FEDERATION MEET

GREAT BRITAIN AND IRELAND REPRESENTED BY DELEGATES

Will Call Upon the Strike Commis-
sion to Embody in its Findings a
Recognition of the United Mine
Workers of America.

New Orleans, La., Nov. 12.—More
than a million and a half of working-
men and women throughout the coun-
try will watch with interest the open-
ing of the twenty-second annual con-
vention of the American Federation of
Labor in Odd Fellows' hall tomor-
row morning, and the work done
there during the week will directly
affect at least 800,000 persons. Dele-
gates are arriving from all parts of
the United States today. Some come
from as far as California and Oregon
and some from Maine. There are
delegates from Colorado, Montana,
Nebraska and Minnesota and dele-
gates from the regions bordering on
the Great Lakes. All classes of labor,
from the most skilled to the common-
est and most poorly paid, are repre-
sented.

Two delegates, Messrs. Edwards
and Arrandale, from the workmen of
Great Britain and Ireland, are here
and will attend the convention to aid
with advice and experience and to tell
the American working classes how
the old and successful trades unions
of England operate.

Such important business will come
before the convention. Of the ques-
tions to be discussed, the leaders of
the labor movement who are already
on the field deem most important,
those arising from the recent action
of the National Association of Manu-
facturers, in which they advocated or-
ganization as a counter movement to
the organization of labor in the de-
mand on congress for an eight-hour
law and an anti-injunction law. "Re-
cognition of union labor" will be the
dominant note of the convention. It
is quite probable that a memorial will
be prepared for presentation to the
labor committees of the house and
senate, outlining more clearly the dif-
ferences which have arisen between
organized workmen and organized em-
ployers.

Of equal interest will be the discus-
sion of the anthracite coal strike
and the work of the arbitration com-
mission. The United Mineworkers
will urge the adoption of resolutions
calling upon the commission to em-
body in its findings a recognition of
the Mineworkers' Union.

The convention will express dissat-
isfaction with the Chinese exclusion
law passed by congress at the last
session, and will ask resubmission of
the exclusion measure originally pre-
sented.

Agitation for the bill requiring the
branding of prison-made goods that
enter into interstate commerce will
also be renewed. The convention
will also be urged to enter heartily
into the agitation against child labor
in the South.

There is nothing to indicate opposi-
tion to the present administration of
the federation's affairs and President
Gompers and Secretary Morrison, to-
gether with nearly all the other offi-
cers and committeemen, will probably
be re-elected by acclamation.

'Phone for German Settlement.
Forest Grove, Nov. 12.—John Van-
derveiden has commenced the con-
struction of a telephone line from his
residence, six miles north east of this
place, via Verboort to Forest Grove,
which will be in operation in a few
days. This line, when completed,
will furnish a means of communica-
tion throughout the German settle-
ment, and will be of much value to
the people of this place.

Brilliant Military Wedding.
Bloomfield, N. J., Nov. 12.—Nearly
2000 guests, including prominent mili-
tary men and leaders in New York
society, were present at the wedding

of Miss Helen Dodd Richards, daugh-
ter of Mr. and Mrs. Leonard Richards
of New York, to Lieut. Mathew Elting
Hanna, U. S. A., military attache of
the United States legation at Ha-
vana, which took place this afternoon
in the historic old Presbyterian
church. The officiating clergyman
was the Rev. Dr. Hollis Burke Friz-
zell, of Hampton Institute, Va., uncle
of the bride. Lieut. Frank McCoy,
aid to former Governor General Wood
of Cuba, was the best man and the
ushers were cadets from West Point.

DEVELOPMENT OF ALASKA.

**Will Rival Siberia as a Wheat Coun-
try—Was Bought on Account of its
Seal Fisheries.**

Skagway, Nov. 12.—The territory
of Alaska is beginning to attract a
great deal more attention from the
government than ever before. The
cause of this was of course, the dis-
covery of gold and the influx of peo-
ple in this far off territory by reason
of the opening of new fields of the
precious metal. The interest of the
government, however, did not stop at
the gold fields. The governors of
Alaska have reported for a number of
years that the territory was capable
of supporting a very considerable
population by its agricultural re-
sources. As a rule the officials in
Washing, and the people, paid but
little attention to these reports think-
ing that the climate was too severe,
and not realizing the influence of the
Japan current upon the atmosphere.
The department of agriculture has
now determined upon a series of tests
and thus far they have been very sat-
isfactory. Alaska is destined to be
as great a wheat country as British
Columbia or Siberia.

When the United States secured
Alaska it was supposed to be valuable
only a necount of the seal fisheries.
The navy department, the war depart-
ment, the interior department, and
the treasury department all tried their
hands successively at conducting the
government of Alaska. As a result,
nothing was done toward develop-
ing the country and it was practically
placed in the hands of the Alaska
Commercial Company under their
seal fishing lease. The last congress
gave Alaska a full territorial form of
government, and as a result the coun-
try is developing along both agricul-
tural and mineral lines. Several of
the congressmen have visited Alaska
during the past summer, and their re-
ports when congress meets again will
be among the interesting features of
the next session.

SOUTHERN PROSPERITY.

**Progress Greater in "Dixie" Than in
Any Other Portion of the United
States.**

New Orleans, Nov. 12.—Joseph G.
Brown, president of the Citizens Na-
tional bank of Raleigh, N. C., said
yesterday at the National Bankers'
meeting:
"Since 1890 the number of persons
engaged in agriculture in the South
has increased 36 per cent, and the
wage earners in manufacturing have
increased in number 157 per cent,
both percentages being greater than
the country at large.

"The capital invested in manufac-
turing has increased in the South 348
per cent, against an increase of only
252 per cent in the United States,
while in the value of products the in-
crease in the South has been 220 per
cent, against 142 per cent in the na-
tion. The increase of value in farm
property has been in the South 52
per cent; in the United States only
67 per cent."

Sold Liquor to Indians.

Walla Walla, Nov. 12.—The United
States district court convened in this
city yesterday and after the grand
jury was drawn court adjourned until
this morning. There are 11 prisoners
up for trial for selling liquor to In-
dians who were brought over from
North Yakima yesterday. Among the
prisoners was William Williams, the
merly chief of police of Yakima.
