LANDED IN JAIL

IRA ROSE OF WESTON HELD TO DISTRICT COURT.

Several Serious Charges Against Him—Impersonated an Officer—took a Saddle and Traded a Hired Horse.

Constable J. A. Lieualten, of Weston, arrived in Pendleton Tuesday afternoon with Ira Rose, who was landed in jail on the charge of larceny.

Rose is the young man who several weeks ago hired a horse in Adams to ride to Pendleton. He came here and traded the saddle at a second-hand store for a revolver and received a few dollars to boot. From here he rode the horse bareback down the river six or eight miles and traded the hired horse for another. Then he started back and when passing the home of Mr. Kidder, seven miles below here, stopped and told one of the Kidder boys that he was an officer and had a warrant for his arrest. He did not show his warrant, but the young man thought Rose was an officer and did not resist.

Rose then asked his victim if he had any money to put up for bonds, saying that if he did he would allow him to remain home and he (Rose) would come down after him next day. Young Kidder replied that he had no money, but that he had a good saddle and if Rose would take it as security it would be all right. Rose took the saddle and placing it on his horse was about to leave when Kidder told him that he need not return for him next day, but that he would come to town himself and see what he was wanted for. Then Rose said: "If you start to town I will blow your head off."

This did not arouse the young man's suspicions that anything was wrong, but the next afternoon he concluded that he would come to town and report the matter. Arriving here he was informed that there was no warrant for his arrest and that Rose had simply held him up and stolen his saddle.

The officers then began a search for Rose, who dropped out of sight for the time being. Last Sunday, however, trace was secured of him and Constable Lieualten was sent out to run the criminal down and bring him to justice. After two days of hard riding after Rose, the officer overtook him just below the mouth of Thorn Hollow, on the Umatilla river. Rose had disposed of the horse and was afoot. Lieualten arrested him and inquired what he had done with the horse and saddle. He would not tell where the saddle was, but said he sold the animal to a squaw a few miles back. Lieualten then took the prisoner on the horse and went back to where the horse had been sold. He demanded and received the animal back and made Rose give the squaw back the \$5 which he had received of her for the horse. Then he was made to mount the animal and was taken back to Weston where he was kept Monday night and Tuesday afternoon he was brought to Pendleton.

Rose has been identified by several and there is no doubt but that he is the right man. There are said to be more criminal charges beside the ones mentioned against him. He will be held to the district court.

AFTER RESERVOIR SITES.

Speculators in Malheur County Acquiring Valuable Rights.

Ontario, Ore., Dec. 19.—For weeks there has been a systematic hunting of reservoir sites throughout Eastern Oregon. It develops here today that when the government committee gets at its work in this arid region it will find every available reservoir site taken by some one who has an eye to business. The real irrigator who has the country's interest at heart is confronted with the fact that the government will have to buy off some ambitious person who has foreseen the possibilities in the reservoir business, and who has either a surveyor's stake in the site, for which he asks an enormous sum, or on the other hand, there is a blueprint filed in the county clerk's office, for which a fortune is being demanded before the government will have clear sailing to do something for the region.

The Malheur irrigators have called a meeting for December 20, at which time it is hoped that the irrigation feature of this region will be launched in a tangible form, and that any stumbling blocks in the road of the national government may be removed before delays are experienced.

The Ontario meeting is for the purpose of clearing away any for that may be overhanging the motives of the great majority of men who have the work in hand and to further guarantee fidelity on the part of Malheur county by expressing disapproval of any promoter who is aiming to "hog" the Eastern Oregon reservoir sites.

In this connection it has been stated that reservoir sites alone are not the best way of reclaiming the Malheur county lands. That a canal may be brought from Snake river at even less expense than the doubtful reservoirs could be made is now freely admitted by those who have had an opportunity of knowing. This leverage is to be worked steadily to influence amicable business with those who have already drawn a picture of some supposed reservoir site, and are now demanding exorbitant sums for their alertness.

Wish Canadian Reciprocity.

Detroit, Mich., Dec. 10.—Reciprocity, primarily with Cuba and Canada, is the result aimed at by the National Non-Partisan Reciprocity League, under whose auspices a two days' conference to promote the objects of the league was opened in Detroit today. Several hundred delegates and visitors were present at the opening ses-

sion, which was devoted to the work of preliminary organization and other business connected with the formal opening of the gathering. The conference will listen to addresses on the various phases of the reciprocity question and will discuss plans for aiding the effort that will be made this winter to secure the ratification of the several reciprocity treaties now pending. Some of the prominent men interested in the conference and its work, and the most of whom are here to address the gathering, are Gov. Cummins of Iowa; Gov. Stanley of Kansas; Frank D. Pavey, of New York, and John Charlton, member of the Canadian parliament.

Paris Automobile Show.

Paris, Dec. 10.—The fifth international automobile exhibition under the auspices of the French Automobile Club, opened today in the Grand Palais, and will continue until Christmas. German, Austrian, English and French manufacturers are well represented and the latest inventions and most improved ideas to motor vehicles are to be seen.

Here are the Facts

You hear about the "active principle" of cod liver oil and are told that in certain wines, cordials and extracts of cod liver oil this principle is presented with the objectionable features left out. Nothing to it. The only active principle of cod liver oil is the whole oil.

For years it has been known that in cod liver oil are united, in almost invisible form, valuable medicinal agents that maintain their value only so long as they are kept in perfect combination. *in the whole oil.* There is no process of medical skill or chemical science that can unite these peculiar properties as they exist in the whole oil; that is why there can be no substitute for cod liver oil.

In Scott's Emulsion the whole oil is presented perfectly emulsified so that it will readily enter the system without effort or tax on the digestive tract. The hypophosphites of lime and soda which are combined with it are valuable tonics, increasing the appetite, strengthening the nerves and restoring vitality in the whole system.

The most effective way of taking cod liver oil, as well as the easiest and safest, is in the form of Scott's Emulsion.

Avoid these so-called wines, cordials and extracts of cod liver oil that are prepared for the taste only, contain none of the value of cod liver oil which are dosed with a large percentage of alcohol. Scott's Emulsion has been the reliable cod liver oil preparation for over a quarter of a century.

We'll send you a sample free upon request.

THIS IS OLD DOCTOR KESSLER

One of the World's Greatest Specialists, Who Has Kept Hundreds From an Early Grave or the Insane Asylum.

Now, look here, young man, don't be so careless. Don't put off any longer; have your case attended to today, for your looks tell on you. You may conclude to get married some day, and to live happy you must be a man rugged and strong physically and mentally. So many divorces cases we hear of, if an investigation was made, would disclose the fact that physical and nervous weakness of the husband causes the wife to finally hate him. Women love a manly man, just as much as men love beautifully developed, healthy, red-checked women. Blistches and pimples show something wrong. All kinds of diseases are cured by this old doctor. It

is not necessary to go to see him; in a few diseases where surgery is required or cancers, old ulcers and such it is better to see him, but all weakness and private conditions can be cured at home. He has a perfect system of home treatment; he always answers your letters in a plain envelope and keeps every case a profound secret. Pay no attention to the little books you find on streets, but trust yourself to an old doctor who has been curing cases like yours for over a quarter of a century in this city. Always inclose 10 2-cent stamps when writing for consultation, and send small bottle of urine if possible. Address,

J. HENRI KESSLER, M. D.

MANAGER OF THE ST. LOUIS MEDICAL AND SURGICAL DISPENSARY Office Hours, 9 A. M. to 9 P. M. Cor. 2d and Yamhill Sts., Portland, Ore.
