CITY'S REVENUE.

76 Arrests Made Last Month—\$671 Collected.

The fines from different sources paid into the city treasury last month by lawbreakers amounted to just \$564. In addition to this, \$42.60 came into it from the street department and \$65 from lots sold in the cemetery, making \$671.60 as the total revenues derived from all sources by the city.

The police made 76 arrests, including the women who voluntarily appeared and paid fines for keeping disorderly houses. Out of the 76 in police court, 39 of them were for breaking ordinance No. 12, which covers the drunk and disorderly; 28 women paid fines under ordinance No. 11; seven men paid fines for gambling or breaking ordinance No. 29. One fine of \$25 was paid for selling liquor without a license and one fine of \$1 for peddling without a license.

Portland Homebuilding Company
J. M. LEEZER, Agent

We build homes, only at University Park. Those who desire to make a safe investment or desire to get a neat, comfortable home can't do better than to get a contract from this company. Great wealth will be made within the next few years in Portland real estate. We own a large number of lots in University Park

OUR PLAN

We issue contracts in series of 100. Each purchaser pays \$5 cash on 50x100 feet of ground at the price of \$200, and pays \$5 monthly. He selects his lots the day he pays down his \$5. When the 100 people have paid in \$1000 they are called together and decide by drawing which one shall have a home built with the money in the treasury. Each one shall have as many tickets in the drawing as he has paid \$5 payments. Each person shall pay after he gets his house, \$5

EXPENSES

No part of your money is paid for expenses. Every cent you pay is credited on your home. This company bears all the expense in return for the benefit that will come to it

football team to make two touchdowns and defeat the Milton College team on the local gridiron.

This was the second game between these two teams. One week ago Saturday the Academy team went to Milton and played the college team on their own grounds, defeating them by a score of 6 to 0. The return game was to have been played here Saturday afternoon and the Milton team were to have come down on the afternoon mixed train, but it was nearly two hours late and when the boys arrived it was almost dark. The two teams met, however, and a hard battle was waged until it became too dark to play, the score standing just 10 to 0 when time was called because of the darkness.

The Academy team played a very fast game, and it is likely that if a game is arranged between it and the Pendleton high school team the football enthusiasts of Pendleton will see one of the fastest games ever put on the local gridiron. The Academy team is greatly strengthened by the addition of several new players and all it needs is practice to make it the equal of the high school team, which carried off the Eastern Oregon championship Thanksgiving.

A DOZEN OFFENDERS.

Drunks and Peace-Breakers Keep Police Judge Busy Today.

"Yesterday's weather had a bad effect on the people of Pendleton," said Judge Fitz Gerald this morning, as he looked over the long list of offenders who were before him.

Just one dozen law-breakers faced the judge this forenoon. Most of them were drunks, but several of them had shown fighting tendencies. The list is as follows:

John Williams, drunk and disorderly, fined \$5; R. V. Hutchins, fighting, discharged; William Hickey, fighting and disorderly conduct on the streets, fined \$10; Pinto Oclain, peddling without a license, fined \$1; Henry Pond, drunk, \$5 or three days in jail; Allen Pade-wah, \$5 or three days; Hank Wauh, fighting, \$10; P. O. Elliott, fighting, \$10; Indian Pile, drunk, three days; Ben Johnson, drunk, three days. Johnson will also be held for selling liquor to Indians. Indian Kika, three days; R. E. Campbell, \$10. Campbell assaulted a Chinaman on Main street.

The United States has 10,000 school teachers.

MAIL AT YOUR DOOR

CARRIERS MAKE THEIR ROUND THIS MORNING.

Patrons Requested to Have Street Numbers Placed on Mail Hereafter—Three Districts Formed.

For the first time in the history of Pendleton the citizens were greeted at their doors this morning by a servant of Uncle Sam, who handed them their mail.

The first thing done this morning was the placing of the 12 mail boxes at the different street corners. These boxes are white enamel with the letters U. S. M. on either end and U. S. Mail on the front, in large red letters. On the front is a slip with the words: "The carriers will make collections at this box at 6 a. m. and 4 p. m."

The carriers are Louis Larone, Clyde E. Finch and Harold Warner, while Charles E. Hicks is the substitute. The announcement of the carriers came so late that there was not time for them to supply themselves with the regulation government uniforms, but these will be secured at an early date. The carriers started out on their respective routes this morning and have been busy today getting acquainted with their work.

The city has been divided into three districts. District No. 2 is on the north of the river and will take in Water street. District No. 3 will be that part of the city west of Main street, and District No. 1 will be east of Main, leaving out Water street, which is in District No. 2. District No. 2 will be handled by Warner, No. 3 by Finch and No. 1 by Larone.

No mail will be delivered beyond the sidewalks and residents desiring the benefits of free delivery will be required to provide walks.

As is indicated by the notices on the boxes mail will be collected from them twice a day. The first collection will be made in the morning at 6 o'clock and will be in time for the outgoing morning trains. The last delivery will be made at 4 o'clock and the mail gathered will be in the office in time for the evening train.

It is the desire of Postmaster Livermore that everyone having mail delivered at their homes or place of business have their street numbers included in their address hereafter. To this end each resident is urgently requested to ask their correspondents to put the street numbers on mail sent to them. This will facilitate the work of delivering, as the persons addressed may be found by the carriers without delay. No mail without the street number thereon will be delivered unless patrons apply to the postmaster and fill out blanks prepared for this purpose. On these blanks will be placed all the names of the occupants of the house and the carriers will make out a directory from this list to assist them in delivering mail. Postmaster Livermore and Assistant French have both been busy all day filling out these application blanks.

SENT TO PRISON.

V. E. Finch Sentenced to State Penitentiary for Forgery.

V. E. Finch was sentenced to serve two years in state's prison on the charge of uttering false checks. Finch is the young man who, with Loss Oman, passed checks to the amount of about \$40 in this city several weeks ago and were arrested in Seattle. After being brought back Finch pleaded guilty to the charge and implicated Oman by saying that Oman was with him when the checks were written and helped to plan the forgery. Oman pleaded not guilty and is going to fight the case. Finch pleaded guilty and threw himself on the mercy of the court. He pleaded for mercy on behalf of his family, saying that drinking, gambling and keeping bad company brought him to where he was. Owing to this and the fact that Finch is only a boy, the judge gave him the minimum sentence. Immediately following the sentence young Finch's father presented a petition to District Attorney Halley and Judge Ellis, asking their signatures. This was a plea to the officials of the state penitentiary for clemency on the young man.

William Morris, one of the trio in the Helix safe blowing was again arraigned on another charge, but again denied his guilt and declared his intention of standing trial.

Arm Broken.

Jack Bushnell is suffering from a very badly fractured forearm, as a result of his enthusiasm for playing football Saturday afternoon he and a lot of young boys from the Pendleton public school, were practicing the game and were playing it in the regular rough and tumble fashion. The young man was thrown to the ground and his arm doubled under him in such a manner that the bone was broken.

Last year the Paris omnibus company had 16,579 horses in its service; now it employs nearly 2000 less, while more than 2000 other horses have been replaced by automobiles.
