This piece of American humor is an everlasting favorite and inclusive with the strong line of specialties will be the best farce comedy that will be seen here for some time. Miss Violet Hilsen, the natural-born bad boy, will play the title role, and Mr. Harry Price, than whom there is no better man for the part, will play the part of Mr. Schultz, the German grocer. One of the leading features of the "Peck's Bad Boy" Co. is the famous Travesty Sextette, presenting a short travesty on Florodora. This is the prettiest and most catchy act ever seen on a stage.

## MODERN PROBLEMS

CROWDED HOUSE GREETED  
EUGENE V. DEBS' LECTURE.

He Pleased the Audience by His Easy Manner, Clear Logic and Undeniable Conclusions—Will Be Welcomed Warmly in Future.

The lecture of Eugene V. Debs, on "Modern Problems," was greeted with a crowded house at the Frazer last night. Although the coming of Mr. Debs to this city, had not been as thoroughly advertised as it might have been, the large crowd which greeted him was a testimony to his reputation as a lecturer, and to the deep interest taken by the people in the subjects discussed.

Mr. Debs began his lecture by saying that man has conquered everything in nature, but himself, and for an hour and a half, clearly and lucidly pointed out the errors of the capitalist system, as seen by socialism, and gave the remedy for its evils proposed by the socialist idea.

The conclusions drawn by Mr. Debs appealed forcibly to his audience. His easy, graceful system of reasoning, his ready and complete mastery of his subject, the telling and logical points he makes without a seeming effort, place him at the head of the list of lecturers before the American public today.

The vivid manner in which he traces the evolution of society, through its many periods of development in the American nation, shows him to be a student of extraordinary powers of observation with a wonderful clearness of expression.

The sentiment heard on every hand warrants the statement that Mr. Debs made many warm friends for his cause in Pendleton. His audience followed the thread of his analysis closely and showed its appreciation of the points made by heartily applauding the conclusions drawn by him at many places in the lecture.

He is an active, aggressive worker. His heart is in his work. He is a believer in that social system which promises to give to humanity the best environment possible, that the best possible traits and sides of human character be developed and enthroned.

He is not an agitator, he is a reasoner. He would not bring reform by passion, but by the utmost degree of peaceable and fraternal discussion. It is refreshing to listen to his appeal for better conditions. It is seldom that a Pendleton audience has the opportunity of enjoying such a treat and it is fully and highly appreciated. His coming at any future time will be hailed as an intellectual epoch.

## Woman's Nerves

## Give Warning of Approach of More Serious Trouble.

Do you experience fits of depression with restlessness, alternating with extreme irritability, bordering upon hysteria? Are your spirits easily affected so that one minute you laugh, and the next fall into convulsive weeping?

Do you feel something like a ball rising in your throat and threatening to choke you; all the senses perverted, morbidly sensitive to light and sound; pain in the ovaries, and especially between the shoulders; sometimes loss of voice; nervous dyspepsia, and almost continually cross and snappy, with a tendency to cry at the least provocation?

If so, your nerves are in a shattered condition, and you are threatened with nervous prostration.

Undoubtedly you do not know it, but in nine cases out of ten this is caused by some uterine disorder, and the nerves centering in and about the organs which make you a woman influence your entire nervous system. Something must be done at once to restore their natural condition or you will be prostrated for weeks and months perhaps, and suffer untold misery.

Proof is monumental that nothing in the world is better for this purpose than Lydia E. Pinkham's Vegetable Compound; thousands and thousands of women have written us so.

How Mrs. Holland, of Philadelphia, suffered among the finest physicians in the country, none of whom could help her—finally cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—For over two years I was a constant sufferer from extreme nervousness, indigestion, and dizziness. Menstruation was irregular, had backache and a feeling of great lassitude and weakness. I was so bad that I was not able to do my own work or go far in the street. I could not sleep nights.

"I tried several splendid doctors, but they gave me no relief. After taking Lydia E. Pinkham's Vegetable Compound I soon began to feel better, and was able to go out and not feel as if I would fall at every step. I continued to take the medicine until cured.

"I cannot say enough in behalf of Lydia E. Pinkham's medicine, and heartily recommend all suffering women to try it and find the relief I did."—MRS. FLORENCE HOLLAND, 622 S. Clifton St., Philadelphia, Pa. (Jan. 6, 1902.)

Another case of severe female trouble cured by Lydia E. Pinkham's Vegetable Compound, after the doctors had failed.

"DEAR MRS. PINKHAM:—I was in poor health for several years. I had female trouble and was not able to do my housework alone. I felt tired, very nervous, and could not sleep. I doctored with several doctors. They doctored me for my stomach, but did not relieve me. I read in your book about your medicine, and thought I would try it. I did so, and am now cured and able to do my work alone, and feel good. I was always very poor, but now weigh one hundred and fifty pounds.

"I thank you for the relief I have obtained, and I hope that every woman troubled with female weakness will give Lydia E. Pinkham's Vegetable Compound a trial. I have recommended it to many of my friends."—MRS. MARIA BOWERS, Millersville, Ohio. (Aug. 15, 1901.)

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all of the virtues of this medicine?

How shall the fact that it will help them be made plain? Surely you cannot wish to remain weak, and sick, and discouraged, exhausted with each day's work. You have some derangement of the feminine organism, and Lydia E. Pinkham's Vegetable Compound will help you just as surely as it has others.
