B. F. BECK,

The Plumber Court St. Opposite Golden Rule Hote POR SALE AT THE BAST OREGONIAN

Portland. The principle of large, quick sales at small profits; of purchasing the best instruments in great quantities; handling and shipping them by the least expensive methods and selling them at only very reasonable profits, which has made Eilers Piano House so immensely popular, is now made still more effective by the inauguration of the club system, which practically enables purchasers to secure at wholesale prices the best instruments made in America.

'Twill Pay You to Look Into It. The plan is simple, safe and the saving great. Briefly stated, each club stands collectively in the position of a wholesale buyer, purchasing 25 planos. This makes it possible for us to make the same concessions to club members that we would to a bona fide wholesale buyer, but which could not be made to each member of the club as a regular retail or in-

dividual buyer. This is the Proposition.

To begin with, members of these clubs get the very best planes made, such as the Kimball. Decker, the Weber, Chickering and others, and they get them in addition to this the termination them are much easier than ment on them are much easier than in the regular retail way. The initial or first payment places the plano in cour house.

ing limited absolutely to but twentyfive members.

Those joining Club "F" now secure a fine, new plane by paying down the small sum of \$5 and making weekly payments of \$1.25. Club "G" members pay \$7.00 upon

their payments at the rate of \$1.60 per week. In the Club "H" series the initial payment will be \$12.00 down and the balance in payments of \$2.00 weekly

delivery of their planos and complete

Those joining Club "I" will pay \$20 down and \$2.50 weekly. Or payments can be arranged on a corresponding monthly basis. either way, whatever plane you buy, be assured it is a first-class one, and is accompanied by the double written guarantee of its manufacturer and of

this house. Now as to Prices.

The following will give you some idea of the saving the piano club offers you:

Planos priced at \$225 go to club-members for \$137: \$275 planos for \$164; planos that sell regularly for \$300 for \$187; and the finest mediumgrade instruments, that cannot possibly be sold under any other conditions for less than \$350, by the club system go for \$207. The highest grade, fancy and hand-carved planes, the regular price of which is \$500, go for \$357, and \$400 styles for \$307.

There are only 25 pianos in each club, and only 100 members are possi-ble. You will understand, therefore, ble.

Samples to be Seen.

These terms secure mous pianos as the Chickering, Web-er, Kimball, Hobart M. Cable, Vose, Marshall, Milton and others, all of them are first-class and having the guarantee of the manufactures and also curselves.

Samples of pianos in each club can be seen at Piano Car, now located on Main streets, on the south side of main track, of O. R. & N. Co. Open days and evenings.
