OTHER MINE OWNERS HAVE MADE REPLY TO MITCHELL

They Contend With Baer That the Miners' Demands Are Unjust and Unreasonable.

OLYPHANT DECLARES CONSTANTLY SHIFTING MEMBERSHIP

RENDERS UNION INCAPABLE OF MAKING BINDING CONTRACTS

Truesdale is Particularly Bitter and Denounces the Miners as Anarchists Who Do Not Hesitate to Sacrifice Life, Liberty and the Sacred Rights of Property to Gain Their Vicious and Temporary End.

Washington, Nov. 12.—The answer of the other anthracite operators to President John Mitchell was made public by Recorder Wright today. They follow the generalities of Baer's statement, made yesterday, although they are more bitter in denunciation of the United Mine Workers.

Fowler says the advent of that organization in the anthracite fields marked the beginning of almost total demoralization, resulting in a tyranny over fellow employees, a decrease in efficiency and an increase number of strikes.

The report of Truesdale was particularly bitter. He lays great stress on his own wise recognizing the union

organization, and says the federal courts have declared it is unlawful. That it is seeking to gain temperate enrollment of all the miners in America. That its principles oppress industrious laborers down to the level of sluggards. That it has not in the past, and there is no reason to believe it will in the future, hesitate to sacrifice life, liberty and property to gain its vicious and temporary end.

Olyphant objects to a recognition of the order in much more temperate language. He sums up by saying that its constantly shifting membership renders it incapable of making a contract binding, effective and lasting.

LEWIS AND CLARK EXPOSITION.

What they Think of the Portland

Fair in the Sunflower State.

The Appeal to Reason, a socialist paper published at Girard, Kan., speaking of the proposed fair in Oregon, says:

"Portland, Or., is trying to advertise itself by a Lewis and Clark exposition. Of course it is a money-making scheme, as all such schemes are. They want the state to appropriate \$500,000 to help them create the show that will draw the people there while they skin them, but are afraid to have the legislature pass the law fearing that a referendum of the matter will be demanded under the new law, and the people will vote it down.

"But for that law there would be no question but that the 'business' interests of Portland could get the necessary appropriation to make the show and have it put on the people in taxes. But I will venture the measure is defeated if it passes the legislature. Let those who dance pay the piper. The referendum is a great improvement over the old method of having laws sold to the highest bidder."

No Health Papers.

Collector of Customs Robb yesterday imposed his first fine for violation of the United States maritime regulations. The fine—in the sum of \$500—was imposed on the British ship Riverside, which came from Hamburg, with a partial cargo of cement. She neglected to bring a consular bill of health. Captain McCulley told Collector Robb that he had left the matter of his clearance to his Hamburg agents, and that the fault rested with them. He will place the question before the treasury department officials at Washington, who will probably reduce the fine to the customary \$15.—Astorian.

ROBBERS CAPTURED

Were Asleep by the Side of the Railroad and Were Taken by Surprise.

CAUGHT NEAR BINGHAM STATION LAST NIGHT.

Sheriff Taylor and Deputy Turner Arrest Three Men in Possession of Money and Goods Taken From Richardson.

J. Morris, William Bennett and Calvin Jordan are in the county jail charged with blowing open the safe of D. B. Richardson, in Hellx, Monday night.

The three men were caught last night by Sheriff Taylor and Deputy Pines Turner near Bingham Station, on the line of the O. R. & N. As soon as the word of the robbery was received at his office, Sheriff Taylor began to run down every possible clue to the robbers. No definite trace was found of them until they were taken in. From all indications the men left Hellx bound southward and were thought to be making for the hills, where they would board a freight train and try to leave the country. Sheriff Taylor and Deputy Turner left on the freight last night going toward Meacham and kept a vigilant outlook for fire along the line as it was thought they would have fire if they stopped to camp. When about three miles this side of Bingham station the officers discovered a campfire near their rack on the left, and the freight was slowed down for the officers to alight and investigate. They walked up to the fire and discovered three men lying in their blankets asleep. The sleepers were taken completely by surprise and submitted to arrest without a murmur. None of the men were armed.

On them was found some of the goods and money taken from Richardson's store at Hellx and the men will be held on the charge of robbery and safe blowing. No time has been set for their preliminary hearing.

Offers Reward.

The sheriff's office has received a circular letter from Mrs. J. W. Fuller offering \$500 for the return of her husband, Mr. Fuller left his home in Portland about two weeks ago and since that time no word has been secured from him. It is thought that he is mentally unbalanced as no cause can be assigned for his disappearance.
