 WILL FILE FOR PROBATE.
 W. P. Sturgis Leaves Estate to His Six Grandchildren—Amount of Fortune Not Stated.
 Walla Walla, Dec. 11.—The will of the late William Paine Sturgis was filed Tuesday for probate in the superior court of Walla Walla county. The amount of the estate is not named, but it is divided as follows:
 The first clause leaves the entire estate to his widow, to be hers during life. Mrs. Sturgis died a week after her husband.
 William P. Sturgis and Frederick Legrow, grandchildren of the testator, are given \$1000 each.
 The rest of the estate is divided into two equal parts. From one-half of one of these parts is deducted one-half of any indebtedness due the testator from Asa Legrow at the time of the former's death. The remaining part of the deducted half is equally divided among Frederick Legrow, Susan Walsh and Grace Winn, grandchildren of the deceased, and the children of Asa Legrow.
 The remaining one-half of the estate, plus the half of the Asa Legrow indebtedness deducted from the first half, is equally divided among three other grandchildren the children of Mrs. Samuel Sturgis.
 H. E. Johnson and Asa Legrow are named as the executors of the instrument to serve as such without bonds. The will was witnessed and signed April 21, 1896.
 Weston Peaceable.
 Constable Jesse Lieualten left for his home at Weston, on the 8:15 train this morning. He says that law and order prevail to such an extent at Weston that the office of constable has no need of an assistant to estimate the fees.
 A Snap.

FOR ORGANIZATION

THE MEETING NEXT SATURDAY WILL RESULT IN GOOD.

Meeting Last Night Preliminary to the Organization Was Attended by Enthusiastic Citizens—Large Attendance Expected From All Parts of Umatilla.

While the attendance at the mass meeting called last night at the Commercial Club rooms, for the purpose of talking over the plans for the Saturday's meeting to form an irrigation association was not large, those present, however, were very enthusiastic and the coming meeting on next Saturday will result in a strong organization being formed.

Two visitors, Mayor S. A. Miller and H. L. Frazer, a banker and prominent business man of Milton, were present. These gentlemen are irrigation enthusiasts and say that a concerted movement should be made by the residents of this county to get a part of the government fund set aside for irrigation purposes in this state.

People Are Awake.
 They expressed the opinion that a large attendance from every part of the county would be present on next Saturday to assist in organizing the county association. The people in different sections are thoroughly awake to the importance of the movement and the success of Umatilla county plans seems now assured.

After some discussion, the chair was asked that a committee be appointed to arrange a program for final organization. Mayor T. G. Halley, Leon Cohen, T. C. Taylor, E. D. Boyd and G. A. Hartman were appointed on this committee and they are now at work upon the plans, but at the time of going to press are not ready to announce the program.

In speaking of the outlook for the Saturday's meeting, Judge Hartman said this morning:

"The outlook for a good attendance from all over the county Saturday afternoon is very good. Everybody with property interests in the county should be interested in the matter of irrigation and most of them are taking an active part."

Need Concerted Action.
 "Without concerted action no good will come of the irrigation talk. The irrigators must get together and organize. We must have a head from which to work and some plans for the future if we expect to gain any material benefit."

"We will not only have to organize and make a concerted move to get recognition from the government, but we may also have to expend some money in surveys and in getting up practical plans to present to the proper authorities at Washington before we will be able to get what we ask for."

BAKER COUNTY ACTS.

Irrigation Association Forwards Its Plans to Government Engineers.

Baker City, Ore., Dec. 11.—The estimates of the capacity of the streams that will supply the four proposed government irrigation reservoirs in Baker county have been completed and the data is ready to compile into the reports to be submitted to the U. S. chief hydrographer. The county irrigation association has been actively engaged in this matter since organization and the reports are thorough in detail and cover the most available propositions in the county.

ACTION AGAINST WADE.

T. P. Gilliland Alleges That the Real Estate Man Kept Money to Which He Was Not Entitled.

T. P. Gilliland filed an action in the district court this morning against E. T. Wade, the real estate dealer. The action is to recover judgment against Wade for \$36 alleged due as security money paid on a piece of land. The allegations are:

In September, 1901, plaintiff listed with defendant a stock ranch and agreed to pay 5 per cent commission on the amount secured for the place. In the following December the land was sold to Fred Geinger, who paid \$100 down as faith money. Geinger then refused to pay any more and forfeited the \$100 which plaintiff alleges defendant kept and used when he was only entitled to 5 per cent of this, just the same as had he been paid the whole amount. Halley & Lowell are attorneys for plaintiff.

Automatic Call System.

In great metropolitan hotels, where hundreds of guests have to be called at any hour of the night to take trains, etc., the work of calling each one just at the proper time is quite a responsibility. An automatic call system has just been put into a New York hotel. A clock in the office is so arranged that it can be set to ring a call at any specified time in any room; and it does not go to sleep or forget, as call boys sometimes do.

Margaret—Have you any plan of system for being an agreeable guest? Katharine—Yes, indeed! I always go home a day or two before my hostess expects me to leave.—Puck.

"Of course," said the youth who was in love, "two can live as cheaply as one." "Perhaps," replied his wise father, "but I never knew them to do it."—Chicago Evening Post.

Bobby—Did God make that new baby, pa? Pa—Yes, Bobby. Bobby—Say, pop, about what does he charge for a kid like Jimmy?—Detroit Free Press.

Charles Melghan, postmaster of Ogden, Utah, was found guilty Wednesday of embezzling government funds.

Pendleton, Oregon.

PASSENGER HAD DYNAMITE.

Miner From Sumpter Carries Two Boxes of Explosive Into the Coach of Sumpter Valley Train.

Baker City, Dec. 11.—The passengers on board the Sumpter Valley passenger train were surprised yesterday morning when the train came to a sudden stop in the South Baker yards. They were soon enlightened, however, when General Passenger Agent Joseph Barton stalked off the train with a big box of dynamite under each arm. A miner working in the upper camp had concluded to take his giant powder home without the expense of expressage and was entirely careless of the fact that with the explosive aboard, the slightest wreck or accident to the train would result in the death of all the passengers.

Two Flags Float Over It.

The most curious postoffice in America is the one which stands in Beebe Plain, a town half in Vermont and half in the province of Quebec, Canada.

The old postoffice was built about 75 years ago exactly on the line between the United States and Canada, so that it stands in two countries and serves in the postal service of two nations.

The cellar of the building connects the two countries, and some years ago when the postoffice was a general store, whisky was known to be sold in one country and delivered in another without ever having gone out from under the roof of the old structure.

This combination postoffice is now being run by parent and child, the father being postmaster for Canadian Quebec and the daughter postmistress for Vermont.—New York Herald.

To gain success a man must make his life useful to others as well as to himself.—John D. Rockefeller, Jr., to his Sunday school class.
