save money and get first-class stock. We can supply you with

Doors, Windows,

Screen doors and windows, building paper, lime, cement, brick and sand.

We make a specialty of wood gutters for barns and dwellings.

Oregon Lumber Yard
Alta St., opp. Court House.

FOR SALE

A half section of fine wheat land, all in summer-fallow, north of Pendleton. Good improvements.

Almost a section of land in one body, a short distance north of town.

FRANK B. CLOPTON
800 MAIN STREET

OLD NEWSPAPERS—TO PUT UNDER carpets, on shelves, walls, or for wrapping purposes. Old newspapers in large bundles of 100 each at 25 cents a bundle at the EAST OREGONIAN office, Pendleton, Oregon.

STOCKMEN TO MEET

BUSINESS MEETING OF OREGON STOCKGROWERS.

Will Discuss the Question of Transportation—Stock at the '05 Fair.

Prominent livestock men from all over the state will meet in Portland next week. President Richard Scott, of Milwaukie, has called a business meeting of the Oregon Livestock Association for November 20. This will enable the members to take advantage of the low railroad rates that will apply that week, and also be entertained with other visitors by the merchants' entertainment committee.

Object of Meeting.

The purpose of this meeting is to arrange a livestock premium list for industrial fairs, take steps to begin arranging details for exhibiting at the Lewis and Clark fair, see what can be done toward getting a special railroad rate for pure-bred stock used for breeding purposes in less than carload lots, and clear the way for the annual meeting to be held in January.

Will Discuss Rates.

Better railroad rates is one of the present urgent needs. The same rates prevail that have been in vogue for years, when the conditions were such as not to warrant the rates needed today. It is believed if the railroads are approached in the right manner there will be no difficulty in getting the same rates as prevail in breeding centers in other states. At the present time many small stockmen cannot afford to improve their herds because the freight rates make the price of fancy bulls too high, says the Telegram.

Liberality of Railroads.

The expense of shipping a bull or several breeding cattle in less than carload lots from one section of the state to another is often a third of the purchase price. In short, the present rates are a decided check to Oregon becoming the breeding state for fancy stock in all lines that she deserves to become by reason of climatic and other favorable conditions. In helping along the industrial lines and especially the industrial fairs, the railroads have been extremely liberal in giving rates, and it is believed they will do the same for the benefit of stockmen when the question is presented to them in its proper light.

Oregon Equal to Europe.

Another thing that will be discussed at the business meeting and taken up later at the annual meeting is the advisability of shipping a carload of Oregon fancy stock to the important livestock shows in the East—to Chicago, for instance, next year, and to St. Louis later. At the present time in Oregon are raised as fine-bred sheep as are raised in England. There is no reason why breeders should import sheep from England when this fact becomes generally known.

To Advertise Stock.

A carload of these sheep sent to any of the industrial fairs of the Middle West would advertise the fact in such a way as to result in orders.

CHANGE OF LIFE.

Some Sensible Advice to Women by Mrs. E. Sailer.

"DEAR MRS. PINKHAM:—When I passed through what is known as 'change of life,' I had two years' suffering.—sudden heat, and as quick chills would pass over me; my appetite was variable and I never could tell for

MRS. E. SAILER.
President German Relief Association, Los Angeles, Cal.

a day at a time how I would feel the next day. Five bottles of Lydia E. Pinkham's Vegetable Compound changed all that, my days became days of health, and I have enjoyed every day since—now six years.

"We have used considerable of your Vegetable Compound in our charitable work, as we find that to restore a poor mother to health so she can support herself and those dependent upon her, if such there be, is truer charity than to give other aid. You have my hearty endorsement, for you have proven yourself a true friend to suffering women."—Mrs. E. Sailer, 756 1/2 Hill St., Los Angeles, Cal.—\$5000 forfeit if above testimonial is not genuine.

No other person can give such helpful advice to women who are sick as can Mrs. Pinkham, for no other has had such great experience—her address is Lynn, Mass., and her advice free—if you are sick write her—you are foolish if you don't.

that are now filled in England being filled at home. It would result, furthermore, in increasing the industry to large proportions. Oregon has almost the same climatic conditions and more favorable conditions in other respects as the parts of England that have become famous as breeding grounds for fancy sheep, which makes it able to compete with the latter.

It is believed that arrangements for exhibiting at the Lewis and Clark fair cannot be made too soon. If the livestock interests are to be represented as they should be.

Will Arrange Premium List.

The preparing of a premium list is an important question. Heretofore the state fair board has made out the lists without having a chance to consult the livestock men. While the last list at the fair was as perfect as it was possible to arrange it without the aid of the livestock men, there were a few points that could be improved upon, and it is for this purpose that the livestock men will help arrange the next premium list.

COST OF IRRIGATION.

In Utah, Average First Expense is \$10 an Acre.

The average first cost of bringing water on the land in Utah is about \$10 per acre for the whole state, which is extremely low, compared with some of the prices charged in Oregon. The average value placed upon the land by the farmer is \$27 an acre. The average annual cost of operation and repairs throughout the state is 90 cents per acre. When this insures a full crop every year, a person can realize what a first class investment it is. By reason of its natural water facilities, where irrigation can be done through gravity in many districts, Oregon offers a much better investment for the prospective settler.—Telegram.

Looking For Counterfeiters.

The secret service in endeavoring to locate the headquarters of a gang of counterfeiters who have been making and circulating spurious half dollars and quarters in some of our large eastern cities. When caught they will be given the full extent of the law, the same as should be done with the unscrupulous dealer who puts up an imitation article and sells it for the genuine Hostetter's Stomach Bitters, claiming it is "just as good." Don't believe him. His medicine has not the record of cures back of it that the genuine Bitters has. Insist on having the genuine with our Private Stamp over the neck of the bottle. It will positively cure nausea, headache, heartburn, indigestion, dyspepsia and malaria. Try it and be convinced.

An Ancient Record.

Deputy Recorder James F. Chord yesterday while looking through some old records of the county, discovered the first book of records and conveyances ever used in Baker county. It was while Auburn was a town and before the birth of Baker City. The first entry was in June, 1862. The book contains all the placer locations made in the camp that year and also the record of the bills of sale and conveyances. All the records were signed by E. C. Brainard, who was the recorder, and who was recently sent to the asylum for the insane from Union county.

A Startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith, of Tilden, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and give perfect health. Try them. Only 50 cents at Tallmann & Co's. drug store.

Bottom Facts.

Not long ago a coroner's jury in Ireland delivered the following verdict on the sudden death of a merchant who had recently failed in business: "We, the jury, find from the new doctor's statement that the deceased came to his death from heart failure, superinduced by business failure, which was caused by speculation failure, which was the result of failure to see far enough ahead."—Argonaut.

Parental Affection.

A capital story of parental affection according to the king, is told by a popular bishop well known at the east end for his work among the poor there. A costermonger was in great trouble. He had just lost his little son, and the good bishop was seeking to console him as well as he was able, when the costermonger suddenly looked up, and in a broken voice, and with tears streaming down his cheeks, said: "D'ye think I could get the young beggar stuffed?"

Baker County Assessment.

Assessor George W. Jett, of Baker county, has completed footing of the assessment roll. The grand total is \$3,871,280, showing an increase over 1901 of \$201,145. There are 67,640 horses, 292,805 neat cattle, 119,415 sheep and 3480 hogs. The only decrease in livestock is shown in hogs, which have fallen off 422.

Cholly—Katherine says when she takes down her hair it reaches the floor. Carry—It does if she happens to drop it.

SOUTHERN STREAMS.

A Systematic Survey of Southern Waterpowers Greatly Stimulates Manufacturing Enterprise.

For a number of years the United States geological survey has been keeping records of the flow of the streams on the Southern Atlantic slope. Only a few years ago capitalists in the Northern states were of the opinion that the Southern streams were of but little value for water-power development, and it was impossible to induce northern capital to come into the southern states for manufacturing purposes. Largely owing to the greater information now available in regard to the flow of these southern streams, mills run by water power are now being built in all of the southern states along the Atlantic coast south of the Potomac. This means a great industrial development in the South and goes far to account for the increased prosperity of the southern people.

Reform in Child Training.

"The best cure for lying," announced Dr. Maximilian P. E. Grossman, "is an improved digestion." The state assembly of mothers gaped yesterday at this statement, made in the hall of the board of education. Were the insincerities of the universal baby traceable to lobster salad and mince pie?

But when Dr. Grossman, who is principal of the Grossman School for Atypical Children, further declared that in certain cases glasses are a cure for bad temper, and that eye defects are the real cause of much mental and moral derangement, he had the sympathy of the entire audience. "For," he said, "a tendency to mischief does not mean that your child is the incarnation of original sin."

He recommended the making of a bed as a better exercise for an abnormal or atypical child than making a straight line in drawing, and advocated the typewriter instead of teaching over-nervous children to use a pen.—New York World.

Indian "Rules of War."

According to a Bengali native paper, war is less civilized in these days than of old. It uncovers a set of rules purporting to be drawn up by opposing generals in ancient India before war was declared. Some are sound, others distinctly comical—take rule 4 as an instance.

1. Animosity must end with the war, when the combatants must regard one another as friends.
2. The fight must be between equals that is to say, charioteer must fight with charioteer, cavalry with cavalry, infantry with infantry, etc.
3. A man who is not strong enough to fight should be allowed to go scot free.
4. No man is to be struck without previous and distinct warning.
5. A man who shows nervousness in war should not be interfered with.

The St. Louis horse show is on, but the weather is too chilly to permit a creditable display of undraped society in the boxes.—Denver Post.

The Omaha stock yards received 30,262 cattle; 39,240 hogs, and 74,743 sheep the first week in November.

Departed For Mines.

J. J. Stubblefield, of this city, departed Monday morning for Boise City, where he will prepare to do some development work on a group of mines owned by him. The claims are located 10 miles north of Boise, in Ruby gulch and a force of men will be put to work to uncover the ledge and prepare for extensive improvements next spring.

Nasal CATARRH

In all its stages there should be cleanliness. Ely's Cream Balm cleanses, soothes and breaks the diseased membrane. It cures catarrh, cures away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drugstore or by mail; Trial Size, 10 cents by mail.

ELY BROTHERS, 56 Warren Street, New York.

NOT A RELIEF BUT A CURE

Helena, Mont., Oct. 4, 1902.
Dr. C. A. Perrin, Helena, Mont.
I wish to thank you for my relief. I was suffering agonies from piles and was taking morphine to relieve me, when, on the advice of a friend, I procured a bottle of your Pile Specific and took a tablespoonful at night and took another in the morning. At half past 12 noon, my wife gave me another tablespoonful, when my pain all stopped. In two days I was able to attend my regular business entirely relieved. It was simply wonderful. Truly yours,
Julius Keybooster, Furrier, Helena.

PERRIN'S PILE SPECIFIC

Let Us Do Your Hauling

We do trucking and hauling of all descriptions at reasonable prices.

Your horses will be sold for if taken to the Henry Feed Yard, West Alta and Lillington. Hay, grain and all feed bought and sold.

Horses for sale at all times.

WILLIAM CONNELLEY
