McCabe Bound Over.
The forger arrested in Idaho and brought back last week on the charge of passing bogus checks in Milton, was arraigned this forenoon before Justice Fitz Gerald and held to the district court. McCabe is thought to be a crook with a very unsavory record. He has pension papers on him with a discharge from the Philippine service and a voucher calling for \$24 which was due last month but has never been signed up. It is thought that these have been stolen and that McCabe took them from the man to whom they belonged.

ORGANIZATION COMPLETED

(Concluded.)

ing to do all in her power to bring it, but the sentiment is very much divided on the reserve question.—Judge Bartholemew.

DELEGATES PLEASED.

Representatives of Morrow County Given a Prominent Place in the Irrigation Association.
Sheriff E. M. Shutt, of Morrow county, who came over from Heppner as a delegate to the irrigation convention Saturday, highly pleased with the results of the convention and the treatment Morrow county people got at the hands of Umatilla county.

"Three of the officers of the organization were given to Morrow county people," said Sheriff Shutt, "and in every way were treated royally." Sheriff Shutt said that Heppner was considerably excited over the coal finds on Willow creek and that real estate had advanced in price many dollars since the discovery. "The people there were somewhat skeptical at first over the quantity, but now they are satisfied that there is an abundance of coal to make it one of the richest finds," said the sheriff. "The only thing now is to get a railroad into the mines to haul out the output and this will be built at once. A franchise has been asked for by the company and there is no doubt but that it will be granted."

IN POLICE COURT.

Three Indians and Negro Bootblack Were Drunk—One Vag.

In Judge Fitz Gerald's court today six lawbreakers were arraigned. The first one up was Joseph, an Indian. He was given three days in the city jail in default of \$5. Ike Carney, another Indian, was given four days; Indian Charley, three days; John Kaglan, three days and Willie Murphy five days.
The Indians were all arrested drunk while Kaglan, the negro bootblack, was arrested on complaint of assault and being drunk and disorderly.
Willie Jones is an ordinary Weary Willie. He is only a boy—perhaps 19—but is a full-fledged tramp. Saturday evening he was going from place to place begging and the police threw him in as a vag. He is an able-bodied and rather inoffensive looking lad, but threatened to stand somebody up for money.

Umatilla County Pioneers.

A. J. Sturtevant and John Sylvester, two prominent merchants of this town, are among the old landmarks, familiar to all. Although in the sere and yellow leaf, both are still in business and are active old gentlemen. John Sylvester has been here 28 years, but Mr. Sturtevant ante-dates him by seven years. Mr. Sylvester is aged 68, but here again he falls behind his old friend and business competitor, who is 71 years of age. Both have been life-long friends, notwithstanding the fact that they have been business rivals during all this time, which speaks volumes for the high character of both these old gentlemen.—Pilot Rock Record.

Arrived From Germany.

Mrs. C. Franzenbach arrived in the city last evening and will be the guest of her daughter, Mrs. R. Martin and son William Franzenbach, for several months. Mrs. Franzenbach, a resident of Cologne, Germany, arrived in America three months ago, and has been visiting her daughter at Medical Lake. The meeting of the mother and children here was a happy occasion for all as they have not seen each other for a number of years. If Mrs. Franzenbach likes the climate and country here she will make this her home.

Coldest Today.

Today is the coldest weather that Pendleton has experienced this winter. R. S. Bryson, volunteer weather observer, reported at noon that the government instruments registered 25 degrees above zero, which is two degrees the coldest so far. It is still and the ground, which froze hard last night, has not thawed a particle today. Instead, ice has been forming all day as it was two or three degrees colder at noon than in the morning.

JUDGE LOWELL'S LECTURE.

Delivered Before Advanced School Pupils and Their Friends.

The lecture delivered under the auspices of the public school by Judge Stephen A. Lowell was a most gratifying success. The audience was made up of the students and pupils of the higher grades and their invited relatives and friends. The theme was "The Story of a Knightly Life," and portrayed the exalted character and inspiring influence of Wendell Phillips. Stories of heroic endeavor were arrayed in a manner that would incite any but the most listless to efforts toward a stronger and clearer life. It is almost certain that many young lives caught the speaker's inspiration, and amongst the elders his enthusiastic hope is many times brought to mind.

Incidentally Judge Lowell endeared himself to the people of our little city, and the public school is commended for bringing about so enjoyable and profitable an occasion.—Canyon City News.

WON THE PRIZE.

Edgar Smith Gets \$50 for Securing 75 Subscribers to Success.

Edgar Smith, son of Mr. and Mrs. E. L. Smith, is, perhaps, the happiest boy in Pendleton today. He is agent here for the Success Publishing Company, which offered a prize of \$50 for the person in Oregon securing the most subscribers to Success during the month of November. Master Edgar went to work with a will and this morning he received a check from the company for \$50, having secured just 75 subscribers to this publication during the month.

This is not the first time Edgar has won over all competitors in contests of various kinds. He won the prize offered for a boy committing the Declaration of Independence and reciting it before the school. He was also the successful one among many to compete for the \$2 prize given by L. G. Frazier for the best poem written by a school boy or girl on his tablets.

THE MEDAL SHOOT.

Clark Breaks 24 Out of 26; Stillman, Spence and Thompson Tie for Second Money.

Some very good scores were made by those who entered the contest for the gold medal in the Gun Club's regular medal shoot on the hill Sunday. D. C. Clark won the medal breaking 24 birds out of 26. H. J. Stillman, Spence and Thompson tied with 21 out of 25 for second honors, and A. D. Stillman and Otto Boetcher scored 15 out of 25.

The club is now agitating a shooting tournament for some time during the latter part of January. No definite arrangements have been made so far, but the boys are talking the matter up and all are highly in favor of it. Some special features will be embodied in the tournament and valuable prizes given. It is the intention to invite several outside clubs to participate.

John Cox Little Better.

John Cox, who was injured at his home south of here last summer, is little better than several months ago. Mr. Cox is at the home of his brother R. T. Cox, in Portland and, although he is in the very best of health every other way he is still paralyzed from the hips down. He is said to have a little feeling in the limbs, but is unable to move them.
