WAS A CLEAN GAME

UMATILLA INDIANS PLAYED GOOD FOOTBALL.

High School Team Won by End "Plays and by Good Team Work—Indians Needed Practice.

The unexpected sometimes happens. This was the case in the football game Saturday afternoon when the Umatilla Indians and Pendleton High school team came together on the local diamond and the school team won by a score of 6 to 0.

The Indians were much the stronger of the two teams and many predicted defeat to the locals. The only hopes the school team had of winning when they went into the fray was by fast playing. It had been generally understood that the Indians were not very fast, but in this the local boys were surprised. The Indians put up a fast game and only in the first of the game did they play a little wild.

The first touch-down was made during the early part of the game and before the Indians began to get confidence in themselves and play together. The game was really the best which has been played on the local field this season and had the Indians started out together as well as they ended it is likely that the game would have ended without a point having been made on either side or perhaps with the defeat of the high school team.

It was exciting from start to finish and the Indians had a great many of their people there to root for them and not a few townspeople had to admire their gentlemanly playing. It was a clean game and the day was won by the high school team playing around the ends.

However, the boys bucked the line for all there was in it and they certainly deserve much credit for the work they did as they showed no signs of weariness or fear of going against the heavy athletes from the reserve. They massed their plays for gains, but to little advantage, as the big Indians stood like a stone wall and were almost invincible. This was what the locals wanted, though, as they have had other practice and wanted something to give them work in bucking a heavy foe.

The only place the Indians were slow was in their interference. They were much faster on their feet than they were expected to be. They did fine work in tackling and with little good coaching would make a formidable foe for any of the college teams. Around the ends was the most difficult plays for them. They could not get around the locals and in attempting this much was lost.

The most spectacular play was made near the end when W. Wyrick saved the day by outrunning Motonic, the famous Indian athlete and racer. The high school had the pigskin on the Indians' five-yard line. The rush line was successfully smashed and the Indians backed up to the goal posts when the ball was fumbled.

With the true instinct of a professional football player, Motonic grabbed the ball and started for the opposite goal with a clear field. Wyrick saw him after he had gained at least 10 yards and started after him. Before Motonic reached the 30-yard line he was overtaken by Wyrick and downed, thus saving the day for the home team and making a sprinting record for Wyrick that has never before been equaled on the local field. Motonic is somewhat of a racer himself, but he could not run with young Wyrick and the rooters went wild over the play.

Thanksgiving Game.

The local boys are now feeling more confidence in themselves and have more hopes of winning the game with the husky gold diggers from Baker City on Thanksgiving. Baker has defeated the high school team three successive years, and the locals do not claim that they are going to win this game although they have much more faith and confidence than ever before. The school team is the strongest it has ever been in the history of football in the school and if they do lose it will be one of the hardest contested games ever played on the local gridiron. This game is drawing more attention locally than any game scheduled for the season, and no doubt Baker will send down a good crowd of rooters to help cheer their own boys.

Academy Team.

The Academy football team is practicing for a fray with Goldendale on that the Goldendale team is a former Wednesday night and arrive in Goldendale about noon. It is said that the Goldendale team is very formidable foe and they will put up a good fight although the local rooters for the Academy team are offering to bet two to one on their favorites. The Academy team has been materially strengthened recently. Four new players have been added to the team. They are Charles Payne, Harry Redford, Lester Lewis and Berkley Hatley. These young men are all husky fellows and old football players and will do much toward making the team hard to handle.

A game may be arranged between the Academy and high school teams sometime in the near future. This will be a great drawing card for the local rooters, as the Academy team has defeated the high school most of the time in the past and this will cause increased interest.

Startling, But True.

"If every one knew what a grand medicine Dr. King's New Life Pills is," writes D. H. Turner, Dempseytown, Pa., "you'd sell all you have in a day. Two weeks' use has made a new man of me." Infallible for constipation, stomach and liver trouble. 25c at Tallman's drug store.

IN POLICE COURT.

Harry Owens Committed to Jail—Large Number of Drunks.

A larger batch of drunks was handled in police court this morning than Judge Fitz Gerald has had to deal with in one morning since he became police judge.

The heaviest sentence was given to Harry Owens. Two charges were lodged against him, one for being drunk and raising a disturbance and the other for resisting an officer. For the first offense he was fined \$10 and for the second \$25. Owens had no money with which to pay the fines and was committed to jail for 17½ days.

The next heaviest fine was given James Burns. For being drunk and disorderly, he was given a fine of \$10, and went to jail in default.

Columbia Tom, Pahtah, John Doe, Charles Bennett and James Williams each either paid a fine of \$5 or forfited bonds to that amount.
