Druggists.

men, and shared equally with him a triumphal tour of the world. She followed the plain, broad, highway to eminence, through the blessings of popular freedom and equal opportunity. This life just passed to its reward, is one of the most striking lessons that can be placed before the American youth.

Hon. John W. McAlister, of Union county, is to take part in a debate at Grange Hall, next Saturday night, in which it will be decided "whether the pleasures of hope contain more genuine happiness than the pleasures of memory." Mr. McAlister is on the "hope" side. His many friends who remember the 17 populists who held up the '95 legislature will be surprised to hear that he is repentant, and turns from the pleasures of the memory to that seize to seek new joys in hope.

### MEN OF A HUNDRED YEARS.

The Hundred Year Club at its recent meeting gathered comfort from the census statement that in 1900 there were 33,762 persons in this country more than 90 years old, of whom nine were put down as over 120 and 86 as over 120.

Unfortunately for the club and its ideals these census figures cannot be unreservedly trusted. With one exception the persons reported to be more than 115 years old were negroes, who have a plentiful lack of authentic birth records and a proneness to extravagant age claims.

The census reports a total of 4000 centenarians in this country to a population of 76,000,000. Germany has 778 out of 55,000,000 people. France 213 in 40,000,000, England only 146 in 32,000,000 and Scotland 46 in 4,000,000. Serbia, with but 2,250,000 people, has 575 centenarians.

The year 1901 was rich in human century plants, a condition quite in keeping with the recent declarations of scientific authorities that the average life is advancing. Improved hygiene, better dietary understanding and the advance of physical culture are among the influences which are removing century-old men from the lists of wonders. In these forces the Hundred Year Club may have hope and faith, whatever happens to mere census tables.—New York World.

President Roosevelt has often expressed a wish to possess a typical Hudson Bay hatchet. Colonel Turner, the United States consul at Ottawa, learning of the president's wish has secured from the station of the Hudson Bay Company at Mattawa, a typical implement of the kind. The hatchet is of a peculiar shape and is designed to be carried on a belt.

### BARGAIN BABIES.

If babies were for sale the most inveterate bargain-hunting woman in the world would not look for a bargain baby. She would want the best baby that could be bought, regardless of price.

Every woman naturally craves a healthy, handsome child, and her craving can be gratified if she will but remember that the child's health is her own gift, and to give health she must

"My wife had been sick nearly all her life," says Mr. E. E. Fricke, of Petersburg, Menard Co., Illinois, Box 367, "and after trying everything I could think of I made up my mind to try 'Favorite Prescription.' I got six bottles, which my wife took, a tablespoonful three times a day until the baby came. She felt better after taking the first bottle, and when baby was born he weighed nine and a half pounds. He is six months old and weighs twenty-two pounds. He is as good a child as any one could wish. The doctor says he is as healthy as any baby could be, and also says the use of your 'Favorite Prescription' was the cause of such a healthy baby."

Dr. Pierce's Pleasant Pellets are the best and safest laxative for the use of delicate women.
