## WOOL MEN MEET

REORGANIZE UNDER NEW CONSTITUTION AND BY-LAWS.

Discuss Range Law, Forest Reserve, Irrigation and Range Allotment.

A meeting of the Umatilla County Woolgrowers' Association was held at the parlors of the Pendleton Commercial Club, this afternoon. President Douglas Belts presiding.

There was a splendid attendance of sheepmen from outside points, as well as from the immediate vicinity of this city. President Belts announced that the object of the meeting was to reorganize the county association to conform to the new constitution of the State Woolgrowers' Association, recently adopted in this city.

The members present represented the larger part of the sheep of Umatilla county and all were enthusiastic in renewing the organization which has already been so beneficial to the industry and which promises greater returns in the future. Many new members from the Pilot Rock and other outside points were taken in, and the association is in a flourishing condition. Ranges are reported to be in first-class condition. Sheep are better prepared to begin the winter than for several years and taken throughout the county, the sheep and wool questions are most satisfactory.

Forest reserve, range allotments, irrigation and salt, as being associated with the sheep raising industry, were ably discussed by those present.

### TO INCORPORATE HELIX.

Special Session of County Court Being Held for This Purpose.

The county court is holding a special session today for the purpose of acting upon a petition presented to the court for the incorporation of Helix.

The matter of incorporating this little town has been up for several months and the matter has just come to a definite head. Today was set for a special meeting of the commissioners to fix a day on which the election should be held. The date will be set this afternoon and if the majority of Helix citizens want to be incorporated the county court will then order it done.

### PLENTY OF SNOW AT WESTON.

Winter is in Evidence in the East End and Overcoats Are All the Go.

Weston, Nov. 20.—Winter has come in earnest at Weston. Wednesday morning there was more than six inches of snow here and the thermometers stood 20 above zero. This is the coldest spell this fall, but the indications are that it will moderate and we will have some fine weather yet. The sun of Wednesday melted most of the snow off and this morning there is very little evidence of winter other than a little ice and heavy frost.

### RAN DOWN BY TRAIN.

James Harvey Instantly Killed at Pasco Yesterday.

Pasco, Nov. 20.—James Harvey was run down and instantly killed nine miles from here yesterday. Harvey was employed as lineman in the employ of the Northern Pacific and was riding on a freight coming into this city. The freight pulled into a siding to allow the passenger train to pass and Harvey stepped onto the track and was run over, being instantly killed.

### KILLS AMERICAN.

Russian Officer Charged With Murdering His American Mistress.

Paris, Nov. 20.—Captain Dazowski, an officer of the Russian imperial guard, was arrested today, charged with murdering the American girl, Helen Gore. He told the police contradictory stories, saying first that he shot her accidentally. Later he said she committed suicide.

Miss Gore came here from America to study music, and became the Russian's mistress. Her identity is not fully known, but she is said to be connected with a widely-known family.

### NEW CABLE TO MANILA.

A Line Will Be Put in Within a Year From Shanghai to Manila.

Washington, Nov. 20.—President Clarence Mackey, of the Western Union, called on the attorney-general this afternoon and announced the Pacific Cable Company's ability and intention to construct a cable line from Manila to Shanghai within a year. The difficulty has been in securing a landing place in China.

PENDLETON, OREGON

### UNDER NEW MANAGEMENT.

Ukiah Sawmill Has Been Leased by J. B. Despain to H. McReynolds.

Henry McReynolds has leased the Ukiah sawmill of J. B. Despain and will carry on the business in the future. Mr. McReynolds has been in town for the past few days and he says he is going to operate the lumber yard in Ukiah after next spring and will furnish all the lumber for all building purposes in the Camas Prairie country. Mr. McReynolds is a practical sawmill man and will no doubt make a success of the business. This is the last of Mr. Despain's interests in the prairie. He leased his business holdings in Ukiah and sold the stock of goods beside leasing all of his farming and stock lands on the prairie. He has transferred all his immediate interests to Pendleton, where his time will be devoted to the wholesale commission house.

### Winter Weather Coming.

This morning the citizens of Pendleton had the first touch of anything like winter this fall. While there has been no snow right in town, there was considerable ice this morning and the thermometers dropped down to 26 and 28 above during the night. The ground was considerably frozen and the largest frost of the season fell. This is a reminder that it is time for winter and causes people to begin to don their heavy wraps.

The P. I. R. makes an elegant holiday gift.
