**NIP IT IN THE BUD.**

First Appearance of Dandruff a Forerunner of Future Baldness. That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance. Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market today.

Sold by F. M. Schmidt & Co. Send 10 cents in stamps for sample to The Herpicide Co. Detroit, Mich.

H. Wade, who recently returned from a trip to Texas, is in town. His home is at Pilot Rock where he is in the stock business. Several weeks ago he concluded to make a trip to Texas to visit two brothers whom he had not seen for several years. When he returned to Pendleton he was informed that a son was very sick in Portland and he immediately went to his bedside. The young man began to improve and Mr. Wade returned. He will go to his home at the Rock Sunday morning.
