

## That Consumption Means To-day.

There was a time when that word consumption struck terror to the stoutest heart. It need not do so now. In the light of present knowledge consumption is always to be considered hopefully.

We all know that when the little consumption germs have once gained a foothold in the lung tissue there is no one remedy which will directly destroy them or drive them out. The only thing that will eventually dislodge them is an abundant supply of rich blood throughout the whole body and particularly in the lungs. This will build up healthy tissue in which the germs cannot live.

To get this needed supply of good blood, and keep it pure, there are many things to do and you must try to do them all. Live all day in the sunshine and air. Sleep all night in a room that gets plenty of both. Keep warm. Don't use up one extra ounce of energy. Rest a great deal. Learn how to breathe. And above all take regular, abundant *nourishment*.

Let your doctor prescribe what medicine or stimulants you need, if any, and advise you about bathing and what to eat. And with his consent add to this Scott's Emulsion.

No other form of nourishment is so rich in material for making good blood and repairing damaged tissue. It acts with peculiar directness upon the lungs and lends valuable aid in driving out consumption germs.

We do not say it is a cure for consumption. There is no consumption specific. Scott's Emulsion is simply one of the most effectual of the many good influences, any one of which may turn the scale in your favor. With right living and proper nourishment there is always good ground for hope. Men have lived to healthy old age with only one lung. The germs got the other.

If a burglar crept into your room at night and had you by the throat you would not stop to calculate how much help you needed. You would shout for all the help you could get.

This is how you must treat consumption. Summon every possible force to drive it out by getting good blood and keeping it pure. You should not neglect a single source of help. You certainly cannot afford to overlook Scott's Emulsion.

We'll send you a sample free upon request.

SCOTT & BOWNE,

## GOVERNMENT COST

### ENORMOUS EXPENSES OF OUR NATION.

#### Over One Million Dollars Decrease in Expenses for 1904—Detailed Account of the Cost of the Departments.

Washington, Dec. 3.—The secretary of the treasury transmitted to congress the estimates of the appropriation required for the government service for the fiscal year ending June 30, 1904, as furnished by the heads of the several executive departments. The total appropriations asked for are \$588,189,112, which is \$21,638,576 less than the estimates for 1903, and \$33,050,014 less than the appropriations for that year.

#### Enormous Expenses.

Following is a recapitulation of the estimates by departments, cents omitted:

Legislative, \$11,055,482; executive, \$319,500; state department, \$2,476,825; treasury department, \$172,312,526; war department, \$130,986,605; navy department, \$84,725,798; interior department, \$163,018,616; postoffice department, \$10,363,486; department of agriculture, \$5,660,180; department of labor, \$184,220; department of justice, \$7,431,900. Grand total, \$588,189,112.

#### Comparative Appropriations.

Following are the principal items under the several departments which show increases or decreases as compared with the appropriations for the year 1903:

	Increase.
Legislative salaries and expenses	\$393,813
Public printing	718,000
Executive proper, salaries, etc.	13,000
Salary and expenses civil service commission	75,000
State dept. foreign intercourse	211,000
Treasury dept. public wks	7,000,000
Miscellaneous	3,000,000
District of Columbia	2,700,000
Permanent annual appro.	3,600,000
War dept. military estab.	14,000,000
Public works	4,688,000
Navy dept. naval estab.	6,000,000
Interior dept. public wks.	273,000
Miscellaneous	1,650,000
Perm't. annual appro.	470,000
Postoffice dept. salaries and expenses	115,000
Dept. of agriculture salaries and expenses	462,000
Dept. of justice, miscel.	472,000

#### CONVICTED SECOND TIME.

#### Baker City Man Attempts to Poison Two Young Ladies.

Baker City, Ore., Dec. 3.—Charles Edward Simonis has been convicted the second time on the charge of attempting to poison Laura Howell and Nora Wallace.

This is one of the most sensational cases ever tried in the circuit court of this county. Simonis, who is a resident of Eagle Valley, it is alleged, was once the lover of Lena Howell, but the young lady discarded him for James Shultz, whom she has since married. On the 11th day of June, 1900, he sent two powders by Nora Smith, one to Miss Howell and the other to Nora Wallace, telling her they were complexion powders.

The girls took the powders and soon after became violently ill. A doctor pronounced it arsenical poison. Miss Howell was at the point of death for several days. After suffering from a long and severe illness, both girls recovered. The first trial of Simonis resulted in a hung jury, but a second trial resulted in a conviction and sentence of three years in the penitentiary. The case was appealed to the supreme court, where the verdict of the lower court was reversed. The trial just concluded is the third time the case has been tried. Simonis will be sentenced today.

#### STATE OF OHIO, CITY OF TOLEDO

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Hall's Family Pills are the best.

#### ALBA HAPPENINGS.

#### Head of Cattle Left for Winter

Horses Still on the Range—1700 Quarters—Ukiah People Gloomy.

Alba, Or., Dec. 1.—One thousand seven hundred head of cattle left here the past two weeks for winter quarters on Butter Creek, Middle Cold Creek and Juniper. About 400 more will go. The balance of the cattle left will be wintered here, where it is thought that there is an ample amount of hay to stand a long winter.

Horses are still rustling out on the range, but the cattle are all being fed. The program here for Christmas is a shooting match for beef and tur-

keys during the day and a dance at A. S. Quant's at night.

A visit to Ukiah found the people there rather gloomy. Upon inquiry it was found that no one was dead, but that J. B. Despain, the father of the town, had moved to Pendleton and left the town in the arms of providence with a hard winter before it.

William Scott and William Futter, whose advent into this world came on the same day, gave a union birthday dance at Midway Springs last week in honor of the occasion.

There are three inches of snow here with relatives.

The stage comes in behind time now on account of the bad roads.

#### News From Ridge.

Ridge, Dec. 1.—We have had some very stormy weather here lately, but today it is chinooking nicely from the south.

J. F. Ogle returned this week from a visit with his parents in Athens. J. H. Burnett and his brother, W. F. Burnett, started for their old home back in Missouri, Saturday.

This locality is prospering very nicely and has no room for complaint.

#### DES MOINES TO IOWA CITY.

#### Several Other New Roads Contemplated in Central Iowa.

Des Moines, Iowa, Dec. 3.—As the completion of the Des Moines, Iowa Falls and Northern, between this city and Iowa Falls approaches, public interest is turning to the intentions of the company relative to the construction of the line northeast from the last-named point. It has been planned to build an extension to connect with some through line running to St. Paul and Minneapolis, or to build an independent line to the Twin Cities. It is figured that if either the Chicago Great Western or the St. Paul should secure control of the road it would offer a shorter cut for the business of either of these lines to Des Moines and thence south to Kansas City by a western and southern outlet and eventually become a link in a short line between the Twin Cities and Kansas City.

#### Indiana Fruitgrowers.

Indianapolis, Ind., Dec. 3.—Representative fruitgrowers from nearly every county of the state filled representatives' hall of the state capitol today at the formal opening of the annual meeting of the Indiana Horticultural society. W. W. Stevens, of Salem, presided over the opening session and there were addresses of welcome on behalf of the state and city. These formalities concluded the convention took up the reading and discussion of papers on various questions affecting the fruitgrowing industry. The sessions will conclude tomorrow with the annual election of officers. In conjunction with the meeting there is an elaborate display of fruit, the exhibition embracing nearly every variety grown in the state of Indiana.

#### Maine Dairymen Meet.

Waterville, Me., Dec. 3.—Scores of members of the Maine State Dairymen's Association registered today at the Elwood hotel preparatory to the opening of their annual convention. The gathering will be formally opened in the opera house this evening and the business sessions will continue through Thursday and Friday. Some of the prominent persons who are to take part in the convention are Governor Hill, Professor H. H. Wing, of Cornell University, and Major Henry E. Alvord, chief of the dairy division of the United States department of agriculture.

#### Meeting of Sheep Breeders.

Chicago, Ill., Dec. 3.—A meeting of the Hampshire-Down Breeders' Association began at the Palmer house today with an attendance of prominent sheep breeders from many parts of the country. Besides electing officers the meeting will consider the advisability of discontinuing the free distribution of the Flock Record except to educational institutions.

#### Statue of King Edward.

London, Dec. 3.—A handsome statue of King Edward was unveiled at Reading today, the occasion being made one of interesting ceremony. The unveiling was performed by Prince Christian in the presence of an immense crowd.

## LUMBER

Gray's Harbor Com. Co.

### Building Material

including shingles, door, windows, moulding, screen doors and windows—in fact, everything that is found in a first-class lumber yard.

## RHEUMATISM

### CANNOT BE RUBBED OUT

Rheumatism must be treated through the blood, and no remedy brings such prompt and lasting relief as S. S. S. It attacks the disease in the blood, neutralizes the acids, and removes all irritating or poisonous substances from the system.

S. S. S. strengthens and enriches the thin acid blood, and, as it circulates through the body, the corroding, gnawing poisons and acid deposits are dislodged and washed out of the muscles and joints, and the sufferer is happily relieved from the discomforts and misery of Rheumatism.

External remedies are all right so far as they go, but they don't go far enough, and you can't depend upon them to do the work of a blood purifier, and those who pin their faith to liniments and plasters as cures are bound to meet with disappointment, and will be nursing a case of Rheumatism the greater part of their lives.

S. S. S. is a purely vegetable remedy, does not contain any Potash or mineral of any kind, and can be taken with safety by old and young.

Rheumatic sufferers who write us about their case will receive valuable aid and helpful advice from our physicians, for which no charge is made. We will mail free our special book on Rheumatism, which is the result of years of practical experience in treating this disease. It contains in a condensed form much information about Rheumatism.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

MISS IDA M. SNYDER. Irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion deranged, she goes about pale-faced, hollow-eyed and haggard, a pitiful contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui.

to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctor's prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McEneaney's Wine of Cardui and Theodor's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Theodor's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

"In consulting with my druggist he advised McEneaney's Wine of Cardui and Theodor's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

## WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

### PIANOS

## FOR CHRISTMAS

Nothing can be more appropriate or add more to the pleasures of life in the home than a high grade piano. There is no reason why a piano should not be in every home. Our easy payment plan makes it possible. Drop in and learn of it.
