## RESOURCES and HISTORY of UMATILLA COUNTY

A SERIES OF SKETCHES OF THE TOWNS AND PEOPLE  
OF OUR COUNTY BY STAFF CORRESPONDENT  
PAUL DE LANEY

### XIII. FREEWATER CONCLUDED.

Freewater, Ore., Nov. 22.—Freewater is one of the most prosperous young towns in Oregon. Incorporated less than a year ago it already claims a population of about 700 persons, has a number of new business houses, good church buildings, a successful school good homes and contemplates putting in an electric light plant and water works. It draws from the great fruit and vegetable belt of Umatilla county and claims to have a sufficient number of other resources to make it a good town besides.

It is near the depot from which all of the produce of the country surrounding it and Freewater is shipped and, as has already been stated, this is immense. Three large warehouses for produce are situated along the railroad near this point, also a warehouse for the storage of grain. Two large flouring mills are located here, and while both of these establishments would appear to be strictly Freewater institutions, yet they belong to both Milton and Freewater, and each should be proud of them.

**Incorporated.**

The town was incorporated March 4, of this year and the following officers were elected, who are still in office: John S. Vinson, mayor; A. S. Pearson, recorder; August Tank, treasurer; Chester Shaffer, marshal and Fred Friedig, William Johnson, Sam Christensen, J. A. Ayers, J. M. Clemons and John Young, councilmen.

The town is in splendid financial condition. It owns two lots, and has a town building containing council chamber and jail all of which is worth at least \$500. The town does not owe a dollar in the world and has a cash balance on hand of \$46.44. It already has some good sidewalks and contemplates street grading. The grade has already been established. Street grading in Freewater will be cheap, as the town is on a level plat of ground and the soil is such that it rarely ever gets muddy and is easy to handle.

**Electric Lights and Water System.**

Mr. Fred Friedig, a prominent citizen of the town is already figuring on putting in a water system and electric light plant. Water power will be used for the electric light plant as the fall of the Umatilla river is ample to furnish all that is needed. This river will also be used to supply a new system, in case it is built.

**Churches and Lodges.**

Freewater has two splendid church buildings. Neither have pastors at present, but a union Sunday school is conducted regularly and it is expected to hold services regularly at both churches at an early day. The Congregational church organization has a building valued at \$800 and has \$500 in bank, the proceeds of the sale of property which the church did not need. The Presbyterians also own a church and lot, which are valued at \$1000.

Freewater already has several flourishing fraternal and benevolent organizations and will soon have her full quota of these institutions as others are contemplating organizations at this place. The Maccabees and Lady Maccabees, Pecos and Modern Brotherhood are already organized and hold regular meetings at Sanders' hall.

**Business Institutions.**

Nearly all of the business institutions of Freewater are newly established, but they are thriving and full of confidence. The buildings are all new and the stocks of goods fresh and displayed in up-to-date style. The Freewater Times, with H. F. Brown editor and proprietor, is a neat paper, with the full interest of the place at heart, and reflects credit to the town. It is only a little more than a year old, but it is a better paper than many that are much older.

Sanders & Tanse have a general

merchandise store and have been in business a year.

F. L. Holman & Co. have a general merchandise and grocery store. This firm has been in business about three months, having bought out J. W. Arnold, formerly in business at this point.

J. W. Powers carries groceries and furnishing goods and has a neat stock. Johnson & Son have a hardware and furniture store that would do credit to a much larger place.

The Freewater hotel is conducted by Miss Jennie Kelly.

Dr. A. Hill is the local physician and also carries a neat stock of drugs and sundries. He has been in business about a year at this place.

Ralph Newman carries groceries, confectioneries and cigars.

Charlie Lawler has a bicycle shop and is also a shoemaker.

Joe Lawson runs a barber shop and cigars and confectioneries. He has been in business over a year.

Fred Kuebler is the jeweler and carries a stock of millinery and confectionery goods.

J. D. Sheets has cigars, confectioneries and sells ice cream in season.

Charlie Culley has a meat market.

Lower & Irons have an up-to-date blacksmith shop where they do black-

**Deafness Cannot Be Cured**

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by DRUGGISTS, 75c.  
Hall's Family Pills are the best.

**Gambling Ordinances Valid.**

Judge Eakin has decided upon the validity of the city ordinances of La Grande pertaining to gambling, to the effect that they were legally passed and are valid, says the Observer. This decision was the result of the defense in the first gambling cases recently tried before Recorder Williamson. Upon conviction the defendants filed a writ of review before Judge Eakin. They will now have to pay their fine, which was \$20 in each case.

## THIS IS OLD DOCTOR KESSLER

One of the World's Greatest Specialists, Who Has Kept From an Early Grave or the Insane Asylum.

Now, look here, young man, don't be so careless. Don't put off any longer; have your case attended to today, for your looks tell on you. You may conclude to get married some day, and to live happy you must be a man rugged and strong physically and mentally. So many divorce cases we hear of, if an investigation was made, would disclose the fact that physical and nervous weakness of the husband causes the wife to finally hate him. Women love a manly man, just as much as men love beautifully developed, healthy, red-cheeked women. Blistches and pimples show something wrong. All kinds of diseases are cured by this old doctor. It is not necessary to go to a few disease where quired or cancer, it is better to see the honest and private cure at home. By tem of home treatment, cures your letters in a cret. Pay no attention books you find on curing cases like you. A quarter of a century's ways include 10 books writing for consultation. Small bottle of white dress.
