WALLA WALLA'S POSTOFFICE.

New Building to be One of the Most Modern and Elegantly Fitted in the Northwest.

Walla Walla, Wash., Dec. 1.—This morning the local postoffice opened in the fine new building erected by Jayco & Co., and leased to the government for ten years at a monthly rental of \$110. All day yesterday a force of men were engaged in removing the mail and fixtures from the old quarters, and promptly on time the doors were thrown open.

The new fixtures consist of everything modern in departmental handling of mails, and the arrangement is such as to give both employee and patron every advantage. Five hundred lock boxes of late pattern have been installed, while the registry and money order departments have been given commodious quarters. The arrangements made for carriers and rural delivery men are such as to expedite the delivery of letters considerable over the old plan. Postmaster Brunton, who has had charge of the fitting up and furnishing of the new office, claims to now have the most modern and elegantly fitted up postoffice in the Northwest. The building is heated by steam and has both gas and electric lights. The arrange-

ment is such that during the day the splendid light is secured from large skylights. The new office is located adjoining the Odd Fellows' temple, now nearing completion.

After following a slight clue for 30 miles, the men were located and captured. The trail of the men lead over the brakes of the Snake river country, a most rough section of Eastern Washington. The two prisoners were placed in the penitentiary yesterday.

Other topics which will be considered and which will interest all seamen, both of deep water and the chain of lakes, are: The establishment of an international organ; an international button, appropriately designed; an investigation of the district of the Gulf of Mexico; a union pennant, a symbol of union transportation, and the establishment of an office for the International Seamen's Union.

THIS IS OLD DOCTOR KESSLER

One of the World's Greatest Specialists, Who Has Kept Hundreds From an Early Grave or the Insane Asylum.

Look here, young man, don't be careless. Don't put off any longer, have your case attended to. For your looks tell on you. You conclude to get married some day and to live happy you must be in rugged and strong physically mentally. So many divorce cases hear of, if an investigation was made, would disclose the fact that mental and nervous weakness of the kind causes the wife to finally leave him. Women love a manly man, as much as men love beautifully developed, healthy, red-cheeked women. Blisters and pimples show something wrong. All kinds of diseases are cured by this old doctor. It is not necessary to go to see him; in a few diseases where surgery is required or cancers, old ulcers and such it is better to see him, but all weakness and private conditions can be cured at home. He has a perfect system of home treatment; he always answers your letters in a plain envelope and keeps every case a profound secret. Pay no attention to the little books you find on streets, but trust yourself to an old doctor who has been curing cases like yours for over a quarter of a century in this city. Always inclose 10 2-cent stamps when writing for consultation, and send small bottle of urine if possible. Ad dress,

J. HENRI KESSLER, M. D.
